We have received just the day before ublication a very long parsonally abusive letter from the pen of Victoria's famous rator, statesman, diplomat, tactician, hat is he not? D. J. Molntyre, In it he rly "humps" himself. He has doubtless received judicial inspiration, as the style is too utterly culpar for Mr. Melnevery word of it, mingled with a bit of spanoning from Tag Wannen. The text

It affords THE WARDER more than pleasure to see that public sentiment, even among the annexationist and unrestricted reciprocity press, is finally forced to commend the active militia system of this young Dominion. The Scott Act was passed to meet their wishes, and now that it is a total failure they exclaim, "Ah! Oh! but that is not what we asked for." The fact is these professional spouters manipulate the cause of temperance so as to keep a good opening for themselves.

The old brutal habit of regularly pounding children has, we regret to learn, not entirely vanished from the land. In ninety nine out of every hundred cases of punishment it is the parent and not the child who committed the fault. Parents' pegligence, idleness, carelessness, passion and ignorant despotism, all banded together under the honored name of "parental authority," often break children's will, and stunt both intellectual and moral growth. The kind, yet firmly judicious CANADA'S ACTIVE MILITIA. CRIT parent will rarely ever require to resort to corporal punishment. And if it be Look over your past. > The grand old presbyterian general assembly of Canada gives no uncertain sound on the encroachment of the roman eathelic church. In addition to recognizing the great gains to protestantism and to humanity through the accession to England's throne of William III, and Mary, the general assembly recommends that Sunday Nov. 4 and Monday evening Nov. 5. he set apart for suitable commemoration of the events connected with those dates. Of course "there are black sheep in every flock," but the vast majority of presbyterians, as well as methodists, episcopalians, baptists and congregationalists, are thoroughly sound at heart. Those churches, whose hustory is written in the blood of their persecuted heroes, know

for getting the duty remitted on Mr. Boyd's cattle going into the United States. We do not dony but Mr. Barron is eternally poking his nose, not only where it is proper, but also where it is improper. HARTLEY-HLDON.

Foot Balls.—At a pionic last Friday to Birch Point, on Balsam Lake, the Islay and Hartley foot ball teams again came into contact. Hartley's motto is to "never come out second best," so of course Islay was defeated. The game was an exciting one, and the oulockers were much amused at the unexpected somersaults of some of the players. But Islay has not yet lost courage, and another match will be played shortly.

Special to the Warden. True village is on the town line where the south east corner of Carden, the north east of Eldon and the western boundary of Bexley

paster of the Methodiat Church, preached his opening discourse on Sabbath evening July 1st. The church being fairly filled Mr. Mears kept the attention of the congregation on the interesting subject "The parable of the Sower," We wish Mr. Mears success in his new field of spiritual labor.

BARR BALL NOTES -A match game took place between the Victoria Road Stars and the long Point base ball club, July 2nd, on Mr. Laidlaw's ground, the Fort, resulting in the victory for the Victoria Road Stars who played 8 innings, scored 29 runs, having one innings to spare; Long Point club 9 innings, scored 18 runs. After finishing the friendly game the ladies of Victoria Road prepared refreshments on the lake shore for both clubs, all feeling much better after it returned home well pleased with the sport,

A CURIOSITY.—One of our citizens has a remarkable storehouse, during the wet season he uses it as a protection to his pedal extremities, but in the dry as a storehouse for various articles, as tobacco, apples, etc., but the busy burglar, as usual, came on his rounds and a raid on the storehouse was the result. With the assistance of a step ladder he explored its subterranean depths and took everything of value except "one plug." We cordially invite the public to examine this wonderful storehouse, as our friend takes great pride in showing people through it.
