You, and there is many a good looking schoolmam. It must be the law of selection-by the trustees. This year was no exception to the rule, nor was it a case of nature unadorned, wer, for surely our schoolmams may claim to be the "glass of fashion and the mould of form." Aithe' he is old and well stricken with years Of a annual pionic was held last Friday, the his favor. Generally, he is either a rusty old staner fit for nothing else, or a young shaver paper, in fact, it was quite "esthetic," "just levely," as one young lady remarked as she selected a copy done in magenta, to match the ribbons on her "bandiiti" hat and thus arranged she was a very "phantom of delight." Dr. McLetlan was "The Star of the Evening" and a very good evening star he made. It would have done us all good if off in the stilly night we had such a star to guide us in our rambles. Of the rest Miss Coleman and Messrs. Perth and Eggleston acquited them selves with their usual ability, and one other gentleman would have done well if he had inderstood how to make his andience understand him. Dr. Curry's address was a piece of very fatherly, motherly, sisterly, brotherly

OUR PRICES ARE LOW BECAUSE OUR EXPENSES ARE LOW

We have neither rks, journeymen nor real to pay. Because we luy for cash and save the discount.

Because we sell for cash and our customer reaps the benefit of both discounts. Altogether this makes a saving of about 15 per cent.

Just figure it up and see how much difference this makes, for instance on a watch the ordinary price of which is \$25. JUST \$3.75

15 per cent, is worth saving. We do not profess to "slaughter" goods nor to do business for the fun of the thing. Neither do we sell goods at cost. Our aim is to do a legitimate business and make a reasonable profit

thereon, to pay for the time and attention devoted to it. We are enabled to do this on a small margin of profit because of the reasons given above. This is no catchpenny selling out cry. It is a regular and continu-

ous method, adopted when we began business, and is founded on a sound financial basis. You can ALWAYS get better value from us than is to be obtained elsewhere not for 10 or 30 days but every business day year in and year out. It pays us and it pays our customers.
