The lake, a distance of nine miles in all. The competitors, finding that they could not tire each other by swimming, came out of the water, when it was proposed that they climb to the top of fiag pole on a building near by. Two minutes after his swim, and in nature's garb, Mr. Cuff scrambled to the top of the pole, thus defeating his opponent who was unable to accomplish the feat.

UIVIO HOLIDAY.—Citizens and buyers will remember that next Tuesday is civic holiday. This makes the second holiday that we have had this year, the first one being on the occasion of the curiers' excursion to Hamilton in March. Many merchants are dubious about closing their stores Tuesday, claiming that they cannot afford to close shop twice during the week—on Tuesday and on Thursday, the half holiday. The contention appears just enough.

THE BAND STAND.—The band-stand is rapidly nearing completion. When finished it will be a very tidy looking ornament. The erection of the stand is the first improvement on the market square after a plan that was formulated by Deputy reeve Robson years ago. When the whole of his plan is followed out the market square will be a very pretty little spot. Such will only be a question of time.

Many will note with much regret that next Thursday is the last of the weekly half. holidays. These holidays have been much enjoyed by all who enjoyed their privileges. They have been the means of doing much good physically, mentally and morally. G.T.B LIBRARY PIONIC.—The members and

RACE MEET .- The biovole club will hold a local race meet here on Tuesday afternoon at the agricultural park. There will be several novel and interesting races. The local flyers are all in training and in the pink of condition, and the races will be hot ones. The boys' race between Bell and Sylvester is the causing of much interest about town, as indeed are all the races.

A PROMISING YOUNG MAN. -Mr. Alf. Roberts, the popular young Lindsayite who left town about a year ago to take a position with a leading New York drug firm. arrived in town Saturday on a two weeks' holiday with his parents. Mr. Roberts assisted the Cambridge at methodist church choir on Sun-day, rendering a solo in excellent style. Possessed of a magnificient baritone voice which has been under the training of some of the foremost teachers in America, his singing has improved wonderfully. In New York he is one of the baritone soloists in one of the big churches there and has been the recipient of many flattering offers from different organizations. He will yet make a name for himself in the big metropolis.

CRICKET.—The cricketers had a good practice on the last half holiday. The game was helped along by the presence of Mr. Crosthwaite, cur new citizen, and the well-known cricketer. As a cricket coach Mr. Crosthwaite has few equals, having been with such clubs as the Upper Canada college boys, the Sarnia cricket club, and others. Mr. Crosthwaite organized the representative Manitoba club which toured through Ontario some time ago. He has written several excellent pamphlets on cricket, which have attracted considerable attention from Canadian cricketers. Under his care the Lindsay cricketers should make a name for themselves in first class cricket. Practizes are being held regularly now and they should be very largely attended as several important matches instalments of the story of the Greek war of most imp rtant of these will probably be with independence, "The Vintage," by E. F. the Chicago Wanderers, which club will make a tour of Ontario shortly. The Lindsay secretary is now in correspondence with the Chicago men for a game.

KILLED BY A FALL.—Townspeople were shocked Wednesday morning to learn that Mr. Egerton Henderson, the well-known east ward citizen and Ontario game warden of this brought justice to bear on a north ward youngster the other day in rather forcible style. She was riding down Victoria avenue when a young lad held a rope in front of her wheel meaning to stop her. The lady managed to pass over the rope without a spill, but as soon as she could stop her wheel she the building and shortly after the men had dismounted and went after that boy in good | mounted it, it gave way, falling to the ground, a distance of about twenty-five feet, Morrison lit on his feet. His companion did not escape so fortunately, but fell on the railroad track running back of the warehouse, his head coming in contact with an iron rail with terrific force He was picked up unconscious and removed to his home where he died shortly afterwards. His skull was badly crushed. Mr. Henderson had been a resident of the town for nearly twenty years. For several years he was a faithful servant under the Ontario government, acting as game warden and fulfilling his duties to the letter. He was a respected citizen, a good father and kind husband. He was twice married and leaves a wife and nine children. The funeral takes place this afternoon to the Riverside

OFF TO THE PRAIRIES. -The annual

harvesters' excursion to the North West, run

by the C. P. R., took place on Wednesday. From all over Ontario large numbers took it in. From Lindsay and vicinity nearly a hundred people boarded the regula- morning train for Toronto to catch the excursion train. Probably forty of that number were from Lindsay. The station presented a bewildering scene of activity. Trunks, valies, parcels, chests, and all manner of boxes were piled up to dangerous heights. Amidst this con-glomeration three or four hundred people were rushing wildly through the crowd saying good byes and looking after the baggage of their friends. Several people caught the western fever a short time before the departure of the train and promptly secured tickets. The majority of the excursionists will return at the end of the three months when their tickets are out. It is estimated that they will have no trouble in securing work in the super-abundant harvest fields of Manitoba. Some of the more adventuresome will push on to British Columbia and the coast, and it is IN PIONEER DAYS,—Stories of the early settlers, their trials and enjoyments are always interesting. Perhaps few old residents of this province are as hale and hearty after so long a life of roughing it in the early days as Mr. Thos. Cuff, who lives a short distance north of the town. For sixty-five years he has lived around Lindsey and Port Hope. Away back years ago, when Mr. Cuff was one of the strong young athletic men of the district, on a wager, he swam with another young fellow. The Warder wishes all success. Sharps.
