The 'Hes of Home.

Written for The Warder.

Oh! have I thought about the days of yore,
And many a sultry night I stayed awake,
Thinking lest yet the ties of home should
break,
Though fastened deep into my bosom core;
Oh! home remembrance I've pondered o'er,
And wished while wandering on some silent
lake,
That I in some fantastic skiff might take,
A scar to scenes whose sight I could adore:
When in a happier mood I'd sit and stare,
At objects real though changed, nor yet for-
lorn,
I could recall and with some freedom share,
Sweet memories of the place where I was born.
How long the joy (futuro) despair!
I'd give it then one long, long look of scorn.
C. E. MACARTHUR,
Buffalo, N.Y., May 18th, 1897.

The Indian.

Written for The Warder.

Our foot-prints lay beneath the drifting snow,
From the tent of the red man lived and sang,
Their piercing war-whoops with their hideous
clang,
Are deluged by the tides that onward go,
Sweeping the past lest we should ever know,
The hidden paths to whence these mortals
came;
Who roamed this land, a warlike able gang,
Or whence they and the sagas fall to show:
Extinction staves the Indian face to face,
He's driven back to earth's remotest bound,
Perchance in some remote untracked place,
Or in some dark and undiscovered mound,
May yet be found some records brief that show
From whence they sprang, to whence they're
bound.

Buffalo, N.Y., Feb. 6th, 1897.

Jubilee Suggestion.

DEAR SIR,—As suggestions for the cele-
brating of the jubilee are in order, permit me
to make one. How would it do for the Board
of Education to offer three prizes \$5, \$10 and
\$15 for the three best essays upon Her
Majesty's reign, written by pupils of the
Lindsay public schools. Yours etc.,

Results of the Tariff.

Mr. Allan, head of the Allan manufacturing
company, one of the largest concerns of the
kind in Canada, says that unless the tariff as it
affects their shirt-waist department is
changed they will be compelled to close the
department down.
The Winnipeg barb wire factories have
closed down on account of the new tariff. The
reason is that a duty still remains on plain
wire. Some of the local dealers will lose
heavily on large imported wire.

Sports.

Bicyclists keep to the right.
The Canmington bicycle race on the 24th
will doubtless attract several Lindsay riders.
The Y.M.C.A. football team drive to
Canmington on the 24th, where they will
meet the local kickers.
A false report has been circulating among
the neighboring press, that a bicycle meet
will be held here Monday.
A large party of Lindsay wheelmen will
take in the C.W.A. meet in Chatham on
Dominion day.
A new base-ball club has been organized
under the name of the "Independents." Mr.
Alex. Hamilton is captain.
Peterborough will be the Provincial bicycle
meet for 1898. The plate glass city has
Lindsay's aid and influence in the contest.
Orillia and Peterborough cricket clubs have
organized for the season. They should return
the matches they owe the Lindsay club.
The Casey baggage bill comes up in the
House of Commons to-day (Friday). The bill
demands that railroads be compelled to carry
cycles as baggage.
The collegiate baseball club has been divided
into four sections under the captaincy of
Messrs. Argue, Bingham, Gilchrist and
Harvey. Two sections play every night.
Jake Gaudan, of Orillia, the world's cham-
pion oxman, and John Kennedy, another
well known Orillia sportsman, will assume
control in June of the Russell house, the lead-
ing Bat Forge hotel.
The 45th regiment does not go to camp in
June with the other regiments. In all proba-
bility it will not go till next year.

Town Council.

MONDAY, MAY 17.

