

MONA'S CHOICE.

(Continued from 6th page)
I have to see the doctor, but it is a very long way from here to the doctor's office.

What an extraordinary encounter!
I had never before met a man who had been making sauce for the salad, according to Mrs. Debris's recipe, had just placed the salad bowl on the table, when he stepped in with the aid of a stick and umbrella.

And we are glad to see you.
Can you cook? was his next question.
Well, not much.

When he had had enough, he pushed away his plate, and glancing at Mrs. Debris and Mona, who had been quietly waiting for him, returned thanks at some length, and then, very deliberately, took a visit from his pocket, dropped a certain quantity into a glass, added water, and drank it.

For the purpose of raising the sum of Fifty Dollars, the total amount assessed as aforesaid against the roads of the said Municipality, and to cover interest thereon for fifteen years at the rate of five per cent. per annum, a special rate in the dollar sufficient to produce the sum of Four Dollars and Sixty-eight cents shall, over and above all other rates, be levied (in the same manner and at the same time as taxes are levied) upon the whole rateable property in the Township of Bexley in each year for the period of fifteen years after the final passing of this By-law during which the said debentures have to run.

For the purpose of raising the sum of Fifty Dollars, the total amount assessed as aforesaid against the roads of the said Municipality, and to cover interest thereon for fifteen years at the rate of five per cent. per annum, a special rate in the dollar sufficient to produce the sum of Four Dollars and Sixty-eight cents shall, over and above all other rates, be levied (in the same manner and at the same time as taxes are levied) upon the whole rateable property in the Township of Bexley in each year for the period of fifteen years after the final passing of this By-law during which the said debentures have to run.

Take notice that a Court of Revision will be held by the Municipal Council of Bexley on the SECOND DAY OF JUNE NEXT, at the hour of Ten o'clock at COBOCONK.

And further take notice, that any one intending to apply to have the said By-law or any part thereof quashed, must within ten days after the final passing thereof SERVE a notice IN WRITING upon the Reeve or OTHER HEAD OFFICER, and upon the Clerk of the Municipality, of his intention to make application for that purpose to the High Court of Justice at Toronto, during the sittings next ensuing the final passing of the said By-law, and that failing to give such notice the said By-law shall be a valid By-law, notwithstanding any want of substance or form either in the By-law itself or in the time and manner of passing the same.

COBOCONK, 30th March, 1888.—25-6.

BY-LAW NO. —

A By-law to provide for draining parts of the Township of Bexley, and for borrowing on the credit of the Municipality the sum of One Thousand and Seventy-four Dollars and Sixty-two cents. Provisionally adopted 23rd March, 1888.

WHEREAS, a majority in number of the owners as shown by the last revised assessment roll of the property herein set forth to be benefited by the drainage have petitioned the Council of the Township of Bexley, stating that there is a large tract of land which is low, wet and marshy in the Township of Bexley, lying in the south-westerly portion of said Township, almost worthless, but which by a proper system of drainage could be made available for agricultural purposes; and praying that those lands should be drained under the provisions of the Municipal Act.

AND WHEREAS, thereupon the said Council procured an examination to be made by Geo. Smith, junior, P.L.S., being a person competent for such purpose, of the said locality proposed to be drained; and has also procured plans and estimates of the work to be made by the said Geo. Smith, jr.; and an assessment to be made by him of the real property to be benefited by such drainage, stating as nearly as he can the proportion of benefit which in his opinion will be derived in consequence of such drainage, by every road and lot or portion of lot; the said assessment so made, and the report of the said Geo. Smith, jr., in respect thereof and of the said drainage being as follows:

To the Reeve and Municipal Council of the Township of Bexley:
GENTLEMEN,—In accordance with your instructions of August 30th, 1887, I have made an examination of the swamp lands proposed to be drained in Block E, and Lots 1, 2, 3, 4, &c., N.W.B., of the Township of Bexley, and beg to report that said swamp is formed behind a rock bar which shows in the creek bottom in the outlet to Balsam Lake through Block E. I also find another rock bar up stream on Lot 3, N.W.B.

I propose to cut both these bars and connect them with a drain as shown on plan, excavated to the depth shown on profile between upper bar and lower bar, and lower said creek bed four feet, and will in my opinion give all the drainage at present required.

I also herewith furnish you with a schedule showing in my opinion the proportionate benefit derived by every road and lot or portion of lot of such lands as drained. My estimate of what the work should cost is as follows:—

Table with 4 columns: Description, Amount, Total, and Value of Improvements.

I have the honor to be, Your Obedient Servant.
Beaverton, Sept. 15th, 1887. G. SMITH, P.L.S.

AND WHEREAS, the said Council are of opinion that the drainage of the locality described is desirable.

Be it therefore enacted by the said Municipal Council of the said Township of Bexley, pursuant to the provisions of the "Consolidated Municipal Act of 1883" that the said drain and the work connected therewith be made and constructed in accordance therewith.

2. That the Reeve of the said Township may borrow on the credit of the Corporation of the Township of Bexley the sum of One Thousand and Seventy-four Dollars and Sixty-two Cents, being the funds necessary for the work; and may issue debentures of the Corporation to that amount in sums of not less than \$100 each, and payable within fifteen years from the date thereof, with interest at the rate of Five per centum per annum, that is to say one such debenture including interest to be payable at the Bank of Montreal at Lindsay on the Fifteenth day of December in each year for fifteen years.

3. That for the purpose of paying the sum of One Thousand and Seventy-four Dollars and Sixty-two Cents, being the amount charged against the said lands so to be benefited as aforesaid, other than roads belonging to the Municipality and to cover interest thereon for fifteen years at the rate of five per cent. per annum, the following special rates over and above all other special rates, shall be assessed and levied in the same manner and at the same time as taxes are levied, upon the undermentioned lots and parts of lots; and the amount of the said special rates and interest assessed as aforesaid against each lot or part of lot respectively, shall be divided into fifteen equal parts, and one such part shall be assessed and levied as aforesaid in each year for fifteen years after the final passing of this By-law, during which the said debentures have to run.

Table with 6 columns: Con., Lot or part of Lot, Acres, Value of Improvements, To cover interest for 15 yrs., Total assessed for 15 years.

Chargeable to Municipality for roads..... \$1024 62
GEO. SMITH, P. L. S. \$1074 62

For the purpose of raising the sum of Fifty Dollars, the total amount assessed as aforesaid against the roads of the said Municipality, and to cover interest thereon for fifteen years at the rate of five per cent. per annum, a special rate in the dollar sufficient to produce the sum of Four Dollars and Sixty-eight cents shall, over and above all other rates, be levied (in the same manner and at the same time as taxes are levied) upon the whole rateable property in the Township of Bexley in each year for the period of fifteen years after the final passing of this By-law during which the said debentures have to run.
