The Fenelon Falls Gazette.

Friday, October 18th, 1889.

Jubilee.

This is the fiftieth year since the Diocese of Toronto was constituted. It is therefore the year of jubilee, and the event, we understand, will be celebrated on the 21st of next month in a fitting manner. The Lord Bishop of the Diocese has taken advantage of the opportunity thus afforded for the purpose of raising money for the completion of the cathedral of St. Alban's the Martyr, which has been in the course of construction for several years. A full cathedral staff has been appointed, with the object in view of carrying on the work of the Church as it is done in England. Amongst the officers thus appointed, there are twenty six minor canons, whose duty it will be, in their course, to take the daily services of the cathedral for one week each half year, or two weeks in the year. Amongst them we are pleased to see the name of the Rev. Wm. Logan, M. A., Rector of this parish. And, by the way, we are informed that this is also the jubilee year of this parish; the first date in the register being May 6th, 1839, and, as by a coincidence, the birthday of the present Rector. Could not something be done, then, by the members of the congregation to celebrate the event, as few of them will be alive to see another jubilee.

The Assizes.

The fall assizes for the county of Victoria were held in Lindsay this week, Judge Armour presiding. Fenelon Falls contributed several cases, and many of our villagers were present, either as witnesses or to hear the trials. The grand Jury found "no bill" against Craig & Austin, mill owners, of Kinmount, for cutting up Boyd Co's logs, and also against John Thomson for obstructing Constable Nevison, of this village, in the discharge of his duty.

Thomas Fell, charged with robbing his employer, was found guilty and sentenced to one year in the central prison. In the suit against Greene & Ellis by Wm. Lacey for \$2,000 compensation for the loss of his fingers while working in their mill, the Judge said that the Factory Act, under which the suit was brought, compelled mill owners to cover belts, cogwheels and other dangerous gearing, but not the saws, and he accordingly gave judgment for the defendants. The suit brought by the corporation of Fenelon Falls against the late Clerk and Treasurer and his sureties terminated just as we expected. Judgement for \$840 and costs was given against the ex-official; but the sureties were released from liabilities, as there was neither a bond nor any record on the village books to show that they were bound. Even if there had been, the result would probably have been the same, as one of them, Mr. Mitchell, sent in a written resignation years ago which was accepted by the council, and the other, Mr. Feli, had not been notified of Mr. Mitchell's action.

Fatal Shooting Accident.

Every year, as soon as the shooting season sets in, the papers begin to reap a crop of ghastly paragraphs relating to more or less serious accidents resulting from the careless use of firearms. This year appears to be no exception to the rule, for already we have seen accounts of several casualties, and the Gazette now has one of its own—and a fatal one too—to record. Early this week Isaac Perrin, son of Mr. Joseph Perrin of Fenelon, and another young man were shooting squirrels in the vicinity of a lumber shanty somewhere out north, in which both of them were employed. A squirrel they were chasing ran into a hollow log, and the young man whose name we cannot learn thrust his gun in, butt-end first, after it. As he was

pulling it out the charge exploded, and struck Isaac Perrin in or near the groin, inflicting a wound of which he died two or three hours afterwards. The body of the deceased, who was, as far as we can learn, about 22 years old, was taken next day to the residence of his parents near Cameron. The accident, like thousands of others of a similar nature, was the result of the grossest carelessness; as the chances are ten to one that a gun drawn roughly through anything but air or water will go off, and shoot whoever happens to be in front of it.

Deer Hunting.

The brief season during which deer can be legally hunted commenced on Tuesday last, and already the woods are full of men and dogs eager to take the graceful and agile creatures' lives. As usual, the Yankees are coming over to hunt in our Canadian wilds, a party of them having passed through the Falls over a week ago. The influx of pot-hunters, who used to come for profit rather than for sport, was stopped—but not before it had been permitted far too long—by the law forbidding the exportation of the carcasses of deer to the United States, which has since been supplemented by an enactment limiting the number to be killed by any hunter or hunting party in a single season. In addition to this, every person who has not resided in the Province of Ontario or the Province of Quebec for three months previous to the season for deer shooting, must provide himself with a permit from the Crown Lands Department, which costs ten dollars. If the indiscriminate slaughter that was formerly permitted—or, rather, not prevented—had been allowed to continue, the deer, except in very remote districts, would have been almost exterminated by this time, and the laws for their protection should be obeyed and enforced by all true lovers of sport.

As the hunting season approaches, not a few of our villagers begin to prepare for action, and some of them are generally in the woods waiting for sunrise on the morning of the eventful day. On Monday last, the 14th, Messrs. Geo. Whissle, E. R. Edwards, Thomas Robson and F. R. Bailey went north by the afternoon train, their destination being Clear Lake, situated between the townships of Eyre and Havelock, and about twenty-seven miles beyond the village of Haliburton. Each man had a Winchester repeater, and they took with them four hounds, as eager for the fray as their owners, two canoes, tents and bedding, and a good stock of provisions, as they will not be home until Thursday or Friday next. Two of them being old and experienced huntsmen, well acquainted with the locality, and the third a good all-round man, they will no doubt get any amount of venison, and, when the annual distribution takes place in Mr. Edwards's driving shed, a fat haunch is tolerably certain to be sent over to the office of the Gazette.

Address and Presentation.

