DENTIST, LINDSAY.  
One of the firm will be at the  
McArthur House, FENELON FALLS,  
on the third Monday of each month. Teeth  
extracted by laughing gas without pain or  
injury, or no charge will be made.  
Office established in Lindsay nearly  
fifteen years.

**AT METHERELL'S.**  
**BUY WHAT YOU WANT**  
AT METHERELL'S.  
If You want School Books,  
Buy them at METHERELL'S.  
If You want Stationery,  
Buy it at METHERELL'S.  
If You want Christmas Cards,  
Buy them at METHERELL'S.  
If You want to Make Gifts,  
Buy at METHERELL'S.

**INSURANCE.**  
**GEORGE CUNNINGHAM,**  
General Insurance and Loan Agent,  
FENELON FALLS, ONT.,  
represents the following first class com-  
panies, with which business can be transacted  
upon the most advantageous terms.  
The Canada Permanent Loan & Savings Co.  
The Imperial Insurance Company, of Lon-  
don, England.  
The Citizens Insurance Company, of Cana-  
da, Fire and Accident.  
The Lancashire Insurance Co., of England.  
The Consideration Life Association, of Can-  
ada.

**E. HAW,**  
CARPENTER & BUILDER,  
FENELON FALLS.  
The advertiser is prepared to execute  
all orders with which he may be favoured,  
from  
**CONTRACTS FOR BUILDINGS**  
to the smallest jobs of carpenter work, and  
will spare no pains to give satisfaction in  
every case.  
**DOORS & WINDOW SASH**  
made to order at short notice, of good ma-  
terial, and at reasonable prices.  
Work-shop on Francis Street East;  
residence on Bond Street East.

**EDWARD HAW,**  
Fenelon Falls, Oct 14th, 1882. 33-1f.  
**For Sale.**  
I have a good three-winged DEMOCRAT  
WAGGON and two BUGGIES, nearly new,  
which I will sell cheap for cash or good  
paper on time. Come and see them.  
JOHN AUSTIN,  
Fenelon Falls, April 26th, 1883. 10-4.

**24th in Lindsay.**  
**G. W. Beall - - Announcement.**  
Visitors to LINDSAY are invited to call  
and inspect my large New Stock, just pur-  
chased, of gold and silver.

**WATCHES,**  
—and—  
**FINE GOLD JEWELLERY**  
I invite particular attention to my  
**FINE GOLD CHAINS**  
and LOCKETS, newest patterns and styles.  
In Diamond Rings, Wedding Rings and En-  
gagement Rings I show the best in town.  
I also show a very fine assortment of  
gold and silver.

**Waltham Watches,**  
and the new dust-proof and water-proof  
cases—all styles. These goods are all first  
class, guaranteed as good as represented,  
and will be disposed of at low prices as reli-  
able goods can be sold anywhere.  
If you are a stranger in Lindsay,  
inquire for my place; anybody can tell you  
where it is.  
G. W. BEALL,  
The Practical Watchmaker & Jeweller  
OF LINDSAY.

**FARMERS**  
in want of good  
**Harvesting**  
**Implements**  
should call at the  
**CAMERON LAKE FOUNDRY,**  
where they will find a stock of  
**Massey & Toronto Mowers,**  
**Massey Harvester & Toronto**  
**Reaper,**  
**Toronto Cord Binders,**  
**Massey Low Down Binders,**  
**Sharp's Horse Rakes,**  
acknowledged by all who have used them  
to be the best in Canada.

**CASTINGS**  
of all kinds made to order, and  
**Repairs Executed**  
at reasonable rates.  
\$1 per hundredweight paid for scrap  
cast iron.  
**ROBSON & ALLAN,**  
Fenelon Falls, March 14th, 1883.

**The Fenelon Falls Gazette**  
Saturday, May 19th, 1883.

**Removal of the Gazette.**  
The next issue of the Gazette will be  
printed in the front part of the building  
occupied by Mr. Haw on Francis  
street east, where our friends will find  
us until further notice. The space se-  
cured is so insufficient that we shall  
work under great difficulties; but we  
hope it will not be for more than five or  
six weeks, by which time our new of-  
fice, already commenced, will probably be  
far enough advanced for us to move  
into it. The necessity of hurrying out  
this week's paper ahead of time, in or-  
der to move on Saturday, rendered it  
impossible for us to write anything but  
this notice and a fair number of local  
items.

