

**LOST AND FOUND.**—Last Sunday evening a Spitz dog owned by Mr. K. Murchison was missed, and no clue to his whereabouts could be found until Wednesday afternoon, when some children passing the Presbyterian church heard the whining of a dog therein. Mr. McKeown, being informed of the circumstance, sent for the key, and when the church door was opened, out ran the missing animal, looking very lank, and no doubt feeling uncommonly hungry and thirsty, after his solitary confinement of nearly three days.

**A BIG BASS.**—Mr. Stockdale, of Fenelon, while trolling last Wednesday morning near the Government pier, caught a six-pound bass, which he brought to the village and sold. Three or four persons have this summer hooked mammoth bass near the spot indicated, but they got away again, and we have only heard of one as big as Mr. Stockdale's being taken, though several weighing from four to five pounds have been caught. There are evidently plenty of fine large fish in our waters yet, and if the regulations regarding the close season be enforced, the number will increase rather than diminish.

**A BAD FALL.**—Mr. Harry Meldrum met with a painful, though not serious, accident this morning, while helping to open the locks to let some scows pass through. From some cause one of the gates stuck, and while he and a young man named Menzies were exerting all their strength, the gate suddenly began to move, and both cranks of the windlass came off. Mr. Menzies, who was pulling at the moment, escaped unhurt; but Mr. Meldrum fell heavily, head foremost, on to the stone wall of the lock, which cut or bruised his face in at least half a dozen places, and took the skin off the knuckles of his left hand. His hat fell into the lock, and he came near following it. Dr. Graham fixed him up artistically with sticking-plaster, and he will soon be all right again.

Eighty-two Chinamen passed through Winnipeg, last Monday, in bond from Boston to China.

At Unadilla, Mich., a farmer's turkeys got into a dispute with his bees, and the result was that 17 turkeys were killed.

New York had a burst of sunshine on Saturday, the first for many days. The great storm has subsided, but reports of disasters by land and sea come continually in.

It is stated that the oyster planters have lost nearly \$2,000,000 by the great storm. Restaurant keepers in New York and Philadelphia are unable to get a single order filled.

Tennessee will sell her convicts for their terms to the highest bidder. The least or minimum bid she will entertain is \$100,000 per year. A convict in Tennessee has no picnic during his term of service.

FENELON FALLS AND LINDSAY.

We have for sale here and at Lindsay all kinds of Building Lumber, Joist, Scantling, Plank, Timber, Lath, Pickets, Shingles, Fence Posts and all kinds of Planed and Matched Lumber from one to two years old.

Our Common Lumber, both Pine and Hemlock, inch and two inch, is mostly new stock, cut last season, well roofed, dry and bright, manufactured expressly for the local trade of Fenelon Falls and Lindsay and surrounding country.

From our long experience in the business, and being builders ourselves, we have a good idea of what is required for first class or common building materials for houses, barns and outbuildings.

We have assorted and piled by themselves both qualities to suit purchasers. Prices from \$3 50 to \$5 per M feet and upwards.

We have about two million feet that must be sold to make room for new stock. Parties requiring any of the above stock will save money by calling before purchasing elsewhere, or by sending their bills here or to Lindsay for quotations. Bills estimated and returned for approval. Can ship by car loads to all points. Can get special rates on to April next. Send on your orders. "One Dollar Saved is Two Dollars Earned."

TAKE NOTICE—The above is all gang lumber, parallel widths.
