DRESS MATERIALS.

Are the best, most durable and comfortable Garment a lady can provide herself with. They are appropriate for any and all occasions, besides being the most economical and only fur coat that will not seriously injure; and are entirely free from the attacks of moths. Notwithstanding the great number already sold in this locality, the present indications are that the demand will be larger than ever this season, and as a moderately good Astrachan Mantle will last a lady from eight to twelve years ordinary wear, every intending purchaser should make it a point to buy early, as it is then and only then that you can get first choice—and first choice means the best and handsomest goods. The CITY STORE, in view of the large demand for first-class reliable goods, has taken the precaution to provide only the best all-hand-made; every seam well taped and lined with strong linen throughout, and none but the best blue-backed skins of genuine London Dye used in the manufacture of these garments. By constant care and a thorough knowledge we have gained a reputation for Astrachan Mantles that we cannot afford to jeopardise; and those who want a good reliable Fur Garment—the largest stock in the Midland District to choose from, without the possibility of purchasing a bad one—should come to the CITY STORE without any more ado. We have a most complete range of prices.