**Somerville Council Proceedings.**  
The Council met the 30th of April,  
1883, pursuant to adjournment; the  
members all present and the record in  
the chair. The minutes of last meeting  
were read and passed. The account of  
W. H. Robertson, proprietor of the Pe-  
terborough Times, for printing, and the  
application of Frederick Train, of Kin-  
mount, for the office of township treas-  
urer, were laid before the council.  
Moved by Mr. Rummy, seconded by  
Mr. Perdue, That the council, having  
heard Mr. Wm. Wilson as regards ex-  
penditure incurred in caring for and  
maintaining one George Reid, an in-  
digent person, resolves that this council  
grant to Mr. Wilson the sum of eight  
dollars for care and maintenance of the  
said George Reid.—Carried.

Moved by Mr. Graham, seconded by  
Mr. Suddaby, That the collector be al-  
lowed the following abatements from  
the roll of 1882: Thomas Baker, Jr.,  
part of north part of south half of lot 1  
con. 13, \$2 14; George Coulter, north  
half 1 con. 3, \$—; Daniel Fitzpat-  
rick, north half 14 con. 3, \$26 77; John  
Gardiner, south half 10 con. 12, \$2 14;  
Robert Wallace, lot 15 con. 6, \$9 44;  
Mary McKay, west Elizabeth St., 7 and  
S. Cobocook, \$16 08; Jas. Padsey, west  
part of reserved acre, front range 39,  
\$37 95; Wm. Richardson, Water St.,  
lot 11, Cobocook, \$7 19; Richard Win-  
drim, north half 18, con. 8, paid by  
county treasurer, \$23 80; abatements  
on statute labour, \$13; total, \$139 73.  
—Carried.

Moved by Mr. Rummy, seconded by  
Mr. Perdue, That Mr. Henry Perdue  
be authorized to have the pond on the  
line between lots 21 and 22, near Cob-  
ocook, repaired as soon as possible, and  
that Mr. Samuel Suddaby be authorized  
to arrange for repairing the bridge at  
Rettie's mill, damaged by flood, and al-  
so the bridges across Union creek, near  
T. English's; and that Mr. Henry Gra-  
ham be instructed to have the bridge on  
Kinmount road, near Watson's, repair-  
ed.—Carried.

Moved by Mr. Suddaby, seconded by  
Mr. Perdue, That the following ac-  
counts against the municipality be paid: Wm.  
H. Robertson, for printing, \$7 50; R.  
Frost, M. D., attending on Geo. Reid,  
\$4; W. Mitchell, order overpaid statute  
labour, \$3; Henry Doughty, salary as  
collector for 1882, \$60, and extra for  
services performed, \$5.—Carried.

Moved by Mr. Suddaby, seconded by  
Mr. Perdue, That by-law No. 236, a  
by-law to relieve the township treasurer  
of his duties and define the date for de-  
livering up all corporation property in

his possession, be now read and finally  
passed.—Carried.  
Moved by Mr. Graham, seconded by  
Mr. Rummy, That By-law No. 235, a  
by-law to appoint for the year 1883 the  
pathmasters, fence viewers and pond  
keepers in the township of Somerville  
be now read and finally passed.—Car-  
ried.

Moved by Mr. Graham, seconded by  
Mr. Rummy, That the county treasur-  
er be instructed to charge the township  
of Somerville the following sums from  
the non-resident funds: Part of north  
part of south half of lot 1 concession 13,  
\$3 14; north half of lot 12, con. 12,  
\$3 42.—Carried.

Moved by Mr. Suddaby, seconded by  
Mr. Perdue, That the council do now  
adjourn, to meet on the fourth day of  
June next as a court of revision.—C'd.

**DENTISTRY.**—Persons wishing to see  
Mr. Neelands, dentist, will please call  
at the McArthur House, Fenelon Falls,  
immediately on arrival of the train from  
Lindsay.

**FLOWERS.**—Lovers of flowers should  
go and see the assortment just received  
by McDougall & Brandon for sale  
cheap. There is a large variety of them  
in full bloom, and even those who do  
not wish to buy are welcome to go and  
admire them.

**ACCIDENT.**—On Wednesday last Mr.  
John Austin cut his right foot near  
the instep with an adze with which he  
was preparing a piece of scantling to be  
used in a small building he is putting  
up on Colborne street. Dr. Lowe dressed  
the wound, which he was glad to  
hear is not a serious one.

