The Victoria Warder

FRIDAY, AUGUST 27, 1897.

Imperial Retaliation.

SIR,-To those who would have us believe that the relations between Canada and our neighbors to the south are of the most amiable character, we would suggest that they abandon these very rose-colored ideals, and face matters as they really stand. No doubt this John and Jonathan theory is very soothing as dream, but unfortunately it exists nowhere but in fancy, and, may we add, a most fertile fancy, indeed.

The recent policy of exclusion adopted by the United States, to the immense detriment of the Dominion, fails entirely
to harmonize with this make believe
mutual goad will.

We cannot pretend that it is by mese
chance that our friends over the border

have kept up a tariff fusilade so long. It is no accident, but is done for a purpose and provoked by a cause, and that cause is simply the fact that Canada is a part—
and a very important part—of the
British Empire. Just now we cannot but think that Uncle Sam's actions are peculiarly ill timed, being felt as they are States, and we will find the increase of British demands, during the past year, to be about \$87,000,000 or about 66 per cent. of the total increase of export trade.

These figures speak plainer than words. showing, as they do, the immense advantage Britain has by way of reprisal. For instance, England could descriminate against American corn and wheat, and at the same time give preference to the Canadian article-which could replace into Canadian hands, for would it not encourage trade within the Empire and at the same time teach Uncle Sam a Paine's Celery Compound Conquers lesson of consideration when dealing with British North America-an important member of an Empire, which need take neither martial nor commercial dictation

from a "third rate power?" CHAS. McCAUGHEY. Muskoka, Aug. 17th, 1897.

Watch the Voters' Lists.

Now is the time for our friends throughout Ontario to thwart the plan of the Hardy combination in the coming elections. Heretotore when any member of the opposition became offensive to the high toned chaps who sit on the treasury benches by attacking vigorously their methods of carrying on the affairs of the province, and exposed their trickery, waste and incompetence, that member was singled out for special attention by the government. Money was freely used to defeat him, calumny was heared upon his head, prejudices were stirred up to alienate votes against him, and every kind of misrepresentation was used to bring about his discomfiture at the polls.
The government stopped at nothing known to either genius or villany to destroy him politically if in their power. And as the liberal leaders of Ontario have done in former campaigns they will do again on these lines: By watching the voters' lists now in course of preparation our friends may be able to avert this danger and render it impossible for the government to carry out their scheme. Let every sonservative see that every one in his polling division favorable to the conservative cause in Ontario has his name on the new lists, for by these lists the fate of the two parties will be decided in less than one year from the present in less than one year from the present

forces very materially at the critical time. The tide is running with us and victory is within grasp. Again we call upon our friends to look after the yoters' lists.

Look After the Girle. To speak of this as a fast age is to talk ritely. Yet it is a solemn truth that calls for the earnest attention of the friends of humanity. The young are learning vicious habits that unfit them are being fitted for places in the ranks of the criminal and victors. Through the agent of the children's aid society, whore duties bring him in contact with the seamy side of human life, it is learned that scores of our young girls are being solicitors, Messrs. McSweyn & Anderson, duties bring him in contact seamy side of human life, it is learned that scores of our young girls are being rapidly ruined—being qualified—and the communication is perilously easy—for graduation in the ranks of the tallen and buggy on the 10th concession line.

Moved by Mr. Stacey, seconded by Mr. Edwin Mark, that Mr. Lownsbrough and Mr. Rich be a committee to investigate being led into the downward way.
Vanity is generally regarded as not a vice, but one of the venial sins, but its tendency in the regard referred to is of the most vicious. Love of display leads many a girlastray. In this fast age—this surface age parental training and parental restraint are almost unknown qualities. Girls are not brought up with a proper sense of the responsibilities in relation to the society of which they will be the future woman. The unnatural love of trustees of U.S.S. No. 14. Mariposa and future women. The unnatural love of display, which rigidly subordinated and to grow like a weed, without pruning or training. As a consequence, in the un-balanced characters of our girls, love of display becomes a passion; instead of being a means, it becomes an end. As a consequence we see scores of girls parading our streets in the evening, dressed in their cheap and showy finery without any companionship but those as giddy and unbalanced as themselves. Naturally, and under proper conditions, attempts are made to attract the opposite sex, who are, many of them, lying in wait for the unwary, and it needs no play of the immagination to picture the result. Facilis est decensus Averni—the downward way is easy—and girls who, under proper guidance, and carefully watched would have grown into useful and virtuous members of society, become the women whose "ways lay hold on hell." Unrestrained trequency of the streets after dark is a source of the most