The council met this evening pursuant to
adjournment. All the members present ex-
cept deputy reeve Gillogly, who, shortly after
the commencement of business, entered and
took his seat.
The following communications were read:—
From A. M. Paton, relative to whitening on
Victoria avenue by the G. T. E. engineers,
stating that the whole was only blown away
required in accordance with the rules. Fyfed,
From E. Ferguson, road master G.T.E.,
stating that the culvert on Victoria avenue
required repairing, that he would commence
on Wednesday morning to make the necessary
repairs, and as a portion of the culvert belong-
ing to the town he suggested that it would be
well for the council to have the portion under
their control repaired at the same time. On
motion Mr. Ferguson, who was present, ad-
dressed the council, when it was decided that
the members would visit the place on Tuesday
morning and decide at a meeting to be held on
Tuesday evening as a committee of the whole
what would be done.

From George Elliott asking for remission of
taxes on a store on Kent street that was un-
occupied. Finance committee.
From Mrs. Keenan asking for a rebate of
taxes on a store on Kent street that was un-
occupied. Finance committee.
From A. Jewett offering to sell his feed
barn on York street for a fire hall, Town
property committee.
Two accounts, one from Edwards & Co for
\$8.60, and one from the Light, Heat & Power
Co. for \$153.53 were read and referred to the
committees to which they respectively
belonged.

A petition from the hotel keepers was read,
pointing out that they had to provide sheds,
etc., as required by law, that in a great many
cases these sheds were used by the public who
did not patronize the hotel for meals, but
went to restaurants and eating-houses, paying
that a by-law be passed so that keepers of
restaurants and eating houses pay a license,
not to exceed, say \$20; this, the petitioners
contended, would be nothing but just, as they,
the hotel keepers, had to pay \$200 to the
license fund in addition to the government tax
of \$70. The petitioners considered that they
had so high a license to pay and had to pro-
vide unsheltered sheds, they were asking nothing
unfair. Finance committee.
A deputation from the directors of the
public library, consisting of Rev. J. W.
McMillan, F. D. Moore and E. A. Herby,
asking for the usual grant of \$100, or if the
council could see their way clear to increase
the grant it would be acceptable.

Mr. Sootheran, chairman of the finance
committee, said that it was understood last
year that the grant of \$100 yearly was to be
continued, if there was a surplus he would
be willing to increase the grant.
Minutes of finance committee read by way
of a report, recommending the following
accounts to be paid:
Cost of deputation to Ottawa.....\$90 20
John Henry.....50 00
N. H. Cowdy.....50 00
Rathbun Co., \$7.75, less 88 cents.....6 87
F. K. Begbie.....9 08
Sam Higgins.....1 20
G. W. Mills.....6 22
That the communication of Mr. G. H.
Hopkins, asking for a reduction of Mr. Ches-
ter King's taxes be not entertained; that Mr. W.
Grace be allowed the benefit of the by-law,
regulating the reduction of taxes, and that
his water rate be dispensed with entirely; that
the sum of \$8 00 be deducted from the
Rathbun & Co. account for which there was
no voucher attached. The committee also
recommended that the sum of \$3000 be set
apart for the use of the board of works and
that a further sum of \$500 be set apart to
provide for contingencies during the year.
Report adopted.
Report of town property committee, read
by the chairman Mr. Robson, recommending
that the sand, gravel and loam pits of the
town be closed to the public; that the motion
passed by the council to build a platform south
of the market building, for the sale of market-
able commodities be referred to the board of
works, as it belongs to that department; that
the town property committee consider the ad-
visability of providing a fire hall, to meet
the requirements of the fire underwriters, by
raising the roof so as to get sufficient accommo-
dation for two bed rooms, also to remove the
house to the back part of the building so
that the hook and ladder wagon could be
got out easily. It was also recommended that
an electric fire alarm system be adopted, and
that the council advertise for tenders for same,
stating number of boxes required; the com-
mittee cannot recommend the acceptance of the
offer of land by William McDonald Esq., at
the price asked for making a better ap-
proach to the town wharf, but are prepared to
consider any modifications, prepared on differ-
ent lines.
Mr. Sootheran, in reference to repairs to the
fire hall, doubted if the foundation, now dis-
covered, stood the addition to the upper story as
recommended. In any event nothing could be
decided on as to what would be done until
after the estimates were brought down.
Dr. Burrows favored leasing debentures for
\$100,000 to build a new fire hall, unless the
building used as a home for the aged, and sit
up offices in the town hall for the use of the
officers of the corporation. The Dr. held that
by adopting his scheme a saving of \$230 per
annum would be effected.
The report was adopted with the under-
standing that the recommendation in reference
to repairs to the fire hall would stand in abey-
ance until after the estimates were brought
down.

