### A Startling Visitation.

A MOCKER OF DIVINE THINGS PROMPT LY PUNISHED.

NEW YORK, Feb. 8 .- A special from Harrisburg, Pa., says :- On Thursday morning there was a jovial crowd in arhotel at Millersburgh, Dauphin county, and, while they were imbibing. Samuel Meeter, a patent medicine peddler, entered. A discussion followed on religious subjects, and Meeter dared the men to indulge in an imitation of the Lord's Supper. They agreed to have it with beer and bread, and accordingly a glass was filled with that beverage. They then knelt in mock humility, and with the beer in one hand and the bread in the other Meeter went along distributing a bite and sup to each. Suddenly, when he was about half through, a strange noise was heard, and, looking up, the men saw a sight that made their blood run cold, and froze the marrow in their bones. As near as the men could describe it they declare that it was an immense ill-formed and foul beast, with great cloven feet, painted horns and eyes that flashed fire. With wild vells the men rushed out into the open air and scattered in every direction. Finally all of them reached their homes except Meeter, who was away for a long time and at last arrived, a maniac. He was put to bed and physicians summoned, but they could do nothing for him. He raved, howled and prayed, and declared that he had seen the evil one and that he was lost. His torture was terrible, but nothing could be done to relieve him and he died in the wildest agony.
