

The Victoria Warden FRIDAY, SEPTEMBER 27, 1889.

A union of hearts and a union of hands A union none can sever; A union of homes and a union of lands And the flag, Harriet Union, forever.

Gems of Thought.

Some thing the heart must have to cheer, Must love and joy and sorrow learn. H. W. Langfellow. Who is wicked in the country will be wicked in the town. The wicked are overthrown, and are not; but the houses of the righteous shall stand. There's nothing agrees worse than a proud man and a beggar's purse. Delight is not seemly for a fool; much less for a servant to have rule over princes. A nice wife and a back door often make a rich man poor. A servant will not be corrected by words; for though he understand, he will not answer.

ADORN THE FARM GARDENS.

In passing through parts of Victoria one is struck with the absence of nice gardens, orchards and shrubberies, around many farm houses. There are many notable exceptions, especially in Mariposa, but the rule is no garden, no shrubs, few orchards. The judicious expenditure of a few dollars for fruit trees, bushes and vines would soon make a great change in the appearance of even the most humble cottage in Victoria. Next fences also are great adornment to a farm garden. The growth in these directions is beginning to be noticeable in recent years. May it rapidly increase!

THE ELECTRIC LIGHT IN LINDSAY.

President Dobson, Mayor Walters and their fellow officers and directors of the South Victoria Agricultural Society are to be congratulated on their enterprise in being first to introduce the electric light in Lindsay.

The entertainments on the Agricultural grounds on Tuesday and Wednesday evenings were of the most novel and appropriate character and proved extremely interesting.

Let us hope the electric light has come to stay. It forms another link in Lindsay's onward and upward march of progress. Next time, however, globes should be used to protect the light. Waterworks next, and then manufacturers will speedily set up here.

A MONUMENT TO MR. GEORGE LAIDLAW.

Toronto is moving to erect a monument to the late Geo. Laidlaw on one of her public squares. This is a commendable movement, and next to recognizing, as Toronto did, Mr. Laidlaw's worth during his life, is a fitting display of gratitude and commemoration after his death.

Lindsay also recognizes Mr. Laidlaw's worth as a man possessed of great foresight, one, the fruit of whose plans is only now being gathered in Lindsay's prosperity through being a great railway centre, and her future greatness after the line to Mattawa is completed and other plans fully matured.

The Warden long ago suggested the adornment of the council chamber walls with likenesses, photographs would do, of successive councils, Mayors, Boards of Education, and other prominent public officers. The beginning has not yet been made.

What more appropriate than that a likeness of Mr. Geo. Laidlaw should form a beginning?

GREAT BRITAIN TO HOLD THEORIP.

The other day a new dry dock was formally opened at Halifax by Vice-Admiral Watson and a large British warship was docked therein. The event is really an important one, and should be considered by those dreamers who fancy that Great Britain is in a hurry to quit this continent entirely and hand over to the Great Republic all her interests in North America. There is really no good reason for supposing that she is about to do anything of the kind, while on the contrary there are material reasons for believing that she will feel compelled to hold her grip on North America for a long time to come.

On the east side of the continent there is the port of Halifax and the coal supply of Nova Scotia; on the west side the ports of Victoria and Vancouver, and the coal supply of British Columbia. As means of helping to retain her naval position on the Atlantic and on the Pacific respectively, the importance of these to Great Britain is simply incalculable. These two immense coal supplies—for the Atlantic on the east side of the continent, and for the Pacific on the west side of it, might some day yet easily prove the deciding material influence in a great war.

At present Great Britain has possession of these two powerful arms of strength; and it is just foolish to imagine that she is likely soon to give them up. But if we want to get a true indication of what her policy is likely to be in this respect, we may find it in this event of to-day—the opening of the new dock at Halifax, which is the largest in America, and which it is said will take in for longest war vessel in the world. Those with whom the wish is father to the thought that Old Britannia is about to give up and retire have badly misunderstood the signs of the times, we should say.—Toronto World.

VICTORIA COUNTY RIFLE MATCHES.

On Thursday, October 10th, Victoria County rifle association matches will be held over their ranges at Lindsay. This year in addition to the ordinary matches, a district team match will be fired.

This will afford an opportunity for the crack riflemen of Fenelon Falls, Kilmount, Minden and Haliburton entering as a team, as well as individually, in the 300 yards extra series match, and proving that their Winchester's up to that distance at least, are good. Teams are also expected from several other localities. The general public are also welcome, and welcomed on the ranges.

