CHEAPER THAN EVER.

Having put in all the machinery necessary to enable me to do work in the most economical manner, I am consequently in a position to sell cheaper than formerly. Note these prices:

- CUTTERS, - - - \$25.
- MARKET SLEICHS, - - - \$30.
- WACCONS, - - - \$60.
- BUCCIES, - - - \$75.

Having purchased a first-class machine, I can do

L. O'CONNOR,
Manufacturer of First-Class
Sleighs, Buggies, Wagons, &c.

Having now completed all the improvements required in his new premises, formerly "Mowry's Foundry," next to Carr's hotel, corner of William and Russell streets, has facilities for executing all work in the above lines which cannot be excelled.
He respectfully solicits a call from those requiring anything in his line, and will be glad to show them over his new Carriage and Wagon Shops.
L. O'Connor, being the oldest practical man in this section of the country, is enabled to guarantee a First-Class Job in any department, and every article turned out will be warranted as A. 1.
Every piece of work in this establishment is done by hand, and far superior, as is acknowledged, to that done in factories—fact proved at the South Victoria Exhibition, where I received three first prizes, although I did not get up my work for prize exhibition, and they obtained for me sales and orders quite unexpected and unprecedented.
All repairs done Cheaply and Promptly. A few second-hand Buggies for sale.
L. O'CONNOR.

The White Elephant

To which we allude just now is not Barnum's, but one that interests everybody, viz. Cotton Elephant—white and grey cottons. The manufacturers have overshot the mark and allowed him to mature too rapidly to supply him with fodder. Consequently they are obliged to unload at any sacrifice in an already over-stocked market. In other words, the manufacturers have been too greedy for long profits, and held their cottons until they could hold out no longer. Hence they are compelled to realize on their stocks at a tremendous loss; but it is an ill wind that blows nobody good. The City Store, with its own and its customers' interests to look after, is always watching for opportunities of this kind and ready to grasp the bargains when at their lowest ebb. Hence our great success. In order to sell cheap we must buy cheap, and the very fact of our doing a large business is the best guarantee you can have that our prices are the lowest. It enables us to buy large lines of goods that with a small business we could not look at. Hence our business places us in a position to buy largely and sell our customers goods for less money than small dealers can buy the same goods wholesale. We are anxious to double our present business, so that we can still buy cheaper and sell cheaper. Will you be one to give us your patronage and influence? Our stock of White and Grey Cottons is simply immense. We are selling away under any quotations we have yet seen at home or abroad.

DUNDAS & FLAVELLE BROS.,

A FULLY CONCEDED FACT.

That in buying SHOES and BOOTS it is desirable to get them Cheap, Neat Fitting and Substantial.
That in wearing such Shoes and Boots it is imperative that they should prove Durable, Well-looking and Shapely.
That in choosing Shoes and Boots, as aforesaid, it is imperative—to get best choice—to pick from our stock at once, the largest and most complete in all lines.

That even the poorest people have more or less money and can't do without Shoes and Boots; and that said money, let it belong to rich or poor, farmer or mechanic, cannot be "swapped" for foot-gear more satisfactorily than at MAGUIRE'S.

That MAGUIRE has been in the Shoe and Boot business for some years—at least—and is the pioneer in furnishing much value in Leather for little money at Lindsay town.

The above clauses form one solid, invulnerable and generally CONCEDED FACT which buyers of Shoes and Boots will clear cash by remembering.
