Myon has been said about the Irondale and Bancroft R.R., but few of the people of Haliburton county know much of Bancroft. It is a flourishing village of about eight years growth, but business has brought it forward till it now ranks with the heat back country eithers. It is simple to the country of the same with the heat back country eithers. the best back country villages. It is situ-ated on the banks of the York branch of the Ottawa river, in a good business con-tre. There is a good water power for mills, and two mills that are now built are doing a good business. There are no hotels, and when a license was asked for hetels, and when a license was asked for last spring for an hotel, the good people voted it down with one hundred of a majority for the temperanessystem. The business of entire adjoining county would be greatly facilitated, and the li.R. would get plenty to do if it is built.

INGOLDSBY.

stat is the Warder. Our Mathe—It is sometimes quite to the disadvantage of business men that arrangements are made for the mail, such as is the arrangement for the Ingoldeby and Alleaw mail. Under the present ar-rangements our mails are taken from Ordert to Minden, seven and a half miles, a shingle mill, a planing factory, and a thence seven miles to Ingoldeby, thence to Alleaw, in all a distance of fourteen and a half miles before reaching Ingoldsby. Now we think the old arrangement, when the mail was taken from Gelert to Ingoldsby, a distance of six miles, was much bester, for we were always able to get our mail by the same evening's train, while now we don't get our Saturday's mail till the tellowing Wednesday.

A letter was received at Ingoldsby bearing the following intelligence:-Married At the residence of I. Washington Puffer, Gridley, Ille, Rev. I. The usual greetings are ex-tended, and we earnestly hope that our young friends will live long to enjoy each ther's society.

We are glad to notice that the orange men of Lindsay are preparing for a grand demonstration on the coming 12th July. We hope to be there too.

CAMERON. To the Aditor of The Warder.

Mr. Robt. Parnell of Tiny, formerly of this place, has been visiting a few of his riends and school mates here; they were pleased to see him, and hope he will soon favor them with another call. He was accompanied by his bride and his sister, the latter intends to remain for some time with her sister Mrs. A. Rutherford, and Mrs. J. Howie.

Mr. J. B. Graham merchant of Norland, with his wife and family, spent a few days among friends here last week. J. B. says business is brick in Norland. Last week Mr. W. Beaeroft of Zion, Mariposs, visited his old friend, Mr. Samuel Campbell.

The game was a very pleasant one, as there was not one word of wrangling from start to finish. The umpire, Mr. R. Boynton, in his decisions, gave entire satisfaction to all, and the Dreadnaughts were much pleased with their kindly re-ception and are engerly awaiting their turn for reciprocal attentions. I see the Kirkfield committee have seen fit to adverties our club as one of the attraction at that place on Dominion Day, but I am authorized to state that our boys have arranged a match at home, after which an enteresimment will be given by the University dramatic club.

Firs.—I am scrry to have to chronicle the loss by fire of Messrs. Phillip & Son, of their mill, which was one that supplied a much needed want. It was a saw mill, turning shop, and the whole was swept away in a few hours. If it had not been for the wet weather the less to the village would have been much more severe. Besides the Messre, Phillips several othere lest lumber and shingle bolts. There was about \$900 insurance on the mill, ore the fire was out the Mesera. SUDDEN DEATH, -The whole village was thrown into a state of excitement on the morning of the 16th by the report that Mary Ann Brown, sged 13, had died while dressing herself. She had been ailwhile dressing herself. She had been ailing for some time with a sore throat but had so far recovered as to be around the village. She was called to breakfast on Sunday morning as she had expressed a wish to attend Sunday school, but when half dressed fell over and at once expired. Various causes are assigned, but nothing definite is known more than I have stated. Mr. and Mrs. Brown have the sympathy of the whole village in their

sad bereavement. NOT MUCH DIFFERENCE. -On opening tenders for erection of an addition to the school house one was for \$540 and another for \$1188.50. Not a bad profit in the difference one would think.
