of celebration in this village; but there is some talk of an excursion under the auspices of the Mechanics' Institute, and we believe there is to be an excursion from Lindsay to the Falls by one of Crandell & Ellis's steamers.

**SPECIAL SERVICES ON SUNDAY.**—Mr. Utley, Secretary of the Young Men's Christian Association, Lindsay, will deliver two addresses on Sunday first, 11th May. In the afternoon at 4 o'clock he will address a meeting of men only in the Presbyterian church; and in the evening at 8.30, in the Methodist church, the meeting will be for the general public.

**NEARLY CHOKED.**—Last Monday Mr. F. J. Kerr came near losing his cow, which was caught in the act of stealing potatoes out of a bag, and partly swallowed the one she had in her mouth when driven away. Mr. R. M. Mason, our village veterinary surgeon, was sent for as soon as possible, and with him came "Dr." Twomey and Mr. George Jeffrey, who lent their valuable assistance. The cow was cast, (as she wouldn't stand to be operated upon,) and her mouth was held open by a sort of oval-shaped ring which Mr. Mason brought with him; but the job of removing the potato was a long one, as it was so firmly wedged in that neither of the men could get a good hold of it with his fingers, and Mr. Mason finally managed to extract it with a corkscrew. Fortunately for the animal she could breathe a little, or she would of course soon have been dead; and, as it was, we fancy she must have been black in the face by the time they got through with her.

Rykert the Unsavory has resigned his seat in the House of Commons, and it is to be hoped that the electors of Lincoln will not disgrace themselves by sending him back again.

Longue Pointe Asylum, ten miles below Montreal, was completely destroyed by fire on the 6th inst., and a large but unknown number of the unfortunate inmates perished in the flames or otherwise lost their lives.

Emperor William's disarmament utterances have not prevented him from bringing every influence to bear on the Reichstag, with the view of inducing it to consent to the increase of the Imperial army. His anxiety in this respect is perhaps occasioned by the fact that France has 40,000 more soldiers and 700 more field guns than Germany. The Emperor's request cannot be complied with without repealing the military clauses of the Constitution of the Empire, by which the annual conscription is limited to one per cent. of the population. This the Reichstag is naturally strongly opposed to doing.

**LUMBER YARDS,**

FENELON FALLS AND LINDSAY.

We have for sale here and at Lindsay all kinds of Building Lumber, Joist, Scantling, Plank, Timber, Lath, Pickets, Shingles, Fence Posts and all kinds of Planed and Matched Lumber from one to two years old. Our Common Lumber, both Pine and Hemlock, inch and two inch, is mostly new stock, cut last season, well roofed, dry and bright, manufactured expressly for the local trade of Fenelon Falls and Lindsay and surrounding country.

From our long experience in the business, and being builders ourselves, we have a good idea of what is required for first class or common building materials for houses, barns and outbuildings.

We have assorted and piled by themselves both qualities to suit purchasers. Prices from \$3 50 to \$5 per M feet and upwards.

We have about two million feet that must be sold to make room for new stock. Parties requiring any of the above stock will save money by calling before purchasing elsewhere, or by sending their bills here or to Lindsay for quotations. Bills estimated and returned for approval. Can ship by car loads to all points. Can get special rates on to April next. Send on your orders. "One Dollar Saved is Two Dollars Earned."

TAKE NOTICE.—The above is all gang lumber, parallel widths.