In reference to the observance of Her
Majesty's diamond jubilee. The Col. in a few
well chosen words suggested that a committee
be appointed to wait on the county council at
the coming session, and get their co-operation
in establishing a hospital, to be known as the
jubilee hospital. He was opposed to money
being spent foolishly in sports and games,
while the establishing of a hospital as out-
lined by him, would be not only a lasting
memorial, but a benefit to the community.
The Colonel also called attention to the
dilapidated state of the fence around the old
cemetery in the east ward and strongly urged
the council to make a small appropriation to
erect a fence around same, so as the few
monuments left standing would not be the use
of a scratching post for animals. The condition
of the grounds was a disgrace to our common
humanity and he trusted the council would
take action in the matter.

In reply to a question as to the ownership
of the Col. said the land was purchased by Rev.
Mr. Vicars, now of Canmington, at a tax sale,
for a cemetery, but when the intra mural act
was passed it could no longer be used as such
being within the bounds of the corporation;
Rev. Mr. Vicars had expressed his willingness
to transfer the grounds to the corporation
when requested to do so. Referred to town
property committee.

A deputation from the bicycle club, headed
by Mr. Steer, vice president, who addressed
the council in reference to the bad condition
of the streets, particularly the crossings on
Kent street, for bicycle riders, asking the
council to put Kent street in a better condition.
Dr. Burrows wanted to know if the bicycle
riders would be willing to pay a tax of \$1 each
to be supplemented by one half the amount
so received to be expended by the council to
meet the wishes of the bicyclists. Mr. Steer
had not considered the matter in that light,
he thought as taxpayers their wishes should
be complied with, he was of the opinion that
if a bicycle was injured at a crossing, the
council would be liable.
Mr. Touchburn considered as the drivers of
vehicles had no complaints to make, that the
council was perfectly safe in regard to damages
if any were sustained by bicyclists, as the
streets were now, they acted as a preventative
against scorching, and saved the council the
necessity of passing a by-law to prohibit fast
riding, however he understood that the board
of works intended to lower some of the crossings
and bank up the others.

Chairman Gillogly, who is the only mem-
ber of the council who is a bicyclist, said the
road would be done as soon as possible.
Mr. Sootheran gave notice that he would
introduce a by-law to amend the by-law con-
trolling the bicyclists.
Dr. Burrows moved, seconded by Mr.
Kilbaly, a motion, that the representative of
the council on the railway board be instructed
to urge on the management of the G.T.E.
to restore the cheap market fares to Lindsay in
view of the town's liberal bounties to the vari-
ous lines.

