For a capacial that another peggare's policies of the sees be put in circulation, the first prices proved and a success that as one will now be at foolish as to want for a reputation, when he can get a by begging. The place is storily reporting from the injury to it caused by the chock we gave the nincompaope, who had found their way mis the village council, in an exposure of some of their doings, with their penties ability and lategrity. But the worst is to come. It is said the grand spoon will not rue again for the recovering and it is exposed that a domination from the County Council, hanted by the Warden will some visit for great man and his constituents, and with tears in their eves, urged upon them the necessaits of his presence is the County Council, in order to give it an air of intellectual refinement, which it would so much look, if the pears of this presence is the County Council, in order to give it are of intellectual refinement, which it would so much look, if the pears of coloring of resisting from public disconting the are glad to think he has no real interprise of resisting from public life, but merely desires a period of real and retirement before entering upon the duties of representative of his came he will skip case of the others of the ambituen, for a seat in the The ONTARIO LUTTIAL LIFE Assurance Com-peny is aminently "Fise People's Company." No object in view in its organization, or ends to serve in the management, but the best interests of its mana-bers, who shows compose the company. Over TWO AND A ITALE MILLIONS written in 1839, and 1800 to date to far ahead.

the of the east teles in the stones of Amembly. In this case he will skip one of the chiefe of his ambition, for a seat in the confidence of his ambition, for a seat in the confidence of his ambition, for a seat in the confidence of his ambition, for a seat in the confidence of his ambition, for a seat in the confidence of his ambition, for a seat in the confidence of his ambition, the him his peaking input a migrat he converted him. They could device plains to remain themselves, and get up schemes to beginte the latthful, who form a part of the Patent Combination. This course we think is both wise and well. A little respite from his exhaustive mental labors, which have been so lang and severe, will do him a prest deal of good, by the way of enabling little to take that high position in the stones of Assembly which he has so long held in the Course of take that high position in the stones of Assembly which he have great faith in his possibilities. We know he will nedertake any thing without any regard to qualification, they there without any regard to qualification, repelate any publical advantage, that may happen to come in his way. We would kindly advise him to separate himself from society for a time, in order to aid his brain in the evolution of the great thoughts with which it has been so long attengating, and estake himself to the one have flame dattle ranche, with much instructive books as the Virst and Socond Readers, which the flow. Minister of Rienes, when her provided for the new of the common

Readers, which the Hon. Minister of Ridness, then has provided for the use of the common schools. As an intellectual exercise, we would recommend him to commit the tab chap, of St. Johq's google. From this he could quote, by way of showing of his familiar acquaintance with, and profoned knowledge of biblical literature, so becoming a lecturer of a lible class is a Sunday school. We can imagine what an ornament he will be to the Legislavitation of the literature of the library of the control of the literature.

Lawn Mowers,

The cheapest and best makes always in stock. House furnishing foods, Cuttery, Carpenters' and other furnishing foods, Cuttery, Carpenters' and o ee long encounted in the County Consoll. We to hope the great man will be pleased to take my ideles in this matter for we are so take the desired in this matter for we are so confidenced in the physical energies which has a long matained it. The cones are filenced in the physical energies which has a long matained it. The cones are filenced in the physical energies which has a long matained it. The cones are filenced in the physical energies with the physical energies with the deplorable, and the loss to can filling, in door and the loss to confidence in the cone and the physical energies.

J. G. Edwards.

Sign of the Anvil himself. But we are told that our fears are group-fless, that this atory of resigning is all bushing and rot, that the grand tycoon has no lyteration of being smalled out so easily, that he would as soon think of giving up the separation as he would the ghost, and going to his last apparent with a halance sheet largety

his last research with a halance sheet largety againes him. We hope this is true, and that he will hold on an long as possible, but we do not relieve it, for we know how truthful and honorable has been; that he never cowardly arghbed in the back, and treacherously deceived and worked a friend who had given him et and workeel a friend who had given him his confidence. Who could expect him to be as low, has and ungrateful, as to give rise to mak a morre, and yet harbor such an intention. Since my last, the council have had a meeting which wont off very quietly, as one of the opposition members was present. The grand to con set at the head of the table, his head thrown back, his tumbs thrust into the R. SIMMONS & CO head thrown back, his thumbs thrust into the the archoles of his ample vest, his face as cold, meaningless, and solomn as that of the great Egyptian Sphing. The beautiful nose was criminated with a pair of speciales, which gave him the dignitied appearance of fameser's well fed mastif, in a painting representing a court of law, while the two tails wagged as industriously as ever in response to the great head. It was a lovely sight to see everything working so harmoniously. The expressive, elequent and gentlemanly terms such as the, villian and serounded, which are so much used in the eratorical efforts of the members were for the time being laid aside, for those in more common use among vulgar and unclineated people, whose advantages had not have nother to the instance of in August, the particulars of which we will give it our next, as it will no dente to very interesting. Highest price paid for raw furs, and April, 1888.—64-19

the time being laid aside, common use among vulgar common use anong vulgar copie, whose advantages had to give them a knowledge of its society. The next meeting August, the particulars of its onr next, as it will necessarily.

If the stomach which many is ting, may be due to import the food give, it most in of the food give, it most is a weakness of the digestive remedy for which is one of taken after dinner.—89 It is taken after dinner.—89 It is no better farm or better investment in the market. Church on corner of farm; school within laif a miley to other churches within two miles; latency is mo better farm or better investment in the market. Church on corner of farm; school within laif a miley we start the church within laif a miley that the church was by five acres of natural forest. There is no better farm or better investment in the market. Church on corner of farm; school within laif a miley that of the church within law miles; latency if miles, fair the church within law miles; latency if miles, fair latency is miles, fair latency is miles, fair latency is miles. There is no better farm or better investment in the market, church on corner of farm; school within laif a mile; latency is miles, fair latency is miles. That distortion of the atomach which many people fant after eating, may be due to improper mastication of the food; but, in most case, it indicates a weakness of the digestive organs. The best remedy for which is one of Ayer's Pills, to be taken when dinner,—39 L
