HALIBURTON. Besial to The Warder.

MRS. JAMES EXION WAS in the village Monday in her usual health. Tuesday the complained of chills, and expired on Wednesday, the 8th, before medical aid ould be got. Several of her children me from Toronto too late to see her live. She was interred at Haliburton metery Friday, when a very large umber followed her remains to the rave, the stores in the village being losed and one flag at half mast. Rev. Mr. Bonner, B.A., preached an impressive nemorial sermon in Dysart school house n Sunday, which also was largely ttended. She was a true christian, a Mr. J. Exion and family were formerly of Toronto.

A foul breath is one of the greatest afflicions that a men or woman can have. An affliction not only to themselves, but to those dith whom they come in contact. A foul reath is a great discourager of affection. It would probably be more so if people only ealized just what bad breath means. Bad breath is one of the symptoms of constipation, Some of the other symptoms are sour stomach, loss of appetits, sick and bilious headache, dizziness, heartburn and distress after eating. These things mean indigestion. They lead to dyspepsia and worse things. They all start with constipation, and constipation is inexcusable because it can be oured—cured easily, quickly and permanently, by the use of Dr. Pierce's Pleasant Pellets. They give to nature inst the little help that she needs. There is no case of billoueness, constipation, indigesion, "heartburn," or sny of the rest of the ight-mare breeding brood, that these little

to Suffering Humanity."

From the Amherst, N.S., Sentinel.

The rugged and the strong do not appreciate to its full extent the blessing of perfect health. It is only those who have passed through a trying illness, who feel that health is a treasure to be prized more than silver or gold. Among those who have experienced the aruth of this is Miss Sabra Rector, of West River Hebert, N.S. This lady has passed through a trying and wearisome illness, from which happily relief was found through the medium of a medicine that has brought health and strength to thousands of others, and whose medicinal virtues will work equally good results in all cases where it is given a fair trial. Miss Rector says:—"I feel it is my duty to recommend Dr. Williams' Pink Pills. as they have done wonders for me. About two years ago I became very ill with a complication of diseases. I was suffering with indigestion,, biliousness and the resulting nervous disorders, such as sick headache, loss of appetite, and sensation of smothering that I would find it necessary to arise. Then the other extreme would come and I would shiver with cold. Time wore on and there was no improvement in my condition. I was not able to do any work about the house and even the exertion of moving about would tire me out. If I attempted to walk any distance or hurried in the least I would gasp for breath and could searcely speak. I had a very poor appetite, and what food I ate did not severe pain in my side and back. During this time I tried many remedies, but they gave me no relief whatever. I had become so weak, and my system was so run down that life was a burden to me. of her times or of any time. She re-At this stage my attention was directed to Dr. Williams' Pink Pills and I determined to give them a trial. After using that no other woman could read his book. four boxes I felt so much better that hope Meanwhile she was unusually skilful and encouragement came to me once more. I continued the use of the Pink Pills and found myself steadily gaining health and strength. By the time I had used four boxes more I had fully regained health and strength and I am not only able to do my full share of household work, but also attend to my Sabbath school class and other church duties. I look upon Dr. Williams' Pink Pills as a

# CLINCHING STATEMENT

A CURE THAT WAS PERMANENT

Day after day home and toreign cures are heralded as the result of using this or that medicine. It is safe to assert that many of the published letters are bogus, and others will hardly bear the light of investigation.

The cures effected by Paine's Celery Compound; and noted in the press of the country, have all the ring of genuineness and honesty about them, and the original letters can be seen at any time by an interested public.

It has also been proven in numberless instances that the cures made by Paine's Celery Compound are permanent. Another letter has just been received, this time from Mr. P. J. Kilbride, Postmaster, Inverness, P. E. I., testifying to the permanency of his cure. His case was one of the most serious and critical ever given to the public, and his complete cure astonished his many friends and the

residents of his town. Mr. Kilbride says: "Over three years ago I gave you a testimontal for Paine's Celery Compound after it had oured me. "To-day I am in splendid condition, and have not been sick a single day since I used the famous Paine's Celery Com-

pound. "I certainly owe my present health and strength to your medicine, and I am fully convinced it saved me from a condition bordering on insanity. I can now sleep and eat well, and I thank God for Paine's Celery Compound and the great

"I have received and answered 250 letters since my testimonial was published. These letters came from all parts of Canada and the United States. It has been a pleasure answering these letters from sufferers, and I trust my recommendation of Paine's Celery Compound will help suffering humanity.'