A TRUE DEMAGOGUE AND DODGER.

Mr. John A. Barron is, we are credibly informed, issuing circulars to grit heelsers throughout the country instructing them how to manipulate the voters' lists. He warns them to have meetings of the faithful; to send him all the new faithful names possible; to mark all names either "R." or "T.," and he will do his best to have the Reformers put on and the Tories struck off.

There is true demagogism! He does not recognize the grand principle that it is noble to be a citizen of Canada! He cannot see anything manly in assisting in every honorable way in making every man, be he grit or tory, honestly entitled to vote, a recognized voter! Not he.

But mark his underhand action, his trickery, his dodging again. Private circulars to grit heelsers, to call private meetings, to mark who are servants of the grit rulers and who are not; and he will have the one placed on the list, and the others struck off.

The Warden's demand ever is, let every citizen entitled to vote be placed on the lists.

A LAND OF PLENTY AND PROGRESS.

Pessimists and annexationists may prate as they will, but honest people are convinced that Canada, and especially Ontario, is making rapid advances in wealth and prosperity.

To one driving through Victoria county the continuous appearance of new farm houses after new farm houses, with new barns, new stone foundations under barns and sheds, new straw houses, all these are permanent "living" answers to the cry of the pessimist and annexationist, that the Canadian farmer is not prosperous.

It recently fell to our lot to drive a stranger not long from the United States, through both South and parts of North Victoria. He was amazed to see the farm houses and outbuildings so comfortable, and the farmers, their wives and families looking so modernized. It may be some farms are mortgaged, but that is but one indication of Canada's prosperity. Financiers have every confidence in the pluck, energy and management of young Canadians, and are not afraid to loan money to them. They know that ten or fifteen years of honest toil on the part of the young farmer will recoup them their money with interest, meanwhile having afforded the hardy Canadian youth a home and a means of acquiring an estate which in nine cases out of ten is thus obtained. Canada steadily progresses.

EDITORIAL NOTES.

On Friday, Oct. 4th, at Shaftesbury Hall in Toronto, a council meeting of the Canadian Branch Imperial Federation League will be held, and will consider a resolution, "That the Council of the Imperial Federation League in Canada, at a meeting specially called to consider the question, are of opinion that a Conference of the Mother Country and the self-governing Colonies should be summoned by the Imperial Government at the earliest possible moment." And this Council are further of opinion that the most important question that should be brought before such a Conference is that of inter-Imperial Trade.

Lindsay Central Fair.

A Grand success.

Tuesday, Wednesday and Thursday, Lindsay Central Fair attracted the attention of the residents of Victoria and North Durham. There was the usual good display, the best of weather, and two evenings' entertainment, quite a novel feature.

The exhibits from Cartwright and Manvers, were numerous. Messrs. Jos. Campbell had fine Durham cattle; W. McKee, horses; Geo. Suggitt, Leicester sheep; W. Magee, sheep and cattle; and others whose names will appear in the prize list. Chas. Fairbairn, I. Waldron, W. M. Robson, T. Beal, W. Worsley, N. Horn, T. Adams, J. McMillan, W. Taylor, Y. Dale, J. E. Graham, W. Graham, and many others had fine exhibits.

Sylvester Bros., in machinery capped everything. Their Light Steel Binder took the red ticket. Their new sower was admired by everyone. Their single plow, gang plow, silty plow, farming mill, turnip cutters, harrows, cultivators, in fact, everything they showed took the bun.

A detailed account of the trotting and the prize list will appear next week. This week we go to press early.

North Victoria Agricultural Fair.

This fair was held at Victoria Road on Monday and Tuesday last, and was a great success. The evening management of Messrs. Dixon, Laidlaw, Ross, and Stewart, to be, gave much to do with this season. The chief exhibitors were: E. Lytle, Laidlaw, Dixon, Peter Hoffmann of Toronto, who had a grand display of horses; J. Murray, H. Macgregor, J. Greenway, also a fine display. Dr. Burdett, A. Howland, five large and fifty pair of fowls, Melbourne Road, of Edgely, Geo. Peck, J. Myers, of Long Point, J. E. Corcoran, a grand display of cattle. J. Cunningham, Dr. Davis, D. Stirling, John Brown, J. Stubbins, Geo. Taylor, Mrs. Carl, W. McClelland, Angus Ross, J. Gusty, Farquhar, Macdonald, Duncan Smith, and many others. The show was grand. Messrs. J. O'Brien, Ross, Lytle, Burdett, Stirling, Macdonald, Cunningham, Farquhar, Silverwood, Mack, Kennedy, Dr. Wood, L. Bowman, J. Corcoran, Dr. Laidlaw and other leading Victorians were present. A full report will appear next week.

