

GOLDEN FLEECE. \$12,000 - WANTED BY 15th JANUARY, 1889.

Owing to a change in our business which takes place next 15th day of January, we have got to reduce our present stock of \$20,000 to \$8,000, and in order to do so we will commence on 1st November to sell our stock of

Millinery, Silks, Dress Goods, -AT- What they Cost Wholesale.

We have a large stock of Men's and Ladies' Fur Coats which run into a great deal of money, and if you require one this is an opportunity that you get once in a life time, as the goods have to be sold by 15th January. The earlier you take advantage of this the better for yourself, as our stock of

BLACK AND COLORED SILKS are of the very best makes and our DRESS GOODS, BLACK CASHMERE, MELPONS, WINCREYS, etc., we bought in the very closest markets. The first time you are buying give us a call and we will convince you by the prices we will quote that this is a real genuine sale and

All Goods will be Sold for Cash Only.

As we have got to raise \$12,000 by 15th January next. You may think this is a scheme we have got up to make a sensation as our town is full of such—as bankrupt stocks, schemes, etc., to draw the wool over people's eyes and make them believe that they can buy goods cheaper than what they were manufactured for, but if you want to buy good, reliable goods at wholesale prices, you do not want to let this pass without taking advantage of it.

THE UNIVERSITY DEPART on Monday afternoon last, of Mr. P. S. Martin, of Martin and Hopkins, barristers, has cast a gloom over the town of Lindsay. Some five weeks ago the deceased contracted cold which gradually became more and more serious, settling on the stomach. Daily medical aid Mr. Martin gradually grew worse, relying at times, until Monday afternoon when he passed away. The loss is, of course, most keenly felt by the promising young man, one a medical, the other a law student. But the whole community has received a shock. Few persons remember that Mr. Martin occupied such a key position in the town, a genial companion, and an obliging thoughtful citizen. The funeral on Wednesday, was very largely attended. Besides the large circle of relatives and friends, there were present the Organists of Lindsay district, Lindsay (including, Sons of England, Foresters, Home Circle, Royal Arcanum and others, not to do honor to their departed brother.

The funeral service was conducted in St. Paul's church of Lindsay by the Rev. Mr. Martin's father, Mr. J. Martin, and a magnificent casket on Cambridge street, in many respects the finest in town. He possessed much other property, besides having a life insurance. As a laborer of respect the name of the Victoria Hall, The Victoria Club, John Gibson's store and Mr. J. L. Winters' residence were displayed at half-mast on Tuesday and Wednesday.

UNFAIR.—A poor woman and her child was sent here on Wednesday evening from Fenelon Falls, her fare having been paid by the authorities of that village here. On her arrival, being totally destitute she applied to the Mayor, who gave her an order for a week's board with Mrs. Bell. This may seem a smart stroke of business to send indigents from another municipality to Lindsay, but to say the least about it, it is not fair.

THE HIGH SCHOOL pupils are trying to furnish a reading-room in the new collegiate institute, and for that purpose have engaged the services of Miss Knox of Toronto, a brilliant elocutionist, and Miss Springour of Port Hope, a singer, whose name is already favorably known to Lindsay. We have no intention of having the concert will be first-class. The admission will be 25 cents.

WHAT TO DO WITH YOUR BOYS.—In the nineteenth annual circular of the Ontario Business College, Belleville, just published, will be found the amplest evidence that it occupies a position not reached by any similar institution in Canada. Among merchants and practical accountants this fact is everywhere acknowledged, and in consequence its graduates are pre-eminent in the way of securing positions of honor and profit in the various different states and provinces. The principals are Messrs. W. B. Robinson and J. W. Johnson, F.C.A. Send for their college circular.—48-4.

LOREVELL.—The teachers' convention held at Lorevelle this morning and today, last week, was very successful, and was favored with a fair attendance. Inspector Beatin presided and many leading teachers took part in the discussion, chief among these being Messrs. Wolf, Fenelon Falls; Morris, Cobocook; Graham, Victoria Road; Magrova, Kirkfield; Macdonald, Salsover; Macdonald, Valerine; MacMillan, Lorevelle; MacMillan, Grass Hill; Gilchrist, Woodville; Anne, Hartley; Simmons, Hopper, and Shearer of Oakwood; Bryson, Islay; and others. The lady teachers turned out in good force and lent charm as well as intelligence to the convention. The evening performance was excellent. Mr. Dan McMillan principal of Lorevelle school had made every provision for a good programme, and its success surpassed even his expectations. A number of good singers were present from Sunderland, Fenelon Falls and Westville; but local talent was also prominent. Some of those who took part are—Misses Parker, Gilchrist, Melnyre, Morrison, Mattie Smith, McDermott, Burtons, and McNeill. An interesting part of the evening performance was the kindergarten song by six little girls, Misses Burton, Rosie Hawkins, Sarah McAlpine, Katie McLean, Maggie Melnyre, and Jeanette Currie. They did well. The school room was packed to the doors, and all enjoyed themselves. Some instructive essays were read during the convention. We hope to be enabled to publish these at an early date.

A REMARKABLE INVENTION.—The old wooden match a thing of the past. Quite recently there has been placed upon the market, in the States, a remarkable invention, which wherever offered, at once superseded the old wooden match now used by everybody. In this day of inventions nothing has created such intense interest among dealers as this new process for lighting. The demand is so new process for lighting. The demand is so intense it is irresistible, and the great interest in it is so much more convenient, so totally devoid of all the disadvantages of the old match, and can be lit so quickly without any outside intervention, as walls, garments, etc., for lighting or extinguishing purposes. It is a perfect little pocket piece of ingenious mechanism carrying its own matches or pellets, which lights instantly by a simple pressure of the finger, and gives a brighter, steadier and cold rising three years old, three milch cows, buggy, harness, and numerous other articles. Sale at two o'clock. Geo. Mottush, stationer.—17-5.

S. Martin, and desire to express the great esteem in which he was held as a member of the Bar in this town. The situation in the West.

Donald Sinclair and company got home from the hunting expedition they were on yesterday morning and report a good time. Donald brought home one deer that does not seem to have walked into town.

A large audience greeted Rev. Geo. Lloyd evening, to see his magnificent lantern views of "our great North-West." Everybody was well pleased with the evening's entertainment.

Mr. Jas. Horne and Miss Florence Bindley especially are very fine actors. Mr. Frank Connors makes a successful manager.

Rev. Dr. Williams of this town attended a recent executive meeting of the day of Quinze Conference at Nanaimo. The doctor is, according to published reports, not at all afraid to stand up for his opinions against the heaviest "guns" of the church. His arguments are so solid as to be parallel.

The Board of Education on Tuesday night last, at first proposed advertising only in the Toronto Globe and Mail, for collegiate institute master; but on the suggestion of J. R. McNeillie the Empire was also added. They omitted the World, the best teacher's paper of the lot.
