

THE PRINCESS LOUISE'S ROMANCE.

Her marriage to a Scottish nobleman who is now a Duke at the special request of Queen Victoria, on his wedding day, the London Queen says...

A Petter.

They are so good and kind to me, and I write about my fortune in the kitchen & in my room...

The bride is the second member of the royal family to tempt fate by marrying a commoner, or a subject of the realm...

As a cook she's simply fearful, and I grow a little fearful when she uses the kitchen...

I shall never cease to praise her - Bridget Ann McNeill, Keweenaw, for her virtues are above the ordinary mortal kind...

ALFRED TENNYSON IN 1888. FitzGerald was the friend of Tennyson and other literary celebrities of the time...

quest he is received by a body of killed relations, who accompany him home with more paternal affection than is customary among the people...

Though Effe possesses many mansions, they are not all at his immediate disposal. His principal seat is in the quiet, substantial, but very unpretentious country house...

But highly as FitzGerald appreciated Tennyson as a poet, he seems to have been even more impressed with his friend's conversational powers...

It is in fact to the housewife to see her fruit pie come from the oven with her carefully prepared puff paste made heavy by the juice of the fruit...