tremendous peril for young girls, and so far there is no organized system of pre-venting, or of counteracting its baleful foffuences. We have, it is true, the curfew by law, but a law, however wholesome, that is not entorced, is useless. some, that is not entorced, is useless. Here the work of the true philanthropist is indicated. We have all sorts of especiations for young people, but unfortunately those who do not need special guardianship are all that receive the benefit. We want personal work—direct personal interest that will come into personal contact with those in danger and by wise persistence endeavour to to be done can learn much by communicating — personally, if possible, —with either the agent or secretary of the whole is just in the humor to retaliate for injury done to any of its members. Let us look at the trade returns of the United | active and systematic work in counteracting the victors influences that are emmeshing to their ultimate ruin hundreds of our sweet and as yet inno-

A WINONA LADY

the former. This would be a double deal Saved From a Life of Torsure.

After Years of Failures With Other Medicines.

Mrs. G. H. Parker, of Winona, Ont.. was for eighteen years a complete martyr to neuralgia, that cruel and merciless tormenter of thousands of old and young in Canada. During her long years of agony she had the services of some of the best medical men, and consumed any quantity of patent medicines, but all failed to drive off the tyrant that was making life a burden. At last she was persuaded to test the power and virtue of Paine's Celery Compound, and the happy results that rewarded her faith are described in the following letter:

"I have been a great sufferer from neuralgia for nearly eighteen years; these sufferings at times were so bad that words would fail to describe them. After having tried every known remedy and different physicians, and receiving no help, I was persuaded to try your Paine's Celery Compound, which I have been using for Moved by Mr. Stacey, seconded by Mr. the past four months. I am happy to say that I am now a different woman and completely cured. I can recommend your Paine's Celery Compound to all my friends, for it has been worth hundreds of dollars to me."

Others Fail-It Cures!

Pleasant, Sure and Quick. GENTLEMEN,—I am pleased to recommend your Laxa Liver Pills for cenatipation. dyspepsia and sick headache. I have used them for those troubles, and find them a pleasant, sure and quick curs, tree from the amounts griping of other pills I have heretofore used. Signed, H. JAMES. St. Nicholas hotel, Hamilton, Ont.—6-3.

Council Proceedings .- Council met on August 16th, 1897. Members all present. Minutes of last meeting read

and approved. A communication from Mr. John for occupying a useful place in the ranks Blevins, city clerk, Toronto, inviting of society. And not only that but they adjacent cities, towns and townships to

trustees of U.S.S. No. 14, Mariposa and Ops, be received and the request granted wisly directed, is one of the most charm-ing characteristics of the sex—is allowed making the whole amount \$1,400, and that a by-law be passed to that effect .-Carried.

Moved by Mr. Mark, seconded by Mr. Stacey, that by law No. 478, being a bylaw to provide for issuing debentures for the sum of \$1,700 for building a schoolhouse in union school section No. 21, Mariposa and Ops townships, be received and read a first time.—Carried, By-law No. 478 being read a second

and third time was passed, signed and

A similar by law was passed issuing debentures for the sum of \$1,400 for building a school-heuse in U.S.S. No. 14, Maripesa and Ops.

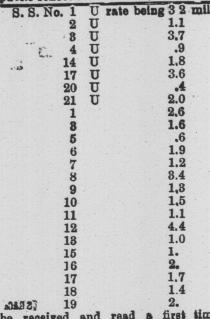

Moved by Mr. Rich, seconded by Mr. Swain, that by law No. 480, being a by-law to provide for levying and collecting

off the rateable property of the township of Mariposa, A.D. 1897, the sum of \$5,567 for county purposes and also the sum of \$8,850 for township purposes, county rate to be 2.14 mills on the dollar time.-Carried.

By-law No. 480 being read a second and third time was finally passed, signed

Moved by Mr. Mark, seconded by Mr.

