The Grand Dachess Sergius of Russia is a distinguished authoress, now writing the lives of the Empresses of Russia.

The latest Parisian rovelty in gloves has a small purse inserted in the palm, wherein small coins.

been on exhibition in Paris, may be expected in America soon. It has been purchased for exhibition in this country.

In the recent autumn manœuvres in Germany the fortifying of an intrenched position with barbed wire fencing was found to be very efficacious,

Polish Roman Catholic soldiers in the Russian army complain that various underhand means are taken to induce them to receive the ministrations of Greek pricats.

The Emperor William has ordered every branch of the German cavalry to be armed with the lance as its chief weapon, though neither the sword nor the carbine is to be discarded.

The erection the other day of a monument to the Danes who fell at Oversee in Schleswig in 1864 is regarded as the first public admission of complete reconciliation between the Danes and their conquerors.

One of the visitors to the Eaffel Tower has its height. "I would throw myself down from the top," he writes, "but that I am the bottem."

after a seven days' journey from Brussels in | not only noticed the emission, but it led him a phaeton drawn by a pair of dogs. He is a to examine the candidate priest somewhat humane man, and when his dogs were tired he went between the shafts while they mounted the box.

Gen. Faidherbe who died recently in Paris, was almost the only French commander who in the war of 1870-71 gained a distinct, undeniable advantage over the enemy, and quite the only one who in a pitched battle caused the Germans to rc-

The postal card was twenty years old on the first of last month. Austria has the credit of first adopting the invention, though It was first advocated by the German Postmaster General, Dr. Stephen. On Oct. 1 1866, a "Correspondenz Karte" first burst on the astonished Continental world.

Complaint is made of the wholesale destruction of Egyptian antiquities in conse- what, if the accounts are true, must be the quence of the permission given to Greek and | very poetry of motion. The carriages run Arab treasure seekers to dig, on condition on skates or slides, but between the slide that they show everything found to the and the rail is forced a film of water, which Boulak Museum. As a matter of fact the prevents all jolting, bumping, and shaking,

Berlin next April, on the Chancellor's the pace is a hundred miles an hour. If seventy-fifth birthday. It is to contain the new railway is really practicable for poems, praising, denouncing, or ridiculing him, and an immense number of caricatures.

It may be that the new powders now being invented for European use will lead to a marked change in the style of guns. The out near the muzzle. The new French powder has burst several guns in the same

A subterranean river has just been discovered in the department o Lot, France. The discoverers worked their way down stream for a couple of miles through a succession of wonderful grottoes sparkling with stalactities. They found seven lakes or their way, and had to shoot thirty seven cascades or rapids.

A French statistician has just ascertained that a human being of either sex, who is a moderate eater, and who lives to be 70 years old, consumes during "the days of the years | "An' shtrong?" "Yis, quite shtrong." of his life" a quantity of food which would | "Then, p'r'aps it's able ye'd be to bring back fill twenty ordinary railway baggage cars. | the two wash tubs yez borried last Monday." A "good eater," however, may require as - [Merchant Traveler. many as thirty.

On the day of a general election the French, it would seem, allay their excitement by heavy eating. On Sunday, Sept. 22 they ate 432,800 pounds of oysters and 152,000 pounds of fowls. Oa the previous Sunday, a very fine day, they consumed 100 000 pounds loss weight of oysters and 8,000 pounds less weight of fowls.

The Bank of Russia has just discovered that the new bills of 25 rotbles which were put into circulation only a short time ago have already been forged in a very pertect way. Several hundred thousands of other forged bills are supposed to be in circulaion throughout Russia. It is supposed that the bills are manufactured in England or in the United States.

It was noticeable at the Paris Exposition this summer how rapidly two wheeled vehicles in France are supplanting four. wheeler . There were 300 000 four-wheeled and 800,000 two wheeled vehicles in the country in 1874 The number of the former is now 1,100,000, while that of the more aristocratic conveyances remains just what it was fifteen years ago.

A circular has been addressed to the artists of the Dreeden State Theatre warning them that for the future it will be considered a breach of discipline to accept offerings of flowers and other tokens of admiration, or in any way to recognize the presence of the audience during the course of the performs ance of serious operas and dramas. This regulation has been in force for some years at Vienna and at other places in Germany.

The German purists are still continuing their campaign against the French element in the language of the Fatherland. Finding that they cannot erjoy their cigar under that name, they have bad some difficulty in finding a suitable German term to take its place The cigar manufacturers of Dasselderff, however, recently offered a prize for the best Teutonic substitute for the obnoxious foreign vocable, and their ch ica has fallen on a coinage of Pastor Zeller of Waiblingen-" Rauchrolle."