Mr. Sootheran was in accord with the spirit
of the motion but considered it a better way
would be to appoint a committee to confer
with the board of trade to collect facts and
figures, and would suggest as a committee,
the Mayor, Messrs Sootheran, Touchburn,
and the mover and seconded. The suggestion
was adopted and the motion passed.
Mr. Robson moved, seconded by Mr. Bal-
win, that the town property committee be
authorized to employ a couple of men for a
day or two in removing posts and leveling
the soil on what is known as the town park.
Carried.
Mr. Sootheran suggested that a cedar hedge
be planted on the south, east and west sides
of the property, also that a row of maple trees
be planted 30 feet apart.
After some discussion as to the advisability,
etc., of planting trees at this season, Dr.
Burrows moved in amendment that the matter
be left to a citizens committee, consisting of
Messrs Richard Sylvester, A. F. D. Macgachan,
John Kennedy and J. D. Flaville. Mr.
Mallon objected to the committee, the east
ward was not represented and suggested that
the names of Robert Kennedy and Capt.
Candell be added. This was agreed to by
the mover, when it was moved by Mr. Robson
seconded by Mr. Touchburn, that the motion
and amendment be laid over until after the
meeting called by the ladies of the W.C.T.U.
The amendment was carried.
A motion by Mr. Robson, seconded by Mr.
Touchburn, that the council take into con-
sideration the advisability of erecting a head-
stand on the market square at a cost not to
exceed \$75, was laid over on the suggestion of
Mr. Gillogly until after the ladies' meeting.
The following motions were passed: That
Messrs Sootheran, Grandin and Baldwin be a
committee to represent the council at the
ladies' meeting; that the town property com-
mittee have the wharf at the foot of Peel
street extended at once; that a door be put on
the building where the fire is stored for the
use of the fire team; that F. Burns be re-
quested to lower the bill board at the corner of Kent
street and Victoria avenue to at least five feet,
so as approaching trains can be seen; and that
the Oak Hall clothing firm of Peterboro, be
requested to remove their mail posts and
signs planted within the boundaries of the
corporation.
A motion by Mr. Sootheran, seconded by Mr.
Graham, that the sum of \$5 be paid Mr.
Byrnam, for settlement of claim for injuries
sustained by his horse. After some discussion
the motion was lost.
Council adjourned.

FENELON FALLS.

From our regular special correspondent.

On Monday next, May 24th, the ladies of
St. Andrew's (presbyterian) church here, pur-
pose holding a garden party in the handsome
grounds of Mr. W. L. Robson. As this will
be the first affair of its kind for the summer
of 1897, and as the ladies of this congregation
are noted for their fine entertainments, it is
expected that their will be a very large
attendance.
The "Greyhound" of Lindsay commenced
her regular trips on Monday, May 17th, and
will continue to run throughout the season.
This will be both a great pleasure and a great
convenience to the inhabitants of Fenelon
Falls and the public should take advantage of
the opportunity of enjoying the beauties of
the Trent Valley waters.
The boating season seems to have begun
in earnest. The "Mary Louise" has already
passed through the locks several times, and on
Monday Mr. M. Boyd's handsome yacht, the
"Calumet" went up the lakes about noon,
returning in a few hours.
During the last week death has been busy
at work in the vicinity of our pretty village.
On Friday last Mr. Peter McDonald passed
quietly to his last rest at his month in Fen-
elon, after a lingering illness and at the
following morning the body was conveyed by
train to Lindsay for interment. On Sunday
two deaths took place. Mrs. A. McArthur of
Bexley, mother of Mr. Campbell of Fenelon
Falls, and Mr. Watson of Sawmills for both
of these persons were well known and highly
respected here and will be missed by a large
number of friends. Both of the funerals took
place on Monday.
The annual convention of the West Victoria
teachers' association is in session at Fenelon
Falls and your humble servant will endeavor
to get particulars of the meeting for next week.
On Thursday of last week a spirited team of
grey horses attracted considerable attention to
themselves by a run down the front street, but
they were, we understand, stopped before any
serious damage took place.
Mr. J. D. Naylor, for many years one of
the most highly respected residents of Fenelon
Falls, but who is at present residing at the
home of a few hours in the village last
Saturday, was warmly greeted by a host
of friends. Mr. Wm. McWaters, a former
resident of our village spent Monday amongst
old friends. Mr. and Mrs. L. Swan and
little Miss May Swan, left last week for their
home, after a two years residence in
Fenelon Falls. Mr. Harvey Haw of
Toronto, an old Falls boy, wheeled from
Toronto to Janville last Thursday, and
thence to Fenelon Falls on Monday. He
spent a few hours on Tuesday morning, expect-