Stacey, that by law No. 491, being a bylaw for levying and collecting off the rateable property of the township of Mariposa
in the year A.D. 1897, the sum of
\$3,307.63 for a public school, general rate
and the rate to be 1.27 mills on the
dellar; else the sum of \$4,852.55 for dollar; also the sum of \$4,852.55 for B. S. No. 1 U rate being 3 2 mills.

be received and read a first time. Carried. By-law No. 481 being read a second and third time was finally passed, signed

and sealed. Moved by Mr. Stacey, seconded by Mr. Mark, that the clerk be instructed to get from the clerk of Eldon, the assessed value of that part of Eldon situated in ran into a crop of tacks, and were mar-U.S.S. No 1, Eldon, Woodville and Mariposa before next meeting of council

persuaded to test the power and virtue of Paine's Celery Compound, and the happy balance in treasurer's hands after completion of drain.—Carried.

Moved by Mr. Stacey, seconded by Mr Mark, that the clerk be instructed to notify John Sparks and John Thorbourn to make the sand hole sate for public travel on the 4th concession, lot 5; also to notify Samuel Tremeer to fill up the

Moved by Mr. Stacey, seconded by Mr. Mark. that the reeve give an order on the treasurer for each of the following accounts:—Wilson & Wilson, printing acc't, \$88.25; Jas Parkor, for blanks, acc't, \$88.25; Jas Parkor, for blanks, forms and stationary, \$5.10; Geo Hicks, building sinceway and drawing gravel, lots 15 and 16, con. 9, \$8.50; Jas Kinney, sluiceway, lot 13, con. 13, \$5; Hugh Wilson, cleaning gravel plt, lot 9, con. 14, \$3; George Hicks, gravelling lots 15 & 16, con. 9, \$21.25; James Wood, cleaning gravel plt, lot 23, con. 13, \$1.50; Thomas Corey, gravelling and cutting brush, lot 16, con. 18, \$20.56; Jas S Brown, grading townline, Brock, \$13.50; Samuel Walters, building sluiceway, lot 15, con. 9, \$15; building sluiceway, lot 15, con. 9, \$15; Thos Grimstone, cedar for culvert, townand candidates of the conservative party who will at the right time be thus attacked because the government fears their criticisms in the house and on the platform, but our friends know pretty well to whom we refer. If conservatives fall to do their duty by these men it will be an inexcusable neglect and will weaken our forces very materially at the critical time. line, Ops, lot 24, con. 9, \$1.50; Daniel Johnston, gravelling lot 22, con 14, \$20.20; Thos Hill, gravelling lot 21 & 22, con. 14, con. 9, \$0.75; W A Silverwood, gravelling lot 14, con 9, \$11.60; W A Silverwood for gravel supplied road beat No. 33, \$5; In the second property of the second point of

Reporter's Searching Investigation Into a Case at Orangeville-The Claims Made on Behalf of This Medicine Fully Borne Ont - The Greatest Healing Medicine, of the Age. penda ___

From the Orangeville Sun.

In a cosy little house in Margaret street, in this town, lives Mr. John Garrity, his wife and family. They are indeed a happy family, although a few years ago a sadder household would be hard to find. Their happiness was not occasioned by the sudden obtaining of a fortune, but by something much more precious—the restoration to health of a wife and mother when everyone whispered that she must die. Our reporter heard of Mrs. Garrity's illness and cure, and tor the benefit of our readers investigated the case; what he learned is well worth repeating. A few years ago
Mr. Garrity kept a well known hotel at
Chelterham and was known far and wide

Sam. Hughes. for his kindness and hospitality; his wife, too, was noted for her amiability. Howeyer she was stricken with a peculiar sickness, her health failed rapidly and from one hundred and forty-seven pounds her weight became reduced to ninety five pounds. Fainting spells became frequent and a continual pain in the back of her head almost drove her frantic. Physicians were in attendance, but the doctors all said there was no hope. Mrs. Garrity saw death staring her in the face, and the thought of leaving her little children caused her much sadness. She was advised to try Dr. Williams' Pink Pills. but thought they could not possibly do her any good when physicians had failed to alleviate her sufferings. Hoping, however, almost against hope, she procured a supply, and wonderful to relate she had not been taking Pink Pills long when the and the township rate to be 1.3 mills on the dollar dreadful symptoms of her illness began to pass away, and to-day she is the picture of health. A few months ago Mr. Garrity and family removed to Orangeville, and in conversation with our representative Mrs. Garrity said :- "I cannot find words to express my thankfulness for what Dr. Williams' Pink Pills have done for me.

Items of Interest.

Rag weed is beginning to spread through several of the adjoining townships and the sooner that farmers get a knowlege of the plant and its habits the easier will it be to keep it in subjection. It is a useless weed as no animal will eat it, except perhaps a half starved sheep,

and it soon consumes the fertility of the soil.

