HARPER'S BAZAR of June 19 will contain one of the series of articles on travel abroad which Col Thomas Wentworth Higginson is now writing from England. These articles are among the most interesting and delightful contributions being made at the present time to the periodical press, for Colonel Higginson reveals in them the keen observation, the charm of style, and the genuinely youthful spontaneity which have given him so high a place in American literature.

THE TRAMP NUISANCE is assuming grave proportions. The Oshawa Vigilance states that not less than 100 tramps pass through Oshawa every 24 hours, every train going through during the night having enough members of the fraternity to capture and control the train. Such a large floating army of vagabonds as this is a menace to public safety. It is to be hoped that the Vigilance League are so energetic for truly it is an appalling condition of affairs. 100 desperadoes armed, as in many cases these fellows are, could, if aroused, work a terrible destruction on human life and property. It is not in congested centres however, where the most serious phase of this question arises but in the thinly populated parts, on the byways and highways, in houses inhabited by defenceless women and children. When refused their insolent requests in such places as these, the threatening look and impudent and blasphemous language of the tramps are enough to frighten the bravest woman. All manner of lousy young men who can manage to limp are over-running the country. They present you with a doggerel rhyme about heaven blessing those who help the unfortunate but you would suggest that if they are able to tramp about the country and beg that they are able to follow some employment, their language will suggest to you that they know more about the other place than the one of which they profess to have control of the top of the fountain of blessing.

NEW GOLD MINE at KINMOUNT.—Mr Scott, hotel keeper of Kinmount, has discovered a rich vein of gold bearing quartz on his farm. He had been on a visit to the Mackenzie mine near Fort Smith, and came to the conclusion that his own farm contained mineral of the same kind. He got Mr Bradshaw to put in a blast, with the result of a showing of good ore. He will have it assayed right away. One of our townsmen has secured a fifth interest in the mine. We hope it will turn out as good as expected.

Quebec and best route to Hot Springs, Ark., Old Mexico, California to the gold mining points. Tickets and time-tables of this great railway. The Warren railroad agent, or J. A. Richardson, Canadian passenger agent, northeast corner King and Yonge streets, Toronto.—77-42.

CONDEMNED.

When an innocent man is condemned for any crime he doesn't lose hope. His lawyer appeal from one court to another. They are bound to save him, if he can be saved. After they have tried everything they know and the patient is no better, they think there is nothing more to be done. They don't always get at the root of the disease. They frequently give a patient up to die of consumption, and are afterwards surprised to see him get strong and well again.

Mrs. W. B. Duncan, of Arlington, Phelps Co., Mo., writes: "My husband took four bottles of Dr. Pierce's Golden Medical Discovery when he was (as he thought) almost in consumption, and we were very anxious that such a medicine could be found. I wish all persons troubled with cough would try the 'Golden Medical Discovery' and 'Bawrite Prescription' if made. I shall always recommend and praise these medicines."

All lung and bronchial diseases are cured by Dr. Pierce's Golden Medical Discovery, because it supplies the system with healthy blood. It puts the vital forces into action and fills the circulating with the life-giving red corpuscles which build up solid, muscular flesh and healthy nerve-force.

As a medical author, Dr. Pierce holds an eminent place in his profession. His great thousand-page illustrated book, "The People's Common Sense Medical Adviser," is one of the standard medical works of the English language. Nearly 700,000 copies were sold at \$1.50 each. A paper-bound copy will be sent for the cost of customs and postage only, 31 one-cent stamps, or, cloth-bound for 50 stamps. World's Dispensary Medical Association, Buffalo, N. Y.

A MARRIAGE LICENSE for \$2.00 at Forter's bookstore.—9-42.

WHEN COMING TO TOWN call at Jewett's restaurant and get a warm lunch.—29-42.

Barn raisings throughout the county are again in order.

Jubilee kite-knocks and jubilee memorials are having a great sale around the town, nearly every body getting round adorned with jubilee badges, pins, buttons, Queen's heads and etc. It is said that England is being deluged by jubilee articles.

It is said that the assessment of the Trent valley canal lands is causing Edson council some vexation. "Limited" must hereafter be used on the office signs, on all notices, advertisements, and every document used by a limited joint stock company. The word must not be abbreviated and there is a penalty of \$20 for every day it is not used.

