and S. is to make an effort to break his yet unbeaten record of 2,087 over a mile, which he made in 1885.

John L. Sullivan was, on Saturday morning, sentenced to twelve months in prison, and Referee Fitzpatrick pleaded guilty, and was sentenced to pay a fine of \$30.

A new departure in dairy instruction has been taken by the Victorian (Australia) Department of Agriculture. A staff of teachers, with all the implements of butter and cheese making, travel from place to place. At each place a course of several days' instruction in the best and latest methods of dairying is gone through, all that is required of the farmers being a supply of milk and cream for the purpose of demonstration.

## COMMUNICATIONS.

To the Editor of the Fenelon Falls Gazette.

Sir,—Will you please permit me space in your paper to contradict a foul slander and falsehood that appeared in your paper last week, against me and my many friends, above the signature of one A. Q. St. George. He commences his attack on the ground that I would not sign the petition of the Equal Rights Association to the Governor-General for the disallowance of the Jesuits' Estates Act.

I beg to say, sir, that the principle of equal rights is no new scheme to me. It has ever been my motto and has no change to make. But, sir, I think better of myself and better of my country than to sit in judgment over one hundred and eighty of the people's representatives as against eight Conservatives. For the five Grits who were elected to vote against Sir John McDonald would do so if it was to break their necks, and receive no applause from me at least. The only remedy, if our representatives have done wrong, is the ballot box and not petition. I assume the whole responsibility of not signing the petition, and am sorry that any reference has been made to the person being drunk who had the petition. I have mentioned no names, nor will I now; but if you, Mr. St. George, wish to expose your friend, I can prove what I have said to be true, and you the liar and not I. In the meantime I consider that you are entitled to a strong application of the cut-o'-nine-tails for daring to expose a man's weakness through the press by using names. The young man I had reference to has a heart of steel, and no man would do more for him than I would, and I would much rather lay over him the mantle of charity than expose him. He also charges me with sending my children to be educated in the Roman Catholic convent in Lindsay, to create a jealousy among my Orange brethren in the county, by casting a slur on me, who received my position by a standing vote of the whole county lodge, and who has had the honor of heading one of the grandest processions on the Twelfth of July that any town in the Midland district can boast of. No, St. George, I never sent my children to be educated in Lindsay convent, and well you know it; but you thought I would pay no attention to it and that you would have made a big strike on behalf of the little man who did send his children to the convent to be educated, which it was all right for him to do in order to catch a few votes, but it would have been a holy sin for me to do so, as I don't want votes.

In conclusion, I beg to say that I don't care for the slander on myself personally; but on behalf of my brethren I resist such an attack; although I presume my brethren and friends of the county will look upon the attack as Paddy looked upon the ass when it kicked him—they know where it came from.

Yours truly,

CHAS. FAIRBAIRN.  
Verulam, August 21st, 1889.

We have assorted and piled by themselves both qualities to suit purchasers. Prices from \$3 50 to \$5 per M feet and upwards.

We have about two million feet that must be sold to make room for new stock. Parties requiring any of the above stock will save money by calling before purchasing elsewhere, or by sending their bills here or to Lindsay for quotations.
