FOR THE IDNEYS, LIVER AND URINARY ORGANS

THE BEST BLOOD PURIFIER. There is only one way by which any disease can be cured, and that is by removing the cause-wherever it may be. The great medical authorities of the day declare that nearly every disease is caused by deranged kidneys or liver. To restore these therefore is the only way by which health can be seenred. Here is where WARNER'S SAFE CURE has achieved its great reputation, It acts directly upon the kidneys and liver and by placing them in a healthy condition drives disease and pain from the system. For all Kidney, Liver and Urinary troubles ; for the distressing disorders of women; for Malaria, and physical troubles generally, this great remedy has no equal. Beware

of impostors, imitations and concections said to be just as good. DIA ETE CURE. For sale by all dealers.
