

Carpets and Oil-Cloths, No. 9 Keenan's Block, Kent Street, Lindsay.

and several in a considerable time to get them on again, but the job was at last accomplished.

A COLD SNAP.—Monday and Tuesday of this week were not only very wet, which suited the farmers, but very cold also, which didn't suit them at all. On Tuesday there were not only sleet and hail, but veritable snow in some localities, which, combined with high winds, made the weather extremely disagreeable. But, although there was frost at night, it was not sufficiently severe to do much if any harm, and all our exchanges give the most encouraging accounts of the crops in their respective localities. Wednesday was fine until evening, when rain again commenced to fall, and it has been coming down with but few intermissions ever since.

UNCLE TOM'S CABIN.—Burtch & Burns' Uncle Tom's Cabin Troupe visited Fenelon Falls on the Queen's birthday, and gave a performance at night in a tent on the market square. The attendance was very large for a village such as this, and the great majority of those present were fairly well satisfied. It was Uncle Tom's Cabin with variations, and, as the latter were all of a humorous nature and interpolated solely for the purpose of provoking laughter, the young folks were no doubt better pleased than they would have been if the play had been more strictly adhered to. Some of the parts were well sustained, and the death of little Eva was so affecting as to draw tears from the eyes of many of the gentler and more impressionable sex.

STEAM PUNTS.—There are two or three steam punts on our back waters, and one of them, owned by Mr. John A. Ellis, went down through the locks on Wednesday and returned not long afterwards with a tow of Boyd & Co.'s boom timbers. These punts are exceedingly useful and cost but little except for the engines. Being side-wheelers and flat-bottomed, they draw only a very few inches of water, and can be driven full speed over a good-sized stick of timber without danger to their paddles. They run eight or ten miles an hour with a moderate load on board; and, if neatly finished, roofed in and well painted, would be formidable rivals to the steam yachts which are now so popular, but which cost far more, and are neither as safe where the water is deep nor as handy where it is shallow.

COMMUNICATIONS.

A Public Nuisance.

To the Editor of the Fenelon Falls Gazette.

Sir,—

In the years gone by our village councils have always been blamed for the manner in which they have allowed the public moneys to be spent and the public favours allowed to go to naught, but this year's council seems to be no exception to the past ones. Last year's council paid Mr. Robert Jackett \$4 per day for a team and two men to pick the stones from off the side of Louisa street. This year the council are quietly looking on and allowing the same man, Robert Jackett, to pile his slabs along the same street three or four tiers deep. When these slabs are removed they will leave a refuse on the streets far in excess, as a nuisance, of all the stone that was ever on it; the grass also that was there—all the poor man had for his cow—is being killed by this rubbish being piled on it to accommodate only one man and a saw-mill. I think it is full time some move was made in the style our village councils have of giving public favours. This year's council was elected—at least the reeve was—after a big struggle, and if he does not show himself to be a man of backbone he will be allowed to slide into the same "trough" with his predecessors. In fact, to be as concise as possible, I ask the reeve and council to show by what authority they can allow our public streets to be made a wood yard. If I am not mistaken, they have no authority to do so, and they may have got themselves into a trouble. The quicker they get out of it the better.

Yours truly,

A RATEPAYER.

WHERE DID YOU GET THAT SHIRT?

Rather an impertinent question, you will probably say, and yet when you consider the importance of such a necessary part of your wearing apparel you will probably conclude that we are justified in asking the question, as so very many are puzzled, and justly so too, to know exactly where to go to get a perfect fitting and well-made shirt at a reasonable price. Some imagine that they cannot be fitted unless they are measured and have their shirts made to order and pay a big price. This idea is entirely erroneous.

We can give you a better Shirt for \$1 than you can have made to order for \$2.

We buy our shirts direct of the manufacturers and have them made according to our own plans and specifications, and have introduced some entirely new and original ideas, thus perfecting our shirts to such a degree as to make them comfortable and perfect fitting. Our Shirts are all reinforced back and front, artistically cut and skilfully made and none but the very best material used in their manufacture. We can, therefore, with confidence invite you to buy your shirts at the City Store, knowing as we do the satisfaction and comfort you will enjoy in one of our perfect fitting shirts. We keep shirts of every grade and quality, and are always fully assorted in sizes and prices. At the present time we are offering shirts at bonanza in dressed white shirts. We have secured a line of 50 dozen which we are selling at 60c. each, the regular wholesale price of which is \$10.50 per dozen. To make a long story short we are selling a regular dollar shirt for sixty cents.

GREENE & ELLIS'S LUMBER YARDS, FENELON FALLS AND LINDSAY.

We have for sale here and at Lindsay all kinds of Building Lumber, Joist, Scantling, Plank, Timber, Lath, Pickets, Shingles, Fence Posts and all kinds of Planed and Matched Lumber from one to two years old.

Our Common Lumber, both Pine and Hemlock, inch and two inch, is mostly new stock, cut last season, well roofed, dry and bright, manufactured expressly for the local trade of Fenelon Falls and Lindsay and surrounding country.

From our long experience in the business, and being builders ourselves, we have a good idea of what is required for first class or common building materials for houses, barns and outbuildings.

We have assorted and piled by themselves both qualities to suit purchasers. Prices from \$3 50 to \$5 per M feet and upwards.

We have about two million feet that must be sold to make room for new stock. Parties requiring any of the above stock will save money by calling before purchasing elsewhere, or by sending their bills here or to Lindsay for quotations. Bills estimated and returned for approval. Can ship by car loads to all points. Can get special rates on to April next. Send on your orders. "One Dollar Saved is Two Dollars Earned."

TAKE NOTICE.—The above is all gang lumber, parallel widths.
