#### FOR THE TABLE

Knives, Forks and Spoons are required for the dining table; and when buying it is well to look to the future. Economy in this does not consist in buying either the cheapest or the dearest in the market, but in finding a happy medium as to price, and due consideration of durability.

It is not necessary to enumerate the merits of solid silverware. Every woman would like to have her table provided with it.

We sell solid silver, good weight, large size Tea Spoons for \$10.00 per dozen; and will sell one spoon at a time at the same rate if you wish.

Best quality plated Tea Spoons at \$3.00 per doz.

Dessert and Table Spoons, Knives and Forks, cost proportionately.

Those who buy their table ware from us can always match it afterward, and we make it easy for you to get a full outfit by degrees if you desire to do so.

Our plated ware is the best made. We recommend and guarantee it fully.

#### The Victoria Warrent

FRIDAY, JULY 2, 1897.

A union hearts and a union of hands  
A union none can sever;  
A union of homes and a union of lands  
And the flag, British Union, forever.

#### WEST VICTORIA.

Mr. A. O. McKinnis, who was chosen as the candidate by the liberal conservative convention, to contest West Victoria in the forthcoming election for the provincial parliament, has signified his intention not to be a candidate. Business matters in which he is engaged in British Columbia, where he now is, requires all his attention, so that he has to retire from the contest. A convention of the liberal conservatives of West Victoria will be held in the old opera house, Lindsay, on Saturday, 10th inst., to select a candidate. All interested are respectfully requested to attend.

#### MAJOR BEATTIE CONFIRMED.

The famous London election case has at last been concluded; the liberal charges have slithered out and Major Beattie has been confirmed. After Major Beattie's election the liberals determined to oust him by hook or crook. A very detailed bill was entered against him. Witnesses of very shady character were produced against him. One was paid to testify. The whole series of charges fell to the ground, with the exception of one little case the Major was innocent of, and which was not of a serious enough nature to lose him his seat. In giving judgement Mr. Justice Ferguson said:

"I find that no corrupt act was committed at the election by the respondent, or with his knowledge. The two corrupt acts complained of were trivial, unimportant, isolated, had no connection with others, and were no part of any general plan of corruption. They were committed without the knowledge or connivance of the respondent, Major Beattie, who, the evidence shows, took every precaution to prevent any corruption, and did everything in his power to carry on the election in a pure and honourable manner. The petition is dismissed."

London's able representative has been subjected to a long course of persecution through liberal "bitch" but he has come through the fight gallantly and won the day. We congratulate Major Beattie on his pluck and success.

The great naval review at Spithead demonstrated why Britannia rules the waves.

#### THE JUBILEE.

Of the details and particulars of the great jubilee every one has read—indeed so much so that the briefest mention of them the more pleased we are. The affair has been unique in more ways than one. There have been remarkable characteristics of this almost universal demonstration that will well bear repetition however.

Throughout the past few weeks, the dominating feature of the jubilee has been the deepening love and fidelity of Britons, the world over, to their Queen. Disinterested foreigners looking on have been astounded at our marvellous allegiance to our sovereign. Never for one moment during all these jubilee times have Britishers ceased in the expression of affection and admiration for their Queen. That she is deserving of it, all will know.

Again the jubilee marks an era of the most wonderful development and advancement of all time. It is well that nations as well as individuals should take, as it were, an account of the stock—an account of the gains and losses they have sustained during a specified time. The jubilee has afforded us an opportunity for doing this. The results have all been on the gain side. Much as we know of our progress in the last sixty years, the stock taking has been one continual series of surprises, and the end is not yet. Liberalism have been written on the progress made during the Victorian era. Much more will be written and then there will be more material and new fields for the writers.

