A POPULAR YOUNG LADY DEAD. — THE WARDER regrets to announce the death, after an illness extending over a year, of Miss Minnie Grace Dingle, eldest daughter of Mr. B. Miss Dingle for some time held a position as book keeper with the firm of Blackwell & Co until she fell a victim to that insidious disease, consumption. Throughout her illness she bore up with a brave heart that won for her the admiration of her friends. The funeral took place on Wednesday afternoon to the Riverside cemetery and was largely attended by friends of the deceased in town and from a distance. The store of C. S. WILL WEESTER BEMAIN.—Mr Jas Webster, late G. T. R. superintendent at Allandale, said to have been replaced by Mr. Tiffin, of London, has never been given the other duties which it was then thought would be given him. In fact he has never really left his former office. It is also stated that he has been in receipt of his salary right along, and that he will be given full possession again on the first of April, an event which Mr. Webster's many friends will be glad to hear of. It is stated that when Mr. Hayes became general manager his slate for Mr. Webster's district ordered some radical changes which the latter gentleman did not feel like carrying out, owing to his intimate acquaintance in all parts gentleman did not feel like carrying out, owing to his intimate acquaintance in all parts of the district. Consequently it is alleged that the general manager relieved Mr. Webster of this unpleasant task by making Mr. Tiffin superintendent pro tem, who was an entire stranger to the division. MILLINERY.—The Easter girl will be exceedingly pretty this year at least it will not be the fault of the milliners. The warm breath and the soft touch of the spring, bright sunshine and sweet breezes have carried the thoughts of Lindsay's fair daughters. towards hate and bonnets, ribbons and laces, feathers and flowers, for spring millinery is feathers and flowers, for spring millinery is always an object of surpassing interest and much conjecture and incidentally considerable expense too. Miss Mitchell's millinery opening took place on Wednesday and Thursday of last week, and her spacious rooms were crowded with hundreds of people admiring the delicate and dainty creations of the milliners. On display were hats of all sizes and shapes, jeunty hats, picture hats with every imaginable color in them, the mignonette, the jubilee hat the victoria, the villetta, the panama, the cavalter, in fact every fancy creation of the latest style. The bright colors and dashing styles, the result of the skillful and dashing styles, the result of the skillful fingers of the modiste made a very pretty eight indeed and visitors to the rooms were well repaid indeed.

A woman who suffers from any ailment of the delicate special organism of her sex, feels something more than pain and physical wretchedness. She is mortified with a sense of womanly incompleteness.

But no woman need remain under this cloud of misery and dissatisfaction. Dr. Pierce's Favorite Prescription positively cures all diseased conditions and weaknesses, and restores complete health and strength to the feminine organs.

It is the only medicine of its kind devised for this one purpose by an educated and experienced physician, and eminent specialist in this particular field of practice.

It is the only medicine which can be relied upon to make the ordeal of motherhood absolutely safe and almost painless.
