The employees of the Sadler, Dundas and Flavelle Milling Co. held their annual excursion un Saturday to Sturgeon Point per steamer Alice Ethel and barge. About 600 people were in attendance. An excellent programme of sports was run off at the Point, An interesting feature of the day was the boat race between Mr. Horn's yacht "Victoria,' and Capt. Ball's "Comet." The race was over a straightaway course of two miles and was won by the Victoria. The two boats had an exciting race up th Lindeay with hoxors divided. The Alice Ethel and the Estarton also had a brush in which the Esturion demonstrated

A PLEASANT ROUTE. - The Millbrook A PLEASANT ROUTE. — The Millbrook excursion, starting from here and numbering about 600, went to Toronto on the 5th inst., accompanied by the Omemee and Millbrook bands. The sail from Port Hope to Toronto per S.S. Garden City was delightful. To most of our citizens by boat is a new way of reaching Toronto, and is much preferable in summer to the all rail route. The next excursion will doubtless be more largely attended. The Garden City is a stanner. excursion will doubtless be more largely attended. The Garden City is a staunch comfortable steamer, well officered and an efficient crew. But sailing from Port Hope makes the day rather too long. We would suggest sailing from Whitby as a more desirable route. An excursion from here taking in Mariposa, Manilla, Port Perry, Brooklin and Whitby should be a popular one, especially during the Toronto exhibition.

Wendling Bells.—A very pretty and interesting event took place on Wednesday. August 4th, at five o'clock in the evening at the residence of the bride's parents, Mr. and Mrs. James Little, Kent street, Lindsay.

When their daughter, Miss Florence, was united in marriage to Mr. Thomas B. Robertson, also of Lindsay. The day was intended in marriage to Mr. Thomas B. Robertson, also of Lindsay. The day was intended to the number of about sixty to witness the scene. The ceremony was performed by the Rev. T. Manning, of the Cambridge street methodist church. Every one securing 25cts worth of ivery seap may have chance of making a guess at the weight of the bar. The person coming nearest the weight secures the handsome set of dinner dishes also on exbibitior. The competition remains open until October 5th or thereabouts.

NEARLY KILLED BY A MOWER -While Joseph, the 14 year old son of Mr. Jas Greenan, of South Ope, was operating a mower on Thursday, the 5ch, he met with a very serious accident. In reaching forward to a lever he overbalanced and fell down in front of the mower, which passed over him. He was picked up unconscious. On the arrival of Dr. Pool it was found that he had received severe outs on the head, breast, arms and other parts of the body. Fortunately no bones were broken and under skillful treatment young Greenan is rapidly recovering.

THE APOSTROPHE ABOLISHED -We have taken upon ourselves this week, without legal authority, to abolish the use of the apostrophe at far as possible for one weeks effort. This step has been taken after conculting many educationists, who agree with us that the apostrophe serves no seal purpose, and is considerable trouble to put up in type so often. We are free to admit, however, that our effort to abolish the apostrophe is purely an experiment. A little experience will settle the matter one way or the other.—Whitby

THE GOUGH COMPETITION .- Mr. B Gough —DEAR SIR,—I beg to acknowledge the receipt of the gold watch, second prize won by me in the competition for the greatest number of words formed from the sentence, 'Gough's great removal sale." In the competition just closed, as well as the consolation one now advertised, you have departed from the usual custom in such contests in requiring a competitor to make a purchase at your store in order to compete, thus leaving the contest free to all who choose to try. Yours respect-fully, John Kelley, Lindsay, Aug 9, 1897.

AN EARLY MORNING HOID UP. - A drummer for a well known firm while carrying more than a judicious amount of firewater nearly met with disaster on Thursday of last week. A ccuple of those Lindsay gentleman who have no visible means of earning a liveli-hood held him up near the akating rink at an early hour in the morning. The drummer carried his money in a secret pocket and the only booty the footpads secured was a scarf pin. The arrival of night constable Reeves frightened them before further damage was done No pains should be spared in tracing the identity of these fellows. For too much of this kind of thing has been going on in this town of late years.

Patrons of the Esturion will please bear in mind that commencing on Monday next the boat will change its hour of leaving Lindsay from 6.30 to 5.45 in the evening. This will afford much better accommodation to the many Sturgeon Point residents who desire to have a longer stay there in the evening.

Work is being pushed forward on the new band stand on the market square. The stand will be a two-story one with the band premises on the upper storey and an ice creem parlor down below. We have been waiting a long time for that stand, but we will appreciate it none the less. Slowly, but surely the town pushes shead. Soon we will be even with the best of the most modern towns.

ral precautions dictated by common sense. When a man's stomach and liver get up-set and fail to do their regular work, he can be certain that something worse is bound to follow, if he doesn't look out for himself. Headaches, indigestion, biliousness and constipation are simply Nature's warnings that the enemy of serious disease is coming to attack him.

The sensible thing to do is to immedi-

ately fortify the system with Dr. Pierce's Golden Medical Discovery. It vitalizes and invigorates the entire constitution. It helps the liver to filter out all bilious impurities.
It gives the digestive and nutritive organs power to extract nourishment from the food and turn it into rich, red, healthy blood. It creates appetite, good digestion, and solid, It is far superior to the mere temporary stimulus of malt-extracts. It is better than

A number of Sturgeon lake campers, who profess an ardent love of the antique, went digging for Indian relics the other day. A likely looking mound was chosen, and after an hour's work they were rewarded by turning up some bleached bones. A very few minutes served to turn cut everything in the grave. What they said on perusal of the bones is better said elsewhere. The bones were those of an old dead horse.