Throughout it all the imperial idea has been uppermost. Never has there been such a complete representation in England of Great Britain's power the world over, as there was last week. Never has there been so many colonial premiers in London at the same time. Never have the colonies shown themselves so loyal to the mother country, and never has the mother country taken kinder to the colonies, than during this season. The true greatness of the great empire has impressed itself with overwhelming force. The jubilee has been the means of consolidating a great federation; it has been a union of nations. British hearts and British interests have been knit together by

A union of hearts and a union of hands  
A union none can sever;  
A union of homes and a union of lands  
And the flag, British Union, forever.

#### OKAWOOD

Excursion and Picnic.—All the Sunday Schools and congregations in the Okawood district will unite in an excursion and picnic at Sturgeon Point on Wednesday next, 7th July. The steamer "Grandella" and "Palace Sovereign" have both been engaged to leave the wharf at 9 a.m., returning leaving Point at 4.30 p.m. A good programme is prepared and a large crowd is expected, everybody is welcome. Steamer and Sloop can carry 1000 passengers.

#### CONSERVATIVE CONVENTION.

The liberal-conservatives of West Victoria will meet in the town hall, Lindsay, at 1.30 o'clock on Saturday, July 10th, for the purpose of selecting a candidate for the legislative assembly, and for the transaction of other important business. Each polling sub-division will be entitled to send one delegate for every twenty conservative votes polled at the last election. The chairman of each polling sub-division will please call meetings in their respective divisions to select delegates.

#### EDITORIAL NOTES.

The value of our senate is apparent these days.

We honor Queen Victoria as a true British woman, not that she possesses all the exemplary virtues in a greater degree than any other woman.

We learn by the little girl newspapers that the Diamond jubilee celebrations in London were mainly in honor of "Sir" Wilfrid Laurier and the grip party in Canada, and not, as erroneously supposed, for Queen Victoria.

#### Births.

BOWEN.—In Coboonk on Sunday, June 27th the wife of Mr. J. Bowen of a son.

#### Marriages.

Band concert on Kent St. Friday night. Parties driving spirited horses would confer a favor on the public by avoiding the section of the street the band is playing on, which is sure to be crowded. Should a horse bolt owing to the crowded state of the thoroughfare and crossings accidents would be unavoidable. The quicker we get that band stand the better.

The Light, Heat and power Company are making several progressive changes in their street lighting system. The Kent St. main line will be completely renovated and a new line will be placed in giving a much improved light. To do this it will be necessary to place a new set of poles on the street.  
Mr. McGaffey's advertisement on page four will repay perusal. Mr. McGaffey is one of those men who believe in a liberal use of printer's ink and as such his business has prospered so that not only has he been enabled to secure the best stock, but he is in a position to sell at satisfactory prices.

#### Thousands Turned Away.

A circus is an institution that comes every year, and an organization of the size and magnitude of Buffalo Bill's Wild West and Congress of Rough Riders of the World has rarely, if ever, been seen in this part of the country. The great amusement enterprise, will appear at Peterboro Ont. on July 3rd, 1897. It has met with great success at New York, where it exhibited for five weeks previous to starting out on the present tour, and where thousands of people were turned away from the doors on account of the lack of accommodations. At the various points along the route, since leaving New York, it has duplicated this success, and there is every reason to believe that the people of this vicinity will follow New Yorkers in their enthusiasm. In order that the residents in this section of the country may witness the exhibition, special excursion rates have been granted by all traffic lines. It cannot be said without reserve that this is the last time this section of the country will see the Wild West but it is improbable that it will again tour this region, at least, for a number of years. Buffalo Bill's Wild West will be given on this trip, exactly as it was

#### given before thousands of spectators at Madison Square Garden, New York city, during the month preceding the inauguration of its summer tour. It aroused the most intense interest among the New York newspapers, which gave upwards of 200 columns of reading matter and illustrations unasked, during its metropolitan engagement. The New York World gave the Wild West the distinction of a series of drawings made by Frederic Remington, the celebrated artist, and in various other ways, the papers showed their appreciation of such a great amusement enterprise.
