QUITE a sensation was caused in our menced all the dogs in the village ran, howled and barked, and all the folks ran to see what the matter was, when it was found that Jowler had been visiting a neighbor's yard, the gate being left open; when the mistress, who does not like dogs treated the intruder in a christian and humans spirit to a dish of scalding water. When the howling in some degree seased, the stentorian voice of Ned was heard in pure classic style, giving the lady across the street her character in well selected words, and finished up with a heatiful comparison as to the domestic habits of said lady and poor Jowler.