On the eve of the departure of Mr. James Thompson and family for the North-west, a few days ago, about sixty of their neighbours visited them at their residence in Lamb's settlement, Verulam, and presented the following address and the articles named therein:

Dear Mr. & Mrs. Thompson and family.—

It is with pleasure on one hand, and regret on the other, that we, a number of your neighbours, have met together to-night to tender to you our sympathy and good wishes on the occasion of your departure from amongst us. You have been with us for the last seventeen or eighteen years in almost unbroken harmony, and have always been, and now are, respected by all. These are only kind words; but kind deeds are better. We would like, therefore, to give you some tangible proof or slight token of our love and respect, by presenting to you this Bible; by no means measuring our regard by the value of our gift. Please accept the same. And also to your beloved partner this lamp and pickle cruet stand.

Praying that God may go with you, and protect you and yours from the dangers you may be exposed to on your journey to your far-off home; and that, when meeting and parting here are over, we may all meet in that upper and better land where parting is no more.

Signed on behalf of those present,
R. CURTIS,
R. ARKWRIGHT.

The proceedings were closed by singing and prayer.

W. C. T. U.—The annual meeting of this society, for the election of officers, will be held at the house of the president, Mrs. Gamble, Francis street east, at 7.45 on the evening of Monday next, the 21st inst. A full attendance of members is respectfully requested.

School Examinations.

5TH CLASS ALGEBRA—VALUE 105.
Susie McDiarmid 99, Annie Ellis 98, Aggie Tugman 67, Fannie Abbott 66, Martha Bellingham 59, Annie Power 55, Susie Haskill 55, Harry Robson 53, Bell Abbott 49, Emily Nie 47, Harry Austin 45, Mary Cullon 41, Maud Sandford 22, Minnie Bellingham 15.

4TH CLASS DRAWING—VALUE 80.
David Pitcaithly 71, Mabel Tugman 70, Sophie Wilson 65, Libbie Fisk 50, Stella Barr 50, Lily Cameron 38, Annie Lockhart 38, Libbie Hunter 35, Dennis Twomey 34, Bessie Nie 32, Fred Parker 22, Jenny Graham 22, Susie Belch 21, Beckie Johnston 18, Arthur McClellan 15, Janet McIntyre 9, Geo. Pearce 9, Lottie Thomson 5.

Personals.

Mr. Joseph Eisle, of Lindsay, came to the Falls on Wednesday, and went home next morning.

Miss Minnie Clark returned on Wednesday from Caonington, where she has been for about a week.

Mrs. M. Brandon, of Peterborough, came to the Falls, on Tuesday last, and left for home this morning.

Messrs. John D. Smith and G. H. G. McVity were at Fenelon Falls from Tuesday until Thursday of this week.

Mrs. Irvine Junkin, of Bobcaygeon, came to the Falls last Wednesday for a few days' visit to her son Mr. W. Y. Junkin.

Mr. J. J. Nevison, who has been laid up since the 3rd inst. with inflammation of the lungs, is considerably better than he was two or three days ago.

Mrs. S. Swanton, of Toronto, is visiting her sister, Mrs. J. H. Brandon. Mr. Swanton accompanied her to the Falls, but he is here so often on business that we do not look upon him as a visitor.

Mrs. and Miss Wills, of Little Britain, and Mrs. Mallett, of Lindsay, mother, sister and aunt of Mrs. B. H. Wills, were at the Falls from Tuesday until Thursday; and Mrs. Wills, on leaving, kidnapped and carried off her little grandson, Harry, but will no doubt return him safe and sound.

DRAMATIC ENTERTAINMENTS.—Mr.

R. L. Milligan, whose Comedy Co. comprises nine members, has advertised three entertainments in Ingram's hall, commencing this evening, with three entirely different programmes. Mr. Milligan has many favourable notices received from papers in places he has visited, and we infer from them that the entertainments must be well worthy of public patronage.

THE CANADIAN QUEEN.—This new and elegant magazine is sure to please every Canadian woman. It is devoted to Fashion, Art, Fancy Work, Flowers, Toilet, Home Decoration, and Household Matters. It is handsomely illustrated, and is equal to any of the high-priced English and American publications. It should be in every cultivated home. To introduce it the publishers offer to send it three months on trial for only 25c. Address The Canadian Queen, Toronto, Ont.

5TH OF NOVEMBER.—The anniversary of the memorable 5th of November—which this year falls on a Tuesday—will be celebrated in the usual manner by the members of L. O. L. No. 996. There will be a tea and entertainment in one of the halls, including, of course, patriotic and Protestant speeches by the resident ministers and others. Proceeds in aid of the band, which will enliven the proceedings with choice musical selections. Posters giving full particulars will be issued to-morrow.

HALLOW'E'N SOCIAL.—We are requested to announce that the Woman's Christian Temperance Union will hold a Hallow'E'N Social in Dickson's hall on the evening of Thursday, the 31st inst., when Hallow'E'N games will be played; but not, we presume, the kind that are generally indulged in by the village boys, such as stealing cabbages, carrying away gates and sign-boards, and placing obstructions in the public highways. The social will commence at 8 o'clock. Admission 10 cents. All are invited.

A "TALL CHIMNEY."—On Saturday last Mr. Thomas Robson, of the Cameron Lake foundry, shipped, in three lengths, a sheet-iron smoke-stack or chimney expressly manufactured for Mr. George Lamb, tanner, of the village of Omenee. It was 77 feet long, 31 inches in diameter, and weighs about 3,500 pounds; and all who saw it pronounced it a first-class piece of workmanship. Mr. Robson's reputation for turning out good articles at fair prices is having the natural result of bringing orders from considerable distances to his foundry.

NEW STABLES.—A considerable addition to the equine or bovine population of the village is to be expected, judging from the number of stables now being or about to be erected. Three,