Dr. Chas. Perry and Miss Emma White, living ten miles south of Shelby-ville, Ind., had been engaged many months, against the wishes of the young woman's parents. Dr. Perry decided, in apite of the parents' objections, to marry the young woman, who was willing, and last Wednesday, through a friend, he arranged for her to meet him in a black.

Orange Hall, o arranged for her to meet him in a blackberry patch a mile from her home. Perry appeared with two bicycles, and on these he and his intended bride started towards the city. Soon after they had set out they were surprised to hear the report of a revelver behind them. Looking back they saw Emma's tather on a bicycle in pursuit. They increased their speed and Emma's father increased his. He fired and punctured the tire of the girl's wheel. This wheel was then abandoned and Perry took the young woman on his own bloycle. They soon distanced the irate parent, who ried long before he arrived in town.

Mr. Moudy, the evangelist, has the following to say on journalism :-"It is one of the most ennobling and educating of professions. In my opinion, every theological student in the land ought to word on a newspaper for a least a year in order to study human nature and gain the knowledge that it is impossible to receive in the academy, at the college, and in the seminary. That's the trouble with preachers. They don's know the men to whom they are preaching, they havn't a knowledge of human nature; the best way to acquire all of which is work on the press. So you see, I am a believer in the newspaper and of the great practical work which it performs. You people reach thousands, where we reach hundred the property of the prope dreds and the results are correspondingly large.

Burdock Blood Bitters. Burdock Blood Bitters regulates the stomach, liver, bowels and bloed; curing dyspepsia, billiousness, sick headache, rheumatism, scrofula, and removing all impurities of the blood, from a common pimple to the worst scrofulous score. As an invigorator and tonic B.B.B. is an unequalled medicine.—10-1.

"I have been troubled with sick headache for over a year. Lately I have used Laxa Liver Pills, and find that they help me more than any other medicine I have ever taken. They are an excellent pill, causing no pain or griping, and leaving no after ills or effects. MISS MARY ELLEN HICKS, South Bay, Ont.

EVEN IF YOUR REMORY IS DEPECTIVE YOU SHOULD ALWAYS REMEMBER THAT DOAN'S PILLS CURE ALL KIDNEY TROU-BLES, AND EVERY DOSE HELPS THE SOLD AT ALL DRUG STORES.

CURE TAKE BEST THAT THIS GREAT COUGH. CURB promptly ourse where all others fail. Coughs, Craup, Sore Throat, Hoarseness, Whooping Cough and aathms. For Consumption it has no rival; has cured thousands, and will cure you it taken in time. Sold by Druggists on a guarantee. For a lame Back or Chest, use SHILGH'S BELLADONNA PLASTER. So.

PIANOS AND ORGANS.

Pianos and Organs, manufactured by the Dominion Organ and Piano Company, Bowmanville, are still having a wide sale. A few weeks ago two very important sales were made, which are worth recording, although the instruments were placed 3000 miles apart. They had the special honor of placing one of their Cabinet Grand Pianos in the Crystal Palace at London, Eng., and another beautiful Cabinet Grand in Italian walnut was sold by their agent, Mr. Fleming of Markham, to Mr. George Parker, ex-Reeve of Pickering township. This alone is sufficient, if it were necessary, to convince the musical public how highly these instruments are appreciated at home and abroad, and speaks volumes for the energy displayed in the management of this company.

OAKWOOD.

W. G. WOODS,

DRAR SIR,—I have much pleasure in stating that the Gurney Oxford Hot Water System which you set up in my house in the autumn of 1894 was fully what you represented it to be, and gave entire satisfaction. There was no dust, no smoke, no gas, no leakage, and the air seemed pleasant and agreeable to breathe, so that no one had a cough in my house during the entire winter. Notwithstanding the severity of last winter our house was so comfortable that we had to go outside to find if the day was cold, while the quantity of coal consumed was only a little more than we had burned in former winters in one large coal stove with less rooms to be heated. The Furnace was easily managed, and with ordinary care the temperature of the house could be kept at any degree desired. I can heastly recommend this system of heating to any one who during our Canadian winter desires to enjoy what I can best describe as "Solid Cemfort,"

(Sgd). THOS. W. POOLE. M.D., Lindsay.

Give W. G. WOODS the contract of making your life a comfort this winter. August 21st, 1895.—1889-lv.
