the Cictoria Warden

PRIDAY, MAY SA, 1988

IN THE RYEKT OF WAR WITH THE UNITED STATES

Phore is no desire among decent mem hora of ancipty either in Canada or the United States for war, but there are parties in each nation who would glory in alanging two kindred peoples into a con-Canada's stand is, she will not be scoroad, estable or builted into any allianos that will aspriftes her independence of that her out from the rest of the world.

But cuite recently the Toronto (Hobe has plotured in its usual gloomy enlow the atter helpleamess of Canada in the event of war with the United States. The disasters sure to befull us, and Canada and (treat thitain's weakness are exulted in ogra the defects of his own forces; but he weakness and strongth. But the Globe's traiterems inclinations and dispased stome not have much to do with its course.

Some, when selsed with a seare of savoreny. But history and experience do not justify the maintenance of mich. Canada's civilian as well as military uni-

Throughout the whole system the idea of opposes addier abouted be paramount. A trained militie is infinitely less expenaive in peace, and much more efficient in war than regulars of permanent militia. THE MILITIANAN PHINTS FOR HIS DOUBLE PRY. So says history as well as reason.

In a war with the United States Canada could easily be condered invulnerable if proviously the above lines of training could blockade her ports as easily as the Southern ports were closed in the civil This would necessitate the retention of every man the seaboard states south sured, for the hundreds of ottes, towns and harbors would require constant when he blockwheel and the keeping up of

At the very outset these should be care sured and hold at all hazards, Portland in Matne, Portamouth, N. H.; Sackett's Harbor, Oudenabury, Plantebury and Sharbrooks and facolla, Quaber. A very large floor should hold Lake Champlain. small land forces. Thus would an invasion were found in the look up recently. And the contract of Canada from Passamaquoddy Ray to the animal that did deserves two years in and take Champlain in keeping. Britain could out off atther the advance or retreat of any invading army along the Quebes or

could more readily be detended by smaller armies, strongly supported by war vessels. Farther west, Mackinse, Sault Ste.

Marie and Duluth should and sould easily us held and rendered impregnable. The of the waterway of Laken Michigan and Superior; while Dulath would form a base where they could go Dansdians also could. three hundred years ago. Further, the b. F. A. being parallel to

Hiver Valley or Red River Valley, then

would require only a few army entre, to be conveyed from place to place by the ole. In short every Yanker city how many men could be spared to invade than half a million, for depote, transin transport and naval duties, Canada would have at least four hundred thousand fighting men to face the Yankees without one British soldier. Is there

have again and again said, mean only peace and good will to Canada and Great Stritain. If a war be forced on it will be

the great United States cities and towns from Prownsylle and San Diego to Duluth and Tacoma, would make themselves heard, before yielding to the fanaticism of demagogues and Fenians.

One large city in schos, say Philadelphia, Washington, Baltimore, New York, Itrocklyn, Boston, Rochester, Buffale, Cleveland, Detroit, Chiesgo or Milwaukees

Cleveland, Detroit, Chiesue or Milwaukee; not to mention scores such as Toledo, Sandusky, Dunkirk, Oswego, Krie and others clong take and ocean shores, would ill requite honest, godly citizens of the United States for the votes of all the rabble horders her borders ever contained. It would be cheaper and more advantageous to mankind to get them in the Atlantic, twenty miles of Sandy Hook, and sink them

Still Canada loses no sleep through fearing war.

DRUNKEN BOYS.

Lindsay public has recently been desniconness among boys. There is no use in moralising of faterno goodygoody over the business. Acres is the

that they and their friends are the ones injured by the drinking. They should as the Salvation Army did, i.e., play on he strengthened in will and purified in morals; not by pounding, nor by scolding nor by about; but he figs. Actomized kindly instruction; by making homes at-'gawping' slong the streets, chewing whiskey dens, or leading down the river.

On the other hand whiskey dens must

the have gained a lasting popularity by dying with all their music in them." Oh, yes, that was before the days of sopranos in church choirs. Puck evidently has never visited Lindsay.

The Canadian Parliament prorogued on Puesday last after a laborious session The Grif party show themselves utterly demoralised, and are desperate; but the best elements of the rank and file of the reform party are affiliating with the liberal conservatives. May the affiliation

Why does not the Council repeal the tyrannical by law forbidding bands from standing on the streets? Every other town place. Let the band settle the business

On the other hand whiskey dens must be cleared out; and the person found selling or giving liquor to a minor should be drummed out of town. No man would ever give whiskey to boys such as but on account of his croed and race. that he is there not because of his active, but on account of his creed and race. Against all such doctrine does The Warder protest. If a man has not the necessary ability then the people of Canada should demand that he step down and out. To do otherwise would be putting a premium on demagoguism and faction.