**PERSONAL.**—We regret to learn that  
Mr. J. W. Nesbitt, who for a year or  
more has had charge of Mr. R. C.  
Smith's business, is about to leave Fe-  
nelon Falls, having been appointed as-  
sistant manager of the American Lum-  
ber Company of North Michigan. He  
will take with him the kindly wishes  
of the many friends he has made dur-  
ing his brief residence here.

**ANOTHER HORSE KILLED.**—About  
two months ago a horse was killed by  
falling from the embankment built of  
stone from the canal, and on Friday of  
last week (after the Gazette had gone  
to press) another met its death in the  
same manner a few yards from the same  
spot. It is believed that both animals  
had their necks broken; but the second  
one lived a minute or two longer than  
the other.

**NEW POTATOES.**—Last Monday Mr.  
Nathan Day sent us a sample of new  
potatoes just dug, but the person who  
brought them could give no informa-  
tion as to when the seed from which  
they sprang was planted, and we there-  
fore infer that they grew from tubers  
left in the ground last fall. Still they  
were new potatoes, and the first that  
have been applied for notice in the Gazette  
this season.

**A GOOD MOVE.**—Captain Crandell  
informs us that he is about to supply  
his hotel with drinking water by means  
of a pipe which will tap the spring  
creek on the east side of Colborne street  
near Mr. Thomas Johnston's residence,  
and convey the sparkling beverage to a  
tank prepared to receive it on the hotel  
premises. The captain's move is a good  
one and in the right direction; but why  
not all join in, stir up the slumbering  
intentions of the council, and have the  
water carried the whole length of Col-  
borne street at once?

**FISHING.**—The close season for bass  
and "lunge" expired on Tuesday last,  
but we have not heard of any having  
yet been caught; and if, as is stated by  
a villager of much piscatorial experience,  
"fish won't bite until mosquitoes do,"  
rods and lines need not be brought out  
from their winter quarters while the  
present abominably cold and windy  
weather continues. Some unprotected  
suckers and a few perch have already  
been caught; but the former are drag-  
ged for with naked hoo's and unceremo-  
niously yanked out of their native  
element, and the latter will bite when-  
ever they are hungry, (which is always)  
without waiting for the mosquitoes to  
set them the example.

**AGRICULTURAL IMPLEMENTS.**—Farm-  
ers of this neighbourhood who require  
new agricultural implements, now have  
such an assortment to choose from in  
Fenelon Falls, that there will no longer  
be any necessity for them to go further  
and perhaps far worse. Messrs. Rob-  
son & Allan, of the Cameron Lake foundry,  
have for some time past been a gen-  
tlemen of the Massey Manufacturing  
Co., and Mr. F. Sandford of the Brad-  
ford Co., and another competitor for a  
share of the growing trade in im-  
plements has just appeared in the person  
of Mr. John Austin, who has accepted  
an agency from the Fienry Co. of Au-  
rora, and has put up a show room at  
the south side of Mr. J. C. Fitzgerald's  
building on Colborne street. A part  
of his stock has already arrived, and  
his advertisement will, he says, appear  
in next week's Gazette.

**THE QUEEN'S BIRTHDAY EXCURSION.**  
—The excursion under the auspices of  
the Mechanic's Institute, from Fenelon  
Falls to Lindsay on the Queen's birth-  
day (Thursday next, the 24th inst.)  
has been duly announced by posters,  
and programmes of the day's amuse-  
ment, printed with red ink in the Post  
most sanguinarily striking style, may  
be seen in various places in the village.  
The steamer *Eva*, with palace scow at-  
tached, will leave Smith & Fell's wharf  
at 8:30 and will remain in Lindsay long  
enough to allow the excursionists to  
witness all the sports, which will be  
something altogether out of the common  
style, as several professional athletes  
who have acquired renown for their  
strength or agility will compete for the  
very large prizes offered. The fare from  
the Falls to Lindsay and back is only  
25 cents; and if that isn't cheap we  
don't know what is.

**PUSHING THE WORK.**—The carpent-  
ers and others brought here or hired  
in the village by the Pulp Co. are work-  
ing at their appointed tasks with the  
most commendable industry. Already  
considerable progress has been made on  
the market square, where the course of  
the creek has been altered, a stable 30  
by 24 feet erected and the foundations  
of the projected houses commenced.  
When they will be completed cannot be  
foretold to a week or two, as the plan-

ing mill is not in operation, which will  
cause a trifling delay; but one of the  
carpenters, whom we interviewed last  
Tuesday morning, said he thought they  
would be ready for occupation by the  
1st of August. Seven or eight teams  
are constantly employed drawing stone  
from the canal to the site of the new  
timber being built near McArthur &  
Thomson's mill, and in the meantime  
some lime is being burned, for the im-  
mediate use of the company, in an old  
kilo on Mr. Jordan's farm.

