INSURANCE.

THE ROYAL CANADIAN INSURANCE
Co. issues by far the best Farm policy
in Canada.

JOHN AUSTIN,
Fenelon Falls, June 12th, 1890. Agent.

— THE —
ROYAL CANADIAN
INSURANCE COMPANY,

vs.
THE LONDON MUTUAL,
FOR FARMERS.

The Royal Canadian offers the following
advantages over the London Mutual:

1. If a building worth \$1200 is insured
for say \$1000, the Royal Canadian is oblig-
ed to pay \$1000, if a loss occurs. In such
a case the London Mutual is obliged to pay
only two thirds of the cash value, or \$800.

2. If a horse worth \$90 is killed in the
fields by lightning, the Royal Canadian is
obliged to pay \$90. The London Mutual
pays only \$60.

3. For a cow worth \$30 killed by light-
ning the Royal Canadian pays \$30. The
London Mutual pays only \$20. For other
animals the Royal Canadian pays the full
value. The London Mutual pays not more
than \$5, no matter how valuable the animal
may be.

4. In the Royal Canadian animals are
insured against lightning while at pasture
anywhere. In the London Mutual they are
insured while pasturing on the premises of
the insured only.

5. When articles are insured specifically,
such as musical instruments, the Royal
Canadian is obliged to pay the full amount
insured up to the cash value of the article.
The London Mutual pays only two-third
of the cash value, no matter what the in-
surance may be.

6. When "ordinary contents" of out-
buildings are insured by the Royal Canadian
ALL implements are included. In the Lon-
don Mutual only one reaper and one mower
are included, no matter how good others
may be.

7. When the outbuildings are not joined
to each other the Royal Canadian insures
under one sum the "ordinary contents" of
all building not cut off by a distance great-
er than 40 ft., the same as if the contents
were all under one roof. The London Mutu-
al requires a separate sum on the con-
tents of each building, if the distance is
more than 12 ft. This is a very important
difference in many cases.

8. In the Royal Canadian it is a part of
the contract that standard STEAM THRESHERS
may be used without a special permit and
without any restriction as to the distance
from stacks or buildings, caretakers, piles
of water, kind of fuel or direction of the
wind. Many of the policy holders in the
London Mutual were obliged to run their
own risk while threshing last season, be-
cause it was found to be impossible to com-
ply with the conditions of their permit.
When a farmer pays for insurance he should
secure a policy which will hold him safe
when it is most required.

9. The Royal Canadian is obliged to pay
its losses within sixty days and usually
takes much less. The London Mutual need
not pay for ninety days, and since it has
become so hard up as to be obliged to bor-
row money largely, it usually takes about
the full time allowed.

10. The Royal Canadian policy is subject
to the statutory conditions only. It has
none of the numerous variations against
the policy-holder printed in red ink on the
back of the London Mutual policy.

11. As to security, the inspector of in-
surance reports that the Royal Canadian has
\$202,758, the amount he estimates to be
necessary to enable the company to carry
out all its engagements with its policy
holders. Besides this he reports that it has
to the good the \$400,000 capital paid in
cash by the shareholders, and a net surplus
\$117,607 making in all a total cash surplus
of \$517,607 to protect its policy-holders
against unexpected contingencies. In ad-
dition to these cash items it has a subscrib-
ed capital of \$100,000 not called up. Re-
garding the security of the London Mutual
the inspector reports that the amount of
unearned premium it should have on hand
is \$290,309. To make up this amount in
cash a second call would have to be made
on the premium notes for a large amount,
leaving a surplus of only \$74,218, even if
there were no bad debts, and this surplus
is made up wholly of the unpaid balance
of premium notes already heavily assessed.

The company reports the losses adjusted
but unpaid at the close of the year at \$8,-
387, but the Inspector of Insurance finds
that the liability for unpaid losses at the
end of the year was \$20,286. The cash on
hand to pay these losses only amounted to
\$13,911.

In view of the foregoing facts farmers
will have no difficulty in deciding as to the
company in which they should be insured.

17-3m. Agent, Lindsay.

elon Falls "Gazette," only \$1

McKeown, That this council lease a

don, for the purpose of piling wood, for
the term of one year, at a rental of \$10
per annum, on condition that the said
lessees sign an agreement to clean off
all refuse at the expiration of one year
from this date.—Carried.

Moved by Mr. Nevison, seconded by
Mr. McKeown, That the clerk be au-
thorized to notify the Napanee Paper
Manufacturing Company, that if the
nuisance caused by the obnoxious odors
from the present chemical process in the
manufacture of pulp in their mill
be not immediately stopped, that legal
proceedings will be instituted to abate
the same.—Carried.

The council adjourned, to meet on
the first Monday in August.

Personals.

Mr. Wm. McWatters and family left
for Lindsay on Monday last.

Miss Sadler, of Lindsay, has been
visiting at Mr. Wm. Jordan's since Sat-
urday last.

Mrs. David Barrett, of Toronto,
daughter of Mr. & Mrs. Geo. H. Mitch-
ell, has been at the Falls, with her two
children, since the 3rd inst.

Mr. Henry Renzie, School Inspector
for West Victoria, has been at the Falls
since Tuesday, conducting the examina-
tions for third class teachers' certificates.

Mr. & Mrs. Lengeman left for their
home at Rochester on Tuesday, and
Mrs. E. S. Wilson and the Misses Wil-
son accompanied them, with the inten-
tion of remaining about a month.

Mr. & Mrs. J. B. Edmison, who left
Bobcaygeon for Omaha about eleven
years ago, were at the Falls this week
visiting at Mr. Geo. Jeffrey's, whose
wife is Mrs. Edmison's sister. Mr.
Edmison says he would rather live in
Canada, but can do better in Omaha,
where his son-in-law, Mr. Hamilton, is
doing a large business as a contractor.

Since they went there the city has grown
with wonderful rapidity, the population
having risen from 1,000 to a good deal
over 100,000.
