And what have we been doing all the cettlement of the fishery question in the common remaints or be passive nonentities; I say grant this, which I by no means admit, but which in any characteristic fields of the Old land." Into cangoism is here and incorporately first property of the cettlement of the fishery question in the cettlement of the fishery question in the cettlement of the fishery question. And what have we been doing all the section on the time? Simply holding on to the would be a necessary state of things if we were to be free of the "fueds of the Old land." Into cangoism is here and incorporately first property of the cettlement of the fishery question. And what have we been doing all the passive nonentities; I say grant this, which I by no means admit, but which is an eccessary state of things if we would be a necessary state of things if we would be a necessary state of things if we would be a necessary state of the Old land." Into cangoism is here and incorporately continued in the cettlement of the fishery question.

have force him from our shores. Such conduct all only losses the regret his departure might cause, and make him feel the further he got from his netive and the vetter it would be for him. Levalty can only be secured by good and efficient government shown by a readiness on its part in do all that is in the power to relieve the authoring of the people, but when it mode, furnit and losse at the cry of distress, loyally to enote asiy shows how low and degraded men may become, and so far from being spirited, free, and independent citis in the crowning glory of any country, they are not even lit to be slaves.

Suppose English.

"All foreigners who some here should be and without between two Tankoes and be compelled to ask for what he wante in Kaglish or starve." So anye De With Miller in a recent lecture. In that lecture he spoke as follows: "We shall have presently 25,000,000 foreigners. We

tow officens, when respectfully called steamer. George's corpse could not be upon. After what we have done, we do tound, but in a large box was the body of not want to see Six John and the Empire committing as ridical as, foolish, a blunder in 1880, as the McKonzie and the Cilobe in 1870, which, to all appearance, they are now deter. The farmers, then, like honorable men, voted unselfishly in the interests of the manufacturers. They generously consented to pay higher prices, eago, as a means of relief, now we sek that the favor be returned with as good a grace as it was given. Let the administration consider those interests as statesmen and not be work as legislators who had a duty

We were born in Canada, it is here we have lived, and it is here we expect to die. We are loyal, but our loyalty is based upon no fictione priority, or faucitul idea, it has been, and we trust it always will be. Canada Finer. We shall never consent that this country shall take a position, or make averthese not righted of any other. We take price in the tenditions and in the wonderful progress made in civilization, with the advancement of the arts and sciences by men of the mother country in the mother country. ruin with those at the bottom.

relieve the sufficient of the people, but when it mode, furnit end jeers at the fer of distress, loyalor to ench, only shows how low and degraded men may become, and to her from being spirited, free, and independent citiz-na, the crowning glory of the country, they are not even it to be slaves.

We have our vote, and the little influence we had to the devernment, because in the past it respondent in the distress of the manufacturing community, when it was neglected by men who possessed a cast-tron policy, and we believed it would do the same in the future, by any other class of our fellowing community, when respectfully called the foreign end on next steamer. The family went to the wharf to meet the steamer, when respectfully called

A Noble Example.

The constitutional convention of Washlogion Territory have decided that all by J. C. Ayer & Co., Lowell, Mass. Send to perform, support and pood men give. It is this cool indifference and neglect that is breeding the plainest provisions of the cool indifference and neglect that is breeding the plainest provisions of the constitution of the United States. This make the forces and neglect that is breeding the plainest provisions of the united States. This make the forces and neglect that is breeding the plainest provisions of the united States. This make the forces and neglect that is breeding the plainest provisions of the united States. This make the plainest provisions of the united States. This make the property and (so called squeational property,) places all realty on the testals. property must pay taxes. This places Washington Territory in the front rank as honest, consistent, loyal observers of we commond this landable example to

exemption is the same as approprand every state that fails to tax of try, and we share in all the fame of her great names, of which, as an English Danadian, we cannot be deprived. But notwithstanding all this, why should we be indifferent and effect to treat with the seale of the Constitution of the United States, which forbids any state to establish or maintain.

A Flimey Excuse.

language, and inspired by the same re-ligion. Is there a man to be found to all Canada who has not a near relative in colobration at Fencion Falls on the 12th that country, perhaps a brother or a son, of August, but cannot agree with every-and is he longing for the time and patiently watting for an opportunity when he tory remarks said: "It is true I voted can thrust a havenet into him. Such against orange incorporation, as I thought totlings, if they unfortunately exist, are it was unwise to introduce the fued of the charge us, come to the bright lake's brink, no credit to the people of this country, old land into Canada." I am not sure and the somer we get rid of them the that those are the exact words, but the better it will be for our reputations as meaning is at all events the same; and I have heard and read the same thing so But why should we wish to keep up a often in this connection that with your The painty is much in the same state exclusion of all others, for that is all there of it. I think in the lirst place it is not a happen and the farmers. The nat thousand inites in extent; when we can do than none. It is not true, that is when tional policy brought roll to the fixmer, as well, if not better, by dealing with our given as a reason tor opposing orange inthe stricted summers while as cortainly eats been respected? She have away, as deserving himself or trying to deceive they were threatened; and why should go nearly acount the State of Maine to testants—but for the excitement kept not the same apply row, as forcing get from one province to another; and show by orangersm—would in a short time what a processing condition the country meantime all her antetantial favore have poration is not going to make orangement

GENTLEMEN, I tried your Fowler's Retract of Wild Strewberry and was perfectly cured, and now I would not be without the medicine in the house.—Miss ROMPRA FULLER, Vereker F. O., Out.—91.5

"I shall not see my litidal day,"

This dramatic speech brike him up badly; but when she explained that her apprehensions were founded on the fact of an inherited predisposition to consumption in her family, he calmed her feast bought a bottle of Dr. Pierce's Golden Medeal Discovery for her, and she is now the incrnation of health. Consumption fastens its hid upon its victims while they are unconscious of its approach. The "Golden Medical Discovery" has cured thousands of case of this toos total of maladies. But it must be taken before the discase is too far advanced in order to be effective. It taken in time, and gives a fair trail, it will ours, or money paid for it will be refunded.

For Weak Lungs, spitting of Blood, thousands, Severe Couplins, and landred affections, it is an efficien remedy.
