A By law to provide for draining parts of the Township of Bexley, and for boyrowing on the credit of the Municipality the sum of One Thousand and Seventy four Dollars and Sixty-two cents. Provisionally adopted 23rd

WHEREAS, a majority in number of the owners as shown by the last revised assessment roll of the property hereinafter set forth to be benefited by the drainage have petitioned the Council of the Township of B-xley, stating that there is a large tract of land which is low, wet and marshy in the Township of Bexley, lying in the south-westerly portion of said Township, almost worthless, but which by a proper system of drainage cou'd be made available for agricultural purposes; and praying that those lands should be drained under the provisions of the

AND WHEREAS, thereupon the said Council procured an examination to be made by Geo. Smith, junior, P.L.S., being a person competent for such purpose, of the said locality proposed to be drained; and has also precured plans and estimates of the work to be made by the said George Smith, jr.; and an assessment to be made by him of the real property to be benefited. by such drainage, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such draininge, by every road and lot or portion of lot; the said assessment so made, and the report of the said Geo. Smith, jr., in respect thereof and of the said drainage being as follows:

To the Reeve and Municipal Council of the Township of Bextey: GENTLEMEN. -In accordance with your instructions of August 30th, 1887, I have made an examination of the awamp lands proposed to be drained in Block E, and Lots 1, 2, 3, 4, &c., W.B., of the Township of Bexley, and beg to report that said swamp is formed beh rock bar which shows in the creek bottom in the outlet to Baisam Lake through Block E.

also find another rock bar up stream on Lot 3, N.W.B. I propose to cut both these bars and connect them with a drain as shown on plan, exparated to the depth shown on profile I herewith turnish you. This drain will meet the creek bed fifty feet above the upper bar, and lower said creek bed four feet, and will in my opinion give all the drainage at present required.

I also herewith furnish you with a schedule showing in my opinion the proportion derived by every road and let or portion of lot of such lands as drained. My estimate of what the work should cost is as follows:-Construction of drain seconding to specifications. Survey, plans, estimates of cost, etc Assistance on survey ... Printing and advertising Township Clerk, Striking R tes, By-law, etc. ... Passing work when done, two visits...... G. SMITH, P.L.S. I have the honor to be, Your Obedient Servant.
