BRIGGS' BOTANIC BITTERS are the cheapest, and we believe the best, tonic in use. Sold in packages at 25 cents and makes onehalf gallon of the finest mixture. As simple as making tea or coffee.

" A. P." 91

THE COUNTRYMAN Weather Signal Office.

Mr. Jeremiah Toadvine, of the rural

district, brought a letter of introduction to the United States Signal Officer, and by the latter gentleman was shown the beautiful scientific instruments for measuring and determining the various changes and conditions of the weather. Pointing to the standard thermometer he explained to Mr. T. the uses of the heat gauge, where-upon Mr. T. anxiously inquired if he "hadn't nuther un to spare—sich a nice merchine to sot the weather in ion of the aerometer or wind measurer evoked the expression: "Wouldn't she be the racket to run the wind mill with." The barometer was one too many for Toadvine, and, looking queerly at the official, as if he were utterly nonplussed and bank-rupt of words, said: "Friend, did you ever have the reumatis?" The said: "I only wanted to know, for it this trap (pointing to the barometer) shows the good an' bad weather afore it's time, it would be a bully trap for people with reumatis; they could flank it every time. Up my country when folks has it they use St. Jacobs OIL, an' it's a powerful argyment agin reumatis—it's the upper dorg in the fight every time." With thanks for the unexpected information, the official politely turned Mr. Toadvine over to the usher to show him to the street car, while he, looking over his paper, read: "Mrs. T. A. Gist, No. 1204 Walnut street, Philadelphia, Pa.,

writes: I had inflammatory rheumatism very badly. In one footandankle it seemed to have taken hold with the determination to stay, and the morning I obtained the Sr. Jacobs Oil, I could not put my foot down to the floor, even for an instant. I used it that evening for the first time, and the next morning for the second time, and that afternoon put my foot down for several minutes. On the Sunday following I could stand up and walk a few steps. On Tuesday could walk about my room and went down stairs by holding on to the banisters. Now I can walk quite well and there is very little pain left. Just think! one bottle and a half, and I am almost free from pain! It is a wonderful medicine.