HANILLA.

Mr. S. G. Johnston of this place returned home from his second trip to Scotland this season, bringing with him the choicest level sporting coat, Scotland's Best, got by Lord Erskine, purchased from Mr. F. A. Park. Hatton, Glasgow, and the finely coloured strong boned colt, Norset, from Mr. A. Lang, Garveland, Paisley. Mr. Johnston does not import as many Clydesdales as some of his brethren do, but what he does import is respect both in quality and breeding compares favourably with the imports of any other in the trade.

LITTLE BRITAIN.

Business Change.—Mr. Reuben Koch, our enterprising butcher, has sold out to Mr. Harris of Oakwood. We wish him success. WEDDING BELLS.—Mr. J. J. Sloan and Miss Harriet Mark, both of this place, were united in marriage at the Methodist parsonage Oakwood, on Saturday evening last. We wish the youthful couple a long and prosperous life. PERSONAL.—Mr. and Mrs. F. Maunder have returned from the fair, also Mr. and Mrs. Robertson, who have been attending the fair for the past week have returned. All speak well of the fair.

OMNIBUS.

Beautiful weather. There are large numbers going to Lindsay to the show. The Methodist re-opening services and tea meeting were largely attended. Our Agricultural township show promise to be better than usual this season, to take place on Friday and Saturday, 27th and 28th. Mr. Harper McCrea who has been away at Cleveland, U.S., during the summer, came home laboring under a sort of "malaria fever," but hopes are entertained of his recovery.

The Stephenson (roller mill) are starting to be in operation and will prove a great benefit and convenience to our country. The new presbyterian church is showing a very neat appearance and a fine credit on the Lindsay brick-layers in charge, and also the inside for the carpenter. It is expected to be ready for opening about October, the 20th.

CRESSWELL. This anniversary services on Sunday and Monday passed off very nicely. The Rev. J. Pilkey of Little Britain, delivered a very interesting and instructive sermon in the afternoon; also our pastor, Rev. G. Perle acquitted himself admirably in the evening. On Monday the addresses delivered by the different gentlemen present were well received, and highly appreciated by all present. The choir discoursed excellent music on Sunday and Monday, and was highly complimented. Perhaps the most important and most interesting for a time was the excellent tea provided by the ladies, which could not be surpassed. It was the best tea we have partaken of for a long time, and great credit is due the ladies for their energy in providing such an excellent repast.

On Sunday while Mr. Treumer was driving to Cresswell church, his horse fell dead on the road. PERSONAL.—Mr. T. Melons of Montreal, spent a few holidays under the parental roof, the first for three years. He holds a respectable position in the audit office of the C.P.R. Ry., in Montreal. His old friends were glad to see him and hear of his success. He returned to duty on Tuesday evening. Mr. R. Fleming has returned home after spending a summer in the west. Messrs. A. Melons and Wm. Keelick have been attending Whitby fair. The Misses and Mr. McCracken's of the street, formerly of Cresswell, are visiting friends here.

VALENTIA.

Miss Carrie McCulloch and Miss Janie Jordan of Valentia, have been enjoying a visit among Port Hope friends. ALEX. CANEY and his sons have purchased a magnificent new steam thrasher, and purpose doing good work. It is a beauty.

Mr. W. Suggitt the popular merchant here is doing a rushing business now. WEDDING BELLS.—A very pleasing event took place on Wednesday, the 18th, at the residence of Mr. H. W. Sharpe, when his daughter Miss Minnie Sharpe, was married to Mr. John R. Cowieson, of Cambury. A large number of friends were present and the ceremony was performed by the Rev. Mr. Briden, of Little Britain. The bride was dressed in a lovely costume of pink and white, richly draped with cream lace. Miss Etta Moffatt of Valentia, was bridesmaid, and wore pea green trimmed with coral and pearl clasps. Mr. Weldon of Cambury, acted as best man. The ceremony was performed on the lawn. The bride and bridesmaid held a large bouquet of natural flowers. The wedding march was played by Miss Edith Moffatt of Lindsay. The presents were costly and numerous, including: Mr. Rich.