**ACCIDENT ON THE CANAL.**—Last  
Wednesday evening the drum of one of  
the canal derricks underwent some re-  
pairs, and next morning, when the box  
in which the stone is raised was being  
lowered, for the first time that day, the  
wire rope from some cause slipped a  
round the drum, and the empty box  
descended upon Mr. John Brandon, who  
was drilling a hole in the rock below.  
The blow which he received on the  
head inflicted only a slight wound; but  
he was thrown down and doubled up so  
forcibly that his back was badly injured,  
though no bones were broken. He was  
carried into the McArthur House and  
afterwards taken home as gently as pos-  
sible in a spring waggon. He was then  
carefully examined by Dr. Lowe, who  
accompanied him, and who is of the  
opinion that the accident will not prove  
as bad as was at first feared to be. Mr.  
Brandon would almost certainly have  
been killed on the spot, but for the fact  
that the descending box first struck the  
long drill with which he was working,  
and which projected above his head.

**Execution of Joseph Brady.**  
Joseph Brady, the first man convicted  
of the four found guilty of participation  
in the Phoenix Park murder, was  
hanged at Dublin last Monday. He  
made no confession nor statement of  
any kind, walked courageously to the  
scaffold and died without a struggle,  
having been allowed a fall of nine feet.  
He was a fine looking young man, and  
a member of a respectable family; but  
it was proved beyond a doubt that he  
was one of the actual murderers of Lord  
Cavendish and Mr. Burke, and he has  
now atoned for his crime with his life.

**A Tall Building.**  
The high building which rises now  
in Chicago, and the Pullman Car Com-  
pany are about to build one on Michi-  
gan avenue that would seem to cap the  
climax. Let us see. The basement  
and first three storeys are to be used  
for the Pullman offices, the fourth  
storey for army headquarters, the fifth,  
sixth and seventh storeys for flats for  
the families of Pullman employees, the  
eighth and ninth for bachelor apart-  
ments, the tenth storey for a restaurant  
for all who inhabit the building, and  
over the tenth storey is to be a lovely  
glass covered garden, full of tropical  
plants, etc., the same to be used as a  
promenade on summer nights. This will  
be getting up in the world with a ven-  
geance.

**Fish Propagation.**  
The Port Hope Times says that Col.  
Williams having made application to  
the department of Marine and Fisher-  
ies for a deposit of young fish from the  
Newcastle hatchery near Port Hope,  
Mr. C. Wilmot, Jr. formerly well known  
here in connection with the Ontario  
bank, arrived in town on Tuesday with  
the first instalment. The supply con-  
sisted of salmon trout fry scarcely one  
month old, but healthy and kicking  
lively. The tug *Albert Wright* was  
secured, and steamed up about a mile  
west, where the fry were deposited.  
They immediately sink to the bottom  
and hide under stones, remaining there  
for several months, or until the sea sur-  
rounding their bodies is completely ab-  
sorbed. Another instalment, an equal  
supply of whitefish, has yet to come.

**A Peterborough Inventor.**  
It will be seen by the following ex-  
tract that Mr. Romaine is still exercis-  
ing his well-known abilities as an inven-  
tor of machinery, and his many friends  
here will wish him success.—  
"A meeting of the Immigration and  
Colonization Committee was held on  
May 10th, Mr. White (Renfrew), in  
the chair. Mr. Romaine, of the Sta-  
tionary Department, was examined be-  
fore the committee relative to his new  
steam machine for agricultural purposes.  
The machine is adapted for breaking  
the soil, seeds and harrows it, and with  
a change in the machinery at harvest  
time reaps and threshes. It has been  
patented in Canada, and Mr. Romaine  
has now taken out the papers for get-  
ting it patented in the United States.  
He also referred to the tramway scheme  
he proposes for the benefit of settlers in  
the Northwest, bringing the produce of  
the soil to the nearest shipping stations  
on the Canadian Pacific Railway."—  
Review.

