REV. DR. TALMAGE'S DISCOURSE LAST SUNDAY MORNING.

...the name of the great metropolitan doctor, Pancoast or Gross or Joseph C. H. ...

Yet what do we see in all departments? People not satisfied with ordinary spheres of work and ordinary duties. Instead of trying to do what they can do with a hand of five fingers they want six. Instead of usual endowment of twenty manual and mental attendants they want twenty-four. A certain amount of money for livelihood and for the supply of those whom we love is had to us after we have departed this life is important, for we have the best authority for saying, "He that provideth not for his own, and especially those of his own household, is a fool." But the large and fabulous sums for which men struggle, obtained, would be a hindrance rather than an advantage. The anxieties and annoyances that those who have these means have to bear are not only told by those who possess them. It will be a good thing when through your industry and public prosperities you can own the house in which you live. But suppose you are not a householder and you have no means to collect and those tenants to please. Suppose you have branched out in business success until in almost every direction you have investments. The five left rings of your hand you must look out of the window to see if it is any of your mill's. Epiphany of extra comes and there are embroilments and calculations in all directions, and you wonder whether any of your bookkeepers will prove accurate. A panic strikes the financial world, and you are like a hen under a sky full of hail, and trying with anxious check to get your overgrown children safely under wing. After a certain stage of success has been reached you have to look out of the window to see if there is any of your mill's. Epiphany of extra comes and there are embroilments and calculations in all directions, and you wonder whether any of your bookkeepers will prove accurate. TO DYSPYPTICS.

The most common signs of Dyspepsia, or Indigestion, are an oppression at the stomach, nausea, flatulency, water-brash, heart-burn, vomiting, loss of appetite, and constipation. Dyspeptic patients suffer untold miseries, bodily and mental. They should stimulate the digestion, and secure regular daily action of the bowels, by the use of moderate doses of

Ayer's Pills.

After the bowels are regulated, one of these Pills, taken each day after dinner, is usually all that is required to complete the cure. Ayer's Pills are sugar-coated and purely vegetable—a pleasant, entirely safe, and reliable medicine for the cure of all disorders of the stomach and bowels. They are the best of all purgatives for family use.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

My business having increased to an extent beyond my expectations during the past year, I am now in a much better position to afford to pay many customers. It is with a view to this that I have secured my premises by adding a large and commodious apartment to my "show room, stock room, and repairing shop, and have all fitted up to their respective uses.

My Stock of Harness, Collars, Whips, Trunks and Valises is large, well selected, and cheaper than any place in the West. I have made a specialty of repairing and renovating old harness, and I guarantee my work to be as good as new.
