Middleton's department store bill, introduced in the Ontario legislature, has been

The bill, it will be remembered, provided that sittles with a population of 30,000 and one might impose, on a two-thirds vote of the members of the council, a special tax on any department store carrying on more than three distinct classes of business.

The bill in question came up for its second rading on Monday, and while in the debate which followed the consensus of opinion was to the effect that the department store was an orll, it was felt that it was too late in the mesion to give the measure proper con-dictation, and so it was withdrawn with the derstanding that it would be again introneed at the next session of the legislature.

To be clean, sound, vigorous and healthy, you must use Paine's Celery Compound. Its vitalizing and healthgiving properties show at once upon the blood; it is unequalled as a health producer and cleanser.

No bitters, nervines, sarsaparillas or pills can possibly remove the dangers that lurk in your system at this time. For pure, red blood, rosy ckeeks and good pure.

When a man faces what medical authorities tell him is certain death, and regains health and strength, he is naturally grateful to the medicine that has restored him. Such a man is Mr. James Owen, one of the best known tarmers in the vicinity of Johnsville, Que. Mr. Owen tells his story of shatter-ed health and renewed strength as follows:-"On the 17th of December, 1894. I was attacked with la grippe. A week later the trouble developed into pneumonia in its worst form, and I did not leave my bed until the first of March, 1895, and then I was so weak that I was unable to walk alone.
