

SAVING A QUARTER.

A Family Scene Which Has Very Many Counterparts.

Mrs. Cobwiger—Here's the man with the window shade, my dear. He says it will cost a quarter extra if we have him put it up.

Mrs. Cobwiger—You'll find them down in the cellar, my dear. Cobwiger—Well, you women beat everything I ever heard of. That's a wondrous place for hammy and screw-drivers. I must say. It's a wonder you didn't put them away in the water spout.

The Roman mother who with her mantle defended the body of her child from the ravenous birds of prey is a perfect type of motherhood in all times and among all people.

Modern mothers are coming to understand that the best protection they can give their children against the prevailing accidents of life is to transmit to them a soundness of natural health and hardihood.

Prospective mothers should know that Dr. Pierce's Favorite Prescription is a scientific medicine, which gives perfect health and strength to the female organs concerned in motherhood.

Taken early during the expectant time, it makes the coming of a baby entirely safe and easy. It insures cheerfulness and recuperative energy to the mother and constitutional vigor to the child.

It is the only perfect and positive specific for all weaknesses and diseases of the female organism.

Mrs. F. E. Forger, of Carus, Keypapa Co., N.Y., writes: "I wrote you concerning my daughter, Mrs. D. Billings. She has taken two bottles of 'Favorite Prescription' and she is now a healthy, happy woman."

Mrs. Cobwiger—It must be the spring run down. Cobwiger—Blank! blank! blank! Why weren't you holding the ladder instead of monkeying with the shade?

Now you'll have to wind the spring up. Turn that what you call them you see sticking out, and when you get it tight I'll shove in the tumbler with the screw-driver.

Mrs. Cobwiger—I can't turn it any more, my dear. Now, quick. (Whirr-urr-urr) Cobwiger—Give it here and go in the other room and see if you can hold the baby. I'll finish this job myself.

(After she goes)—Ah, there it is at last. I hope those fixtures are not too far apart. By gee they're just right. There is nothing like having a good eye for anything of this kind. Now, will the thing run up and down all right? (Whirr-urr-urr) A little tight, but that will be all right in a day or so. (Gives a tug and down comes the shade.)

We are pleased to learn that Mrs. E. E. Sharpe of town has received from His Excellency the Gov. Gen. on behalf of Her Majesty the Queen, a letter of thanks for the jubilee poem, which recently appeared in THE WARDER, also a personal letter from Her Excellency, the Countess of Aberdeen, thanking her for the same.

The heat of Sunday and Monday has been unprecedented in this section since June 22nd, 1888. The heat was very oppressive and everyone in town suffered. There were several mild cases of sunstroke, while perhaps a score of people fainted. Had the following days been as warm as Sunday or Monday it is hard to say what would have happened.

Mr. E. Murphy, ironman, of town, recorded a severe cut on the face Monday morning while leading a colt down street, the animal rearing, its front hoof striking him in the cheek.

Owing to the crowded state of our advertising columns lately we are obliged to hold many interesting local items.

Law Governing Newspapers The following are points in the law governing newspapers that are frequently overlooked and that are worth remembering:—

1-Subscribers who do not give express orders to the contrary are considered as wishing to continue their subscription.

2-If subscribers order a discontinuance of their periodicals from the office to which they are directed they are responsible until they have settled their bill and ordered them discontinued.

3-If subscribers neglect to take the periodicals from the office to which they are directed they are responsible until they have settled their bill and ordered them discontinued.

4-If subscribers move to other places without informing the publisher and the papers are sent to the former address, they are held responsible.

5-The courts have decided that refusing to take periodicals from the office or removing and leaving them uncollected is evidence of intention to defraud.

COUGH'S - GREAT - REMOVAL - SALE Competition open to residents of the COUNTIES OF VICTORIA AND HALIBURTON ONLY. Competition closes 31st July. Remember we are not giving Gold Watches away with Clothing, but Clothing buyers are having all their own way here. Stirring times all over our busy stores, and lively selling becomes more lively every day. This is a spirited exchange of Fine Clothing at strangely cheap prices. Money never bought such values before. We're glad to see such signs of Lindsay's prosperity. We're glad to share in it. The fact that sales all over our stores are greater in advance of previous seasons acknowledges trade leadership.

Nothing to wonder at, after all. Few stores anywhere would begin to be satisfied with the profits we ask, and merchants would dare to buy goods in such quantities. We have a business outlet, and we turn it to your advantage in such

REMOVAL PRIZES As these. Better read them and Save Money:—

- MEN'S PRIZES. 380 Men's Black and Navy Blue Serge Suits, 4 different qualities, at \$2.70, \$3.25, \$3.75, \$4.45. Worth Double. 447 Men's Strong Tweed Suits, 8 different patterns and qualities, at \$2.90, \$3.60, \$4.00, \$4.75. Worth Double. 214 Men's Fine Tweed Suits, 6 different patterns and qualities, at \$3.00, \$3.80, \$4.35, \$5.30. Worth Double. 287 Men's Fine Worsted Suits, 5 different qualities, at \$4.95, \$5.50, \$6.00, \$6.70. Worth Double.

