Dominion Day.

Tuesday next will be the 1st of July, Dominion Day, and although there is to be no celebration in Fenelon Falls, it will of course be observed as a holiday, and the members of the Quadrille Club have arranged for an excursion to Washburn's Island in Scugog Lake—a long trip but a pleasant one. The residents of the vicinity of Rottie's Station in Somerville have determined to honour the day to the best of their ability, and posters announcing a programme of sports calculated to draw a crowd have been printed and circulated.

In Lindsay the congregation of St. Mary's church announce a monster celebration on Dominion Day, which they will hold on the grounds of the agricultural park. A list of attractions, longer than we can afford space for, has been arranged, chief among which are bicycle races, foot races, running races, jumping, vaulting &c., a match at baseball, a named trot for horses, and a green race that is expected to be particularly interesting. In the races purses to the value of \$200 are offered, and some of the best stock in the county will be present. The famous band from Bowmanville—the Dominion Organ Co.'s band—have been specially engaged for the occasion, and lovers of fine music should not fail to hear them. Arrangements are made for dancing in the agricultural buildings. Meals will be furnished at low prices, and a day's thorough enjoyment may be had by all who go to Lindsay on July 1st.

Fisticuffs.

Monday last was a good day for fights in Fenelon Falls. During the evening two athletic young villagers, known respectfully as Archie and Buck, quarrelled about somebody else's horse trade and adjourned to the McArthur House stable, where they fought for a quarter of an hour, Archie being the victor. Constable Nevison, hearing of the occurrence, summoned them both for a breach of the peace, and Buck was next day fined \$1 and costs (total \$3.85) by Mr. Dickson, but his opponent went to Lindsay in the morning and did not appear to stand his trial. On Monday the steamer *Stranger* was in the locks nearly all day, as she had broken her propeller and was brought here for Mr. Robson of the Cameron Lake foundry to put in a new one. For some reason—possibly out of "pure cussedness" or to show his authority—the captain persistently bullied the engineer, who at last lost his temper, and in the evening they got from words to blows. The first time they attacked each other they were separated before either was hurt, and the peace-makers thought the trouble was over; but a few minutes later the two men resumed hostilities, and the captain was knocked down and had his face badly cut, but whether by his opponent or by the stones on which he fell appears to be a disputed point. They were not summoned, as the fight took place near the wharf and they left before the constable could take action, as he did not hear of the affair until some little time after it had occurred and did not know the pugilists' names.

Powles's Corners.

Correspondence of the Gazette.
A mean trick, that might be classed as highway robbery on a small scale, was perpetrated near here on the evening of Tuesday, the 17th inst. As a little boy of Mr. John Brown's was walking home from the lake with a nice fish that he had caught, he was overtaken by three young men, or, in other words, three who called themselves men. They demanded the fish from the boy, who was so scared that he gave it up, and it was taken to a relative's house, about a mile west of the school-house, where it was cooked. One of the young men, who was made a fool of by the other two, had to make it all right, or face the law. They live at Pleasant Valley, but we will not give their names this time, though it was not the first misdeed of which they have been guilty. Mr. Oliver Gaspell has had the mis-

fortune to lose a good young cow that got stuck in a beaver meadow. Such a loss is keenly felt at this time of year.

In one of the neighborhoods in this section the farmers combined together for the purpose of buying a threshing machine. We wish them success.

Road work has been expended on the Queen's highways, but, as very little money is spent on them, the statute labour alone is not sufficient to keep them in good condition.

Mrs. D. S. Willcock has been summoned to the bedside of her mother, Mrs. Graham, of Ops, who is lying at the point of death.

Quite a number of our young men are off to Kingston, not for any crime, but for their annual drill as Volunteers. May they have a good time.

Personals.

Mrs. Wm. Sewell left on Monday to visit her relatives in Ireland.

Miss Bella Fair, of South Monaghan, is visiting at Mr. Wm. Jordan's.

Mr. W. C. C. Logan, of Peterboro', has been at the Rectory since Monday.

Mr. & Mrs. Richard Wilson, of Manvers, are visiting at Dr. A. Wilson's.

Miss Jeannie Twomey returned on Tuesday from a five weeks' visit at Belleville.

Mrs. Guest, of Adjels, and Miss Mason, of Mono Mills, are visiting their brother, R. M. Mason, V. S., at the Falls.

Mr. Babbitt, the "ice man," left the Falls on Monday for Peterborough, to ship the contents of two or three storehouses there.

Mrs. Jas. A. Todd left on Tuesday with her two children for Dallas, Texas, where Mr. Todd has had profitable employment for upwards of a year.

Dr. E. S. Wilson is in Edinburgh, attending the hospitals, and witnessed the presentation of the freedom of the city to Stanley, the explorer, on the 11th inst.

Mr. Archibald McDougall, of Minnedosa, Manitoba, where he has resided for about 13 years, came to the Falls last Wednesday, for a month's visit to his brother, Mr. Hugh McDougall.

METHODIST S. S. PIC-NIC—The Methodist Sunday School picnic is to be held this year at Jacob's Island, below Bobbaygeon. For particulars see posters.

CHURCH NOTICE—We are requested to state, for the information of those concerned, that the Rev. Wm. Logan will, (D. V.) resume duty at St. Peter's, Verulam, on July 6th. Service at 3 o'clock p. m.

NO FLIES—No Flies on anything, if you use our Insect Powder, "Shoo Fly," or Wilson's Fly Pads.—W. T. JENKIN.

MASONIC TRIP—Last Sunday about half the members of the local lodge of Masons, accompanied by their wives or lady friends, went to Lindsay by the Steamer *Evo*, and in the afternoon attended the Methodist church, where an eloquent and appropriate sermon was preached by the Rev. Dr. Williams. They had splendid weather and got home about 8.30 p. m.

SERMONS TO ORANGEMEN—This year the 12th of July is to be celebrated in Fenelon Falls by the Orangemen and True Blues of the district, and on Sunday, the 6th inst., they will march in full regalia to St. James's church in the morning, and to the Presbyterian church in the evening, where sermons suited to the occasion will be preached by the Rev. Wm. Logan and the Rev. Mr. Lockhead.

THE DRAIN—The drain on the east side of Colborne St. from Mr. Heard's store to the creek south of Twomey's hotel, is finished; and, contrary to general expectation, Mr. Robert Wallace, the contractor, has made fair wages. The job was commenced four weeks ago last Wednesday, but several stoppages were caused by wet weather, and the work expended on it was only equal to forty days for one man. The contract price was \$56, to which Mr. Heard added \$10, as the drain was undertaken mainly for his benefit, and he was determined to have it done to his satisfaction.

POISONED—On Wednesday last Mr. John H. Brandon's big dog, Tiger, died of a dose of strychnine; but whether it was laid for rats and he found it or it was given to him intentionally there is no evidence to show. The probability, however, is, that it was a case of wilful murder, as Tiger, though he had many good traits of character, was rather fond of fighting, and had bloodshot eyes which made many persons afraid of him. He was a splendid water dog, and, on Tuesday last sprang into the canal to rescue his friend Bob, an Irish terrier, which Mr. Brandon had thrown in to give him a bath, as he couldn't be got into the water by any other means.