**Digging for Hidden Treasure.**  
OTTAWA, May 11th.—The peaceful  
hamlet of North Gower, in Carleton  
County, has a sensation. Years ago a  
close-fisted resident named Griffith died  
and it was generally supposed left a  
large amount of money after him. He  
was of such a miserly disposition that  
it was thought he buried his treasure,  
and its whereabouts were entirely un-  
known. Mrs. Griffith died a short time  
since and willed her property and all  
the money she had to her daughter.  
Nothing was mentioned of the alleged  
hidden wealth. A few evenings ago  
two men entered the house, unawares  
to the occupant, and worked all night  
digging for the gold. The daughter,  
who was the only occupant of the house,  
strange to say, was not awakened by  
their noise. Next morning she noticed  
the result of their labours. The holes  
dug in the cellar were very deep. She  
now thinks that they succeeded in un-  
earthing her father's gold. When the  
circumstances of the affair were report-  
ed around the place great excitement  
was caused. The two unknown "gold  
diggers" were noticed on the previous  
evening, and they appeared to those  
who saw them to be strangers.

**The Midland Elevator.**  
From the close to the opening of na-  
vigation the work of improvement was  
carried on at this, the best equipped  
elevator in the Province of Ontario.  
Those who were familiar with the in-  
terior of the building last summer would  
be astonished to see the alterations and  
improvements that have been effected.  
In loading cars a great deal of labour  
will be saved by the self-loading spouts  
which have been introduced into both  
ends of the building. It is estimated  
that 125 cars can be loaded in a day,  
but they calculate to load, with ease,  
100 cars in ten hours. Last fall the  
spouts in one end only they loaded  
78 cars in one day. By the use of the  
rotating spouts which have been intro-  
duced, as soon as one bin is full the  
grain can be turned into another with-  
out loss of time. If they are filling a  
bin in the west end they can change to  
one in the east end in an instant, as the  
grain can be conveyed from one bin to  
another at will. Four of these revolving  
spouts control upwards of fifty bins.  
The blower, which was placed in the  
only one in Canada, and its real value  
can scarcely be estimated. In the un-  
loading process the grain is conducted  
from the vessels to the blower, and  
while passing through numerous sieves  
all dust and dirt is separated from it  
by a powerful fan which revolves five  
hundred times to the minute. Nothing  
but pure clean grain can pass into the  
bins from the blower. Shippers attach  
a great deal of importance to the blow-  
ing process, for it increases the value,  
and the grain classes a grade higher  
when it reaches the eastern market.—  
Free Press.

**COMMUNICATIONS.**  
**Reply to Mr. Suddaby's Letter,** which  
appeared in the Gazette, copied from the  
Warder.  
To the Editor of the Fenelon Falls Gazette.  
SIR,—  
I have taken very little interest in this  
controversy, and did not intend to; but  
seeing Mr. Suddaby's letter, I determined  
to not let it go unanswered. He states that  
I was dismissed as treasurer for telling lies  
and that temptation might induce me to  
steal. This is contrary to the warning I  
received, and from what I have seen and  
heard in council myself, something more  
will evidently have to be done if things are  
to go harmoniously. If I mistake not, Mr.  
Fell said one room would not hold us both,  
and I feel satisfied from what I see that he  
was correct. It appears Mr. Suddaby is  
making great interest in the welfare of  
Fell, allowing no man to say a word about  
that gentleman; but both Mr. Fell and Mr.  
Suddaby seem to enjoy the privilege of pro-  
nouncing other people thieves and liars,  
and some that are pretty near related, be-  
lieve it to their credit. I will inform those  
two gentlemen that it is no grievance to me  
to be dismissed as their treasurer, as I and  
Mr. Fell have not been on neighbourly  
terms, and I suppose never will be in this  
world; and from Mr. Fell's prediction in  
Fenelon Falls on the 28th of February, by  
those who were there they heard it, I hope  
we will not be in the next.

