Rough Justice.

Many logs have been stolen from the Muskegon booming company. Logs escape from the booms, and float into the lake; and a man was detected regularly employing a steam tug to gather them up and tow them to Grand Haven, where he had them sawed up as his own before the booming company's tug GANG got around. The other day the booming company loaded a tug with a gang of men, chartered a barge for Chicago, and went to Grand Haven and chartered a barge for Chicago, and went to Grand Haven and loaded the barge with sawed lumber bearing their marks before the Sheriff of Ottawa could get out a warrant, and sent out the barge with 78,000 feet. This makes things nearer even, and if the man who had the sawing done goes to law he will be arrested for stealing the logs.

The Texas cattle fever has spread into New Jersey. Farmers in New York State, where its ravages have caused great loss, are anxiously awaiting action by the State authorities. Another submarine treasure has been discovered in Lake Erie in the form of a sunken schooner, supposed to contain a cargo THE NEW DRUG STORE. worth \$300,000. The search made for the vessel has been in progress over a year.

And new facilities at the City Store. Practical experience gives new ideas, and new ideas, when connected with bright intellects, sound judgment and refined taste, concoct new styles, new designs and new material for beautifying the better halves of humanity and so elegant and beautiful are the new goods this season that it places the buyer in a quandary how and where to begin to make her selection for a becoming outfit at a reasonable price. Where to get the best and most fashionable goods for the least money is the real question at issue. To those who are constant patrons of the City Store the question solves itself, but to those who are strangers to us we invite you to come and see us examine our goods and prices, ask us all the questions you like, test the quality of our goods and get quotations of prices, and we venture to assert that in every instance your verdict will be in favour of the City Store, the leaders and promoters of lowest prices and renewed styles. We invite all, promising to treat you with courlesy and politeness, whether you buy or not. We will show you our goods with pleasure. Come and test us.

Merchant Tailoring.

The City Tailoring House of Lindsay beg to announce the arrival of New Fall and Winter Suitings and Overcoatings, all the newest novelties that home and foreign markets can produce, which for beauty of design and elegance of finish have never been equalled in former years. The patterns of our Scotch tweeds are confined exclusively to ourselves in Lindsay, no other house can show the same styles. Our English, French and Irish Tweeds, Suitings, Overcoatings and Trouserings will arrive early next week. Canadian Tweeds are now in stock, and for quality, design and pure stock are very much in advance of previous efforts. The City Tailoring House of Lindsay has made such repid strides and the public bave patronized us so very liberally that we have been compelled to enlarge our premises, which we are glad to say are almost completed. With our increased facilities, renewed vigour and augmented enterprise we purpose giving this branch of our business more attention than ever. Our MR. CATHRO, who is a practical cutter, gives the Tailoring Department his undivided attention. He has a double interest in pleasing and suiting his patrons. One suit scientifically and artistically cut, skilfully made, fitted with accuracy and precision and substantially trimmed, is worth two suits made in the ordinary way. Try us, and be convinced of our superiority.
