

The harvest in Hungary is ruined by the floods.

Chief Justice Corson has affirmed the constitutionality of the prohibition law in South Dakota.

Mr. John W. Mackay, the missing king, has been appointed a director of the Canadian Pacific.

A disease which some believe to be anthrax has appeared among cattle at Cartwright, Manitoba.

Australia is threatened with a complete suspension of shipping business as a result of an agitation for higher wages.

A mechanical decoy rat has reached the patent office. It is made to resemble a rat, with a piece of cheese stuck on a little spear which projects just beyond its nose. When the real rat nibbles the cheese, the spear darts forward about six inches, and the animal is impaled.

CORRESPONDENCE.

To the Editor of the Fenelon Falls Gazette.

Sir,— Permit me a small space in your paper to ask our council why the voters' lists for the current year are not yet published. The Fenelon Falls voters' list is one of the smallest in the county; the township of Mariposa the largest; yet the lists for that township were published a month ago; and our village fathers cannot give any valid reason why ours should not be in the hands of the electors by the middle of July. Why is this? If the private business of the clerk so completely absorbs his time that he cannot perform his public duties in due season, it might not be out of place to suggest to the council the advisability of replacing him with one who can.

Yours,

VOTER.

GREENE & ELLIS'S LUMBER YARDS,
FENELON FALLS AND LINDSAY.

We have for sale here and at Lindsay all kinds of Building Lumber, Joist, Scantling Plank, Timber, Lath, Pickets, Shingles, Fence Posts and all kinds of Planed and Matched Lumber from one to two years old.

Our Common Lumber, both Pine and Hemlock, inch and two inch, is mostly new stock, cut last season, well roofed, dry and bright, manufactured expressly for the local trade of Fenelon Falls and Lindsay and surrounding country.

From our long experience in the business, and being builders ourselves, we have a good idea of what is required for first class or common building materials for houses, barns and outbuildings.

We have assorted and piled by themselves both qualities to suit purchasers. Prices from \$3 50 to \$5 per M feet and upwards.

We have about two million feet that must be sold to make room for new stock. Parties requiring any of the above stock will save money by calling before purchasing elsewhere, or by sending their bills here or to Lindsay for quotations. Bills estimated and returned for approval. Can ship by car loads to all points. Can get special rates on to April next. Send on your orders. "One Dollar Saved is Two Dollars Earned."

TAKE NOTICE.—The above is all gauge lumber, parallel widths.
