Nearly 900 deccrations were distributed at Berlin in honor of the silver wedding of the Crown Prince, in addition to an almost incalculable number of medals of honor The list of knights of the various classes of the Orders of the R d Eagle, Cown, and Royal House of Honenzollern fills eighteen columns of the imperial Gasette.

Some remarkable revelations respecting the watch trade were made in a case tried at Liverpool. A number of watchmakers who were called as witnesses deposed that the custom in the manufacturing trade of Coventry was 'to put names on watches to order." In many cases names, it was stated, were thus used "without hesitation."

What is to become of the crop in Britain next year with all the fall wheat rotting in always in their path, and they make no head- less amazed at a most remarkable statement the scaked fields? The people will no doubt | way. Creditors' meshes are woven all above from one of our leading citizens which apbe fed somehow, and there will be a chance their feet, and they are consequently trip. peared in yesterday's issue. So unusual for the wheat growers of Canada. Of course ping and falling. They are, so to speak, were the circumstances connected with it, nobody wishes the crops of Europe to fail. financially on their backs all their lives, or and so much comment did it occasion on the Oh, dear no. But if they are to fail there is floundering about on all-fours, simply for street and social circles, that a representathis comfort, that American farmers will lack of a little forethought, prudence, and live of this paper was commissioned to inreap the benefit, though American eaters calculation. may have to pay the piper very sweetly.

of his life.

The physicians in one of the lespitals of Vienna have made the remarkable discovery, in dissecting the body of one of their patients, that he had carried about in his lodgement since childhood. The man was 45 years of age, a bookbinder, and always passed for a thoroughly intelligent person. The nail in his brain did not seem to affect

The proposed enlargement of the Suez Canal now occupies the attention of English speculators, and there are many large schemes proposed upon the calculation that the interest of British enterprise will in the end be promoted. The general width of the waterway is a little over three hundred feet, and one suggestion is that another hundred feet should be added. But against whether it would not be a less expensive design to dig another and independent ditch.

# LOST IN THE MOUNTAINS.

FASHION NOTES.

All laces are fashionable.

This is to be a lace season. Brocaded silks have not gone out of vogue. Buttons are small for dresses and large

The palm-leaf pattern crops out in all the lew goods.

Combinations in costumes are as much in

Silver spang'ed tulle is much worn in aris for ball dresces. Overdresses are made eccentric and irre-

gular in the draping. Postilion tacks and points in front are

the rule in barques. Soutache and passementerie come out in

new forms and pasterns. New Khiba cloths of light weight come in

fine checks in the new colors. Velvet ribbons are revived for trimming ashmeres, silks, and nevelty fabrics.

The new French buntings come with silk prochee figures in Loui III. design. The ibis, in sampler stitch embroidery, is

feature on the new French cambric robes. Clasps on the collars and in the neck of dresses take the place of brooches and lace

Velvet waistcoats let in the front of silk

Several or two rows of small buttons down the front of the dress remain in

The ibis, lotus, and other Egyptian de-

signs are features in spring goods of the finest grade. Orange and fiame colors in vanishing effects are seen in the many of the new silks

and novelty goods. New mulls and silk muslins are dotted and figured in silk brochee spots, dots, dia-

monds, flowers, and leaves. Jackets of velvet of the new royal French blue will be worn, trimmed with gold sou-
