 Even our competitors admit that the reason of our success is good, honest, reliable Goods at reasonable prices. We court comparison of prices.

## DUNDAS & FLAVELLE BROS.

Albert Scott Esq. of Rimount spent Monday evening in town and took in Prof. Royall's musical entertainment. He there made a discovery. Ask him what it was.

The anniversary services of the Cambridge street Methodist church will be held on Sunday and Monday Dec 10th and 11th prox. Services will be conducted by Rev. Dr. Williams, superintendent of district, and Rev. M. L. Pearson, president of Conference. Details later.

An example of the "forward" of the streets and bridge committee is the new and much needed crossing on Kent street opposite Mike O'Malley's. The crossing is needed, but should have been laid before the frost set in. Many look at it as typical of the incompetence of the committee.

A concert under the auspices of St. Paul's church will be held on Dec. 31st, Friday in aid of new organ fund. Mr. J. O. Miller, minstrel leader, will be present and give exhibitions of his skill. We hear it is probable Mrs. P. Mills may be induced to contribute her valuable assistance.

O. Quilley is dead. The farmers of this district will regret to learn that fact. Many however think "Charley, the Pea-choman," viz. Mr. Charles Beasley, is O. Quilley. However Charles and Dave being well known to the purchasing houses as usual, though they mourn the death of their friend.

Mr. William Humberford has recently placed considerable new steam piping in Mr. P. Robson's tannery, and, as usual it is a success. He has also for some time been busy placing a boiler hood and steam piping in Mr. J. Lister's tannery. As a fitter of steam and gas pipes Mr. Humberford is unequalled in Lindsay.

Last Saturday Mr. Edward Sanderson, one of the most highly respected, and well to do farmers of the North Otago and Kaiti boundary had the misfortune to lose a valuable mare. While in the evening driving, wood she broke a leg and had to be shot. Mr. Sanderson has the sympathy of the neighborhood in his loss.

Saturday's market was the best here for some weeks. There was an unusually large display of excellent beef, but the townpeople evidently did not expect such a rich, kind of and consequently Saturdays townpeople should visit the market. They could secure many fine selections in all lines of farm produce.

D. Kennedy Esq., Sr. of North Kaiti a veteran, verging on seventy years of age came to Lindsay on Monday last on "Shank's mare." The roads were too rough for him to ride in a carriage so he fell back on the old style of the early days. Like Mr. Suggitt of Saddlewood Mr. Kennedy is a thorough loyalist and his mare was all right of the old block.

Messrs. Chris, Cornell and Charles Neeson have entered into partnership in the manufacture and sale of steel billets. They will make all kinds, sizes and colors suitable for business and private houses. They welcome all orders and requests for samples. We can also recommend them. We can also recommend the two young men.

Mr. R. C. Brandon one of Brock's most enterprising and intelligent farmers visited Lindsay market on Friday last with a load of freestone. He was well pleased with the fair dealing of Mr. Matthews, and bore away a favorable impression of Lindsay market. The Warrent respectfully acknowledges a call from Mr. Brandon and assures him of a warm welcome always.

Mr. Joseph Fee of Victoria Road spent Saturday in Lindsay on business. He is desirous of the early fixing of the Bill that will transfer to local Otago Kaiti township. Mr. Fee is a member of local council, and last year was Mr. Humply's thought of retiring from the township was very favorably spoken of as a possibility. But Mr. Fee is extremely anxious to retain the present worthy crew in office.

On Monday last Mr. William Suggitt of Saddlewood with his two sons drove a number of cattle all the way, leaving three miles to winter them with Messrs. Hardy and McRibbon near Tully. Though a man wearing on towards three score and ten, and having had a leg broken (what yet Mr. Suggitt through choice, worked nearly the entire distance). That is the kind of stuff which local Otago Kaiti are made of. And his sons are the same material exactly.
