China Hall and Silver Bazaar.

Owing to changes we purpose making in our Oakwood business we require to reduce our stock very largely by December 1st, and in order to do so, we'll give you a lift in the right direction, it will help you to help you in the upward path so to speak, the path of plenty and prosperity. Do you want to rise in the world? Do you want to be well heeled? Remember economy is the parent of prosperity, and become a practical economist by trading with us. The heavy profits which some merchants make, like the interest on borrowed money, eat up the earnings and prevent saving. We make no such profits and these who trade with us will find their savings increased with every trade. An honest profit on an honest price makes bargains, we are old hands at it, we know how to buy and that is how we have the secret of selling.