Mr. Suddaby says in his letter that it is  
well known that Mr. Smith went about tel-  
ling a lot of stuff about the reve, that had  
not a particle of truth in it, and that he had  
appropriated the township money to his  
own use; that he had not paid his taxes;  
that he had taken money from poor men in  
the township where they were trustees, and  
one went so far as to say Mr. Fell did not resign  
he would lay the charges, as he would not  
contenance occurrences of this kind any  
longer. Now, sir, I must either submit  
to those charges, which I don't intend to  
or stand an accused liar, &c., which Mr.  
Suddaby has no hesitation in pronouncing  
me to be. I stated that Mr. Fell sat as  
reeve in the year 1880 until about Novem-  
ber with over two hundred and fifty dollars  
in his pocket, or there about, placed unac-  
counted for to the collector. Take the book,  
take the auditors' report for that year, and  
what do you find? A receipt from the col-  
lector, dated November 3rd, 1880, for the sum  
of \$288 25. This sum was Mr. Fell's own  
taxes, and other people's, which he be-  
came responsible for to the collector, and  
he was the taxes on the roll of 1879. That  
will cover Mr. Suddaby's charge of lying;  
but through due respect to myself I will  
not retaliate or use his own language, but  
for further information to him I will just  
say, that when the roll was returned on an-  
other occasion and funds being short, Mr.  
Fell would hand in a due bill and pay when  
he pleased. Poor people were compelled  
to pay their taxes promptly, but the revee  
paid at leisure. Mr. Suddaby was auditor  
for the year 1880, when that payment was  
made, and he was most aware of how it  
came in so late. He says in his letter that  
when he heard those stories he contradicted  
them. I wonder Mr. Suddaby was not  
as shrewd in this item as he was in some  
others after signing four annual audits in  
succession and then asking, in the columns  
of the *Warder*, (I was informed) he was the  
writer of the article) where the municipal  
portion of the tavern license fund was be-  
longing to the township of Somerville, a  
sum which appeared separately in each au-  
dit. Now, say, come right out of your  
shell, and tell us what the required quali-  
fication by law for a collector is, and your  
exact position when you took your declara-  
tion of office. Mr. Suddaby, being brimful  
of knowledge, has never thought to en-  
quire of this township as to why the Onta-  
rio Government was not honoured with as  
much as acknowledging the receipt of the  
surplus fund to this township in the au-  
ditors' report to be circulated amongst the  
ratepayers, and what was really the amount  
paid for the township of Verulam de-  
bentures. You find the revee's expenses to  
Toronto paid on this business; why was  
there not a statement produced showing  
this transaction. This was a charge Mr.  
Suddaby is mute on; and, lastly, where is  
there another instance on record where a  
man resigned in favour of another person  
and received a testimonial, as Mr. Fell did  
do, and in two years came out in opposi-  
tion to the same man, admitting from his own  
lips that he had no fault to find with Mr.  
Howie as revee, that he would be obliged  
to any one who would not vote for him  
(Mr. Fell), or words to that effect, and that  
he would not ask a man to vote for him?  
Were those words true or broken?  
Now, sir, I supported Mr. Howie for these  
reasons: We had that gentleman's services  
as revee for two years, and had all this  
world supposed to attend us. We had  
peace, prosperity, and a lucid account of  
all his transactions as revee. I ask, in jus-  
tice to both parties, that the *Warder* will  
copy this letter.  
Yours, etc.,  
W. E. SMITH,  
Somerville, May 15th, 1883.

**DIED.**  
In Fenelon Falls, on Saturday, May 12th,  
Frances Percival, sixth daughter of Mr.  
John Cullon, aged 16 years and 7 months.

We have a speedy and positive cure for  
Catarrh, Diphtheria, Canker Mouth and  
Head Ache, in SHILOH'S CATARRH REM-  
EDY. A nasal Injector free with each bot-  
tle. Use it if you desire health and sweet  
breath. John Nugent, Wholesale and Retail  
Agent.

**Dyspepsia and Liver Complaint.**  
It is not worth the small price of 75 cts  
to free yourself of every symptom of these  
distressing complaints? If you think so  
call at our store and get a bottle of Shilo's  
Vitalizer. Every bottle has a printed guar-  
antee on it, use accordingly and if it does  
you no good it will cost you nothing. John  
Nugent, Wholesale and Retail Agent.

**Oh, What a Cough!**  
Will you heed the warning. The signal  
perhaps of the sure approach of that more  
terrible disease Consumption. Ask your-  
selves if you can afford for the sake of sav-  
ing 50 cents to run the risk and do nothing  
for it. We know from experience that Shi-  
loh's Cure will cure your Cough. It never  
fails. This explains why more than a mil-  
lion bottles were sold the past year. It  
cures Croup and Whooping Cough at once.  
Mothers, do not be without it. For Lane  
Back, Side or Chest, use Shilo's Porous  
Plaster. John Nugent, Wholesale and Retail  
Agent.
