

Carpets and Oil-Cloths, No. 9 Keenan's Block, Kent Street, Lindsay.

S. W.—Mr. John Quible's big grey horse was so badly scared, last Monday, by some long sticks of timber loaded on his waggon that he tried to run away; but Mr. Albert Quible, who was driving, hung manfully to the lines, and Mr. Thomas Johnston sprang to the horse's head and seized his bridle, and between them they managed to stop him.

READ THIS.—Save money and be stylish by buying your millinery at Mrs. R. McDougall's, where a beautiful selection of the very latest millinery is always on hand. Miss E. Earle, who cuts by the tailor system, has taken charge of the dress-making, and those who favour her with their patronage will have their garments neatly and artistically made.

THE SETTLERS' FRIEND.—Mr. J. B. Campbell, the Reform candidate, is in favour of giving the title to all minerals found on free grant lands to the settlers on such lands; but Mr. Fell, at the meeting at Coboonk on Tuesday, said the Government ought to retain the title to the minerals. The settlers out north will be wise to bear this in mind, and vote next Thursday for the candidate who would confer upon them a right that may prove very valuable.

JOE HESS.—This now celebrated temperance worker, once a noted saloon keeper, who has met with such marvellous success and been the means of rescuing scores of men addicted to the use of liquor, and who has the faculty of moving people as they seemingly have never been moved before, is coming this way. He will speak in Bobcaygeon on the 8th, 9th and 10th of June, and in the Methodist church, Fenelon Falls on the three following evenings, viz, the 11th, 12th and 13th of June. Go and hear him.

The Paris police are keeping a close watch on foreign Anarchists.

The English Syndicate which bought nine breweries at San Francisco for \$6,000,000 have sent on an instalment of \$1,000,000 of the purchase money.

"Sun sickness" is the term applied to the condition of the people of Melbourne, who recently passed through a torrid season. So abnormal was the heat that natives of Madras and Negroes from Sierra Leone suffered more than they had ever suffered in their native climes.