The festivities at Athens to celebrate the marriage of the Dake of Sparta and Princess Sophia of Prussia are to be on a scale of magnificence hitherto unknown in Greece. Day and night irritation, pain, burning
This mairiage is some hing more than populkidney trouble, etc., made life to me miser, name shall be Constantine, and whose wife spirits and joy it brings is indescribable. is to be called Sophia. The Dake of Sparta's name is Constantine and that of his bride Jewellery case maker, 4 Adelaide st. west, Sophia.

Accounts have been received of a so-calle ! anow firmer, said to have been discovered by precedented, so please order early.

Count Anthoskeff in the most northern portion of Siberia, where the ground i continually covered with frost. The wonderful object shoots forth from the frezen soil only on the first day of each succeeding year. It lives for but a single day, then resolves to its original elements. The leaves are three in number, and each about three women can carry their railway ticket and irches in diameter. They are developed only on that side of the stem toward the An Elffal tower in diamonds, which has north, and each seems to be covered with microscopic crystals of snow.

Prince Adalbert, the third son of the German Emperor, is not yet promoted to the dignity of trousers, but he has already shown that he possesses a cuteness beyond his years. At an exhibition of the phono- glad to send two bottles of my remedy FREE graph before the German court circle the other day each of the little princes were requested to say something into the receiver P. O. address. Resp'y, T. A. SLOCUM, of the machine. When it came to Prince M. C., 164 West Adelaide St., Toronto, Ont. Adalbert's turn, instead of following the example of his elder brothers, and reciting a verse of poetry, he shouted into the machine which was to stereotype his utterance for far-off ears, "Will papa please give me a pony?' It is not recorded whether this reasonable request was granted.

A short time ago a young student applied for admission as pupil to the priests' seminary at Kaloosa, Hungary, and, being duly provided with examination certificates, was at once received. The new pupil led exactly the same life as the other inmates of the expressed in the Paris "Figaro" his sense of establishment, and showed a marked disposition for study. A few days ago Cardinal Haynald visited the seminary, and in the afraid of dying from hunger before I reach | garden met the newcomer, who bowed respectfully, but, contrary to custom, did M. Nantet reached the Paris Exhibition | not kiss the Cardinal's hand. His Eminonce closer. The effeminate face of the young student turned scarlet under the scrutinizing gaza, whereupon the prelate uttered a few words in a low tone that caused the former to return quickly to the house. Five minutes afterward this mysterious personage had left the premises, and has not since gone back. Rumor says the individual was a lady, who felt an irresistible vocation to become a pricet,

One Hundred Miles an Hour?

Sir Edward Watkin has, on behalf of the Metropolitan Railway Company, offered the manager of the Water Railway a piece of ground near London on which to lay down aline two miles in length. We shall, therefore, soon have an opportunity to try museum does not see every thing they find. and, in fact, makes the carriages skim SAUSACE CASINGS.—Season 1889. New A Bismarck Museum is to be opened at along as a boat does on the sea. Then, too. SAUSACE importations of English Sheeps, along as a boat does on the sea. Then, too. every species of object relating to the Prince's long distances, all England will be a suburb public life, including a large collection of of London and Surrey will be saved from becoming a chessboard, covered with what the auctioneers call "villa residences standing in their own three acres and a half of perklike grounds." A hundred miles an hour would make Bath as accessible as Brighton is now, while Manchester could be manner to render the gun liable to be blown reached in an hour and fifty minutes.—

It Seemed Queer.

"It seems queer that yellow fever is always packed in cases," remarked Mrs. Snaggs. "I don't quite understand you," said her husband. "Well, occarionally I see in the papers that a case of yellow fever has arrived in New York."

Gentle Sarcasm.

"Mrs. Mulligan," said Mrs. Ginty, "is it well yer falin' the day ?" "Yis, very well."

Never Got Over It.

Miss Pyrte-"What makes you such a confirmed woman hater, Mr. Olebach?" Mr. Olebach-"Well, when I was a young man, a woman made a fool of me." Miss Pyrte-"And you never got over it?"

> Good Points in A Woman. A clear bright eye That can pierce the sky, A rounded cheek Where the roses speak, A chest so grand That the lungs expand; A steady brain That can bear the strain, A manner britht

And a spirit light. Who does not wish for these, or having them wish to keep them, yet when weakness, irregularities, sick headache, nervousness, and inflammations, attack her, restoration can be accomplished by the use of Dr. Pierce's Favorite Prescription, a medicine designed for woman's use, and placed with all druggists for their relief. Sold under the manufacturers' positive guarantee of satisfaction, or money refunded.

Entire dresses of crecheted wool are worn by Eaglish children, especially delicate ones, in cold, damp weather.

The tight coat sleeve is dead.

What A Dunce suffered with fever, hot head and foul breath With stumach disordered-was sick unto death. I bore it a week-surely I was a dunce-Then I took a few "Pellete"-they cured me at once.

What a dunce, indeed, to neglect such a remedy and suffer a week, when quick relief could have been found in Dr. Pierce's Pleasant Purgative Pellets.