Often a cheap price means a cheaper Suit. But not so during this Great Removal Sale of FINE Clothing. In this busy time, we put our best foot forward to give Men and Boys the BEST that can be got in Suits. We insist upon a certain high standard of goodness. The trash buyer is not thought of here. The name of the firm who made our goods is known from Halifax to Vancouver as manufacturers of as fine a grade of Clothing as the trade can produce. It may seem bad policy to sell at the prices marked. Some people say that our methods tend to over-trading—that selling at reckless regard of ordinary values is bad for business in general. In this case, however, it is not our loss, but it certainly will be our customers' gain.

Following subscription: "Um—ah," said Rev. Mr. Wilgus, as he looked over the scanty missionary collection; "I asked this congregation to aid in the illumination of the benighted heathen mind, and I must say that such a lot of light givers it has never before seen by my experience to meet."

An Optical Illusion. "It's a dreadful thing to be as near-sighted as Dicky Doddies," remarked one young woman sympathetically. "It must lead to embarrassment." "It does. The Cause of the Rush. "Why is that man dragging that poor little boy along that way? Gracious goodness! He'll jerk the poor weeping little fellow's arm out of its socket! What do you suppose is the trouble?" "There's a circus parade up on the next street, and the man is probably afraid that the little boy will miss it, if they don't hurry."—Cleveland Leader.

THE meeting of the liberal-conservative association of East Victoria took place here on Wednesday, 7th inst., and was a most demonstrative and successful affair. The meeting was held in Jordan's hall for the election of officers and V. C. Cornwall, M.D., of Omamee, acted as chairman. Mr. J. H. Lytle of Fenslon Falls was elected president, Mr. James Lithgow 1st vice president, Mr. J. B. Mason of Coboonk 2nd vice president, and Dr. Mason secretary. As the hall was not large enough to hold one half the audience the meeting adjourned to the large and commodious skating rink which was comfortably filled. Here Mr. J. H. Carusie, M.P.F., of Ilean Falls, was declared the candidate of the convention, elected by acclamation, a fact which was received with rousing and continued cheers. The meeting was then ably and brilliantly addressed by Messrs J. W. St. John, M.P.F., of Toronto, and H. Hoyle of Gessington. The meeting was a most demonstrative and representative one, delegates being present from Coboonk (40 coming on the Dawn), Haliburton, Omamee, Bobovogon Lindsay and beyond. Amongst those from Lindsay we noticed Messrs P. D. Moore, R. T. Johnson, S. Fox, G. Lytle of the Watsons, J. Keay of THE WARDER and G. Robin son of the Cannington Gleaner. The meeting in the rink was presided over by Mr. J. D. Taylor, the veteran conservative of this riding, who advised the resigning of the candidate, who he ably filed. Of the candidates, Mr. Carusie, too much cannot be said in a complimentary vein. All who have the pleasure to have met him know him to be clever, firm, tenacious and able to fill the position as few can.

Expressman Mallish of the Haliburton line has been placed on the new run from Allan Dale to North Bay. Mr. Harry Galt of the express wagon takes his place being succeeded by Mr. Frank Wigney of the telegraph office.

The departmental examinations are now in progress. The students writing here find the warm weather very trying in spite of the able efforts of caretaker Passmore to keep the collegiate cool.

After a lengthy illness, Mr. Wm. Kemp, an employee of the G.T.R., favorably and well known in town, passed away at his residence on Albert street on Friday of last week. Deceased was a member of the Sons of England, which body conducted his interment on Sunday afternoon at Riverside cemetery. He leaves a widow to mourn his loss.

A Friendly Word. Several newspaper publishers have for some years regularly send in division courts all over our county. Their reports are favorable to the plan, for their readers though at first annoyed by it is only fair.

A large number of WARDER accounts are therefore being placed in the hands of our collectors for immediate collection. We are loth to resort to such a course, but it seems the only way of getting what is due us. Some are in arrears from arrears, some from other causes, but none should feel offended at being sued. Kindly save us by remitting the amount of your account at once, by post-office order or registered letter. THE WARDER, Lindsay, Ont.

The Rev. J. W. Macmillan returned Tuesday after a month's absence from town during which time he filled the St. James church pulpit in Toronto. Torontoans we learn on good authority look kindly to Mr. Macmillan and were loth to let him go. On Thursday of last week Messrs Macmillan, Ives, Stewart and J. D. Flavelle, made a bicycle trip from Toronto to Buffalo and thence to Chateauguay and return. They spent Sunday at Chateauguay. The party report an enjoyable outing.