It is said that the recent cold weather has had the effect of killing the young grasshoppers which at one time threatened to overrun the country this year. It is an ill wind that blows nobody good.

The decorating of bicycles and buggies with flowers, evergreens and colors would make a pleasing feature of Lindsay's jubilee demonstration.

Each successive June being the "prettiest of June weddings."

Miss Galbraith, music teacher, 66 William street, two doors south of Woolen Factory.—66-42.

This afternoon will be devoted to nearly all the schools throughout the province to a consideration of the most notable events in her Majesty's reign, particularly those bearing upon the progress made in science, invention and education. The history of Canada during the 60 years reign will also be briefly touched on.

Canadian strawberries are about three weeks from samples carried with them, are open to be taxed by county councils just the same as peaches who carry pecks with them.

In olden times they jubilated over the downfall and captivity of a rival nation, with all the attending spilling of blood and destruction of property. We celebrate the winning of the world over to us. Ours is a bloodless victory.

There is a great run on jubilee flags just now.

Have you made up your mind yet how you will decorate your premises for jubilee day? Caterpillars have effected great damage amongst the shade trees around town. They are more numerous than ever this year.

Buffalo Bill's Wild West show will be in Peterborough on July 3rd.

Peterborough's new Y.M.C.A. will be opened on June 24th. A large delegation from the Lindsay Y.M.C.A. will be present to witness the ceremonies.

Insect powder, pure Dalmatian paste, to hand at Higginbotham's drug store.—70-42.

In our report of successful ex-collegiate institute students at a recent Toronto university examination we omitted to mention the names of Mr E. T. White, honor mathematic, second year, Mr W. F. MacKay, honor political science, second year, and Miss A. J. Dickson, honors in moderns, first year.

The town clerk has given notice to all owners of property that he shall on or before the 10th of July, out down and destroy all Canada thistles, ox-eyed daisy, wild oats, ragweed, burdock and other noxious weeds. Failing to do so they will be presented and weeds will be cut down by corporation labor and costs added to taxes or charged to the owner.

Mr W. B. Hingst of Toronto is about opening out business in Kent street, in the store lately occupied by McLennan & Co. with a general stock of stoves, tinware, granite ware and general house furnishings.

Toronto's rate of taxation this year is 17 1/2 mills on the dollar.

Interesting ceremonies will be performed this and next week in which several prominent young people of the town will take part.

The following letter from a subscriber in Chicago was received this week:—
DEAR MR. HUGHES,—Pardon delay in replying. I make up by advancing to the end of the century. How will Mac-oh 1900 find us? I notice the liberals continue the tariff system of Canada's grand old man, though abusing him to death for it for years. Canada's great error was in not imposing this tariff in 1866. Times are "hard" all over this country. An election to-morrow would raise the standard of last November and then "the deluge." I prophesy an unsettled condition of trade and finance in the U.S. for years to come.

A DOUBLE-HEADER SALE!

THE SOLID REASON Why We Must Have the Goods Go:

1. Dissolution of the Business!
2. Removal to New Premises

Our Big Dissolution Sale will continue for 30 days longer. People will realize how necessary it is for us to get rid of the goods, when we say that in addition to the requirements of closing up the interests of the late firm there is the imperative call to clear stock before removing.

We go to our new store, Dobson's block, corner of Kent and William Streets, as soon as they can be made ready. Our removal illustrates the growth of the business. Its growth means satisfaction of customers who have brought trade to its doors.

The new store will fill a larger trade and handle a larger stock. Our friends need not fear that under the new auspices Mr. B. J. Gough will be less able than in the past to do his share as a successful buyer and seller, for he still remains a member of the buying syndicate of Gough Bros.—buying for eight stores—the largest Clothing syndicate in Canada. COME AND SEE.

The motto will be: "Spot cash, and your money back if the goods are not as represented." You can't judge of the values we offer unless you come and see the goods for yourselves. COME AND SEE.

You can find your neighbors buying at our counters, and saving money by it. So, too, can you. COME AND SEE.

We cannot afford, for the sake of our reputation, to have any but the best and latest clothing. We must offer it at the lowest prices. This we do. COME AND SEE.

There's big value for you in our Double-Header Sale. Two solid reasons why we want to unload. Will you stand by and see the unloading done, and not get a share of the advantages? Come And See
