### Serious Accident.

On Monday afternoon a young man named Thomas Barry, 11 years in the employ of the Rathbun Co., and acting as clerk on the drives of logs now passing the Falls, met with a very serious accident through jumping off a moving train on which he had ridden from the station to the pulp mill, where he had left his canoe, in which he intended to paddle across Cameron Lake to a drive at the mouth of Burnt River. In alighting from the front (instead of the rear) of the last car he stepped on a stone that rolled and threw him down, and one or more of the wheels went over his left foot. He walked for a short distance, sat down and pulled off his boot, and then, finding that he was badly hurt, shouted to the hands in the pulp mill, who went to his assistance and he was carried to the McArthur House, where Drs. Wilson and Brien were promptly in attendance. The front part of the foot was so dreadfully mangled that, after a careful examination, the doctors were quite agreed that it would have to be amputated near the middle of the instep, and the operation was performed about two hours after the accident, the patient being kept under the influence of chloroform by Mr. W. R. Madill. On Tuesday a cousin of Mr. Barry's and Dr. McKeown, of Campbellford, arrived, and the latter, who is one of the Rathbun Co's medical men, approved of what had been done. On Wednesday morning the patient, who, as far as could then be told was progressing very favorably, was carried down stairs on a stretcher made for the purpose, carefully conveyed in a light spring wagon to the railway station and taken to Campbellford, where he has friends, though his mother and other members of the family live at Buffalo. He shook hands with, and smilingly bade good-bye to his acquaintances, and said that he was not suffering much pain. The accident is, of course, a very serious one; but as the ankle joint is uninjured and the back half of the foot is left, he will no doubt be able to obtain a substitute for the amputated portion that will enable him to walk fairly well.

### Badly Shocked.

While Messrs. Alexander and Robert McGee were weeding carrots on their farm in Fenelon, about 9.30 a. m. on Thursday of last week, there came a sudden and very vivid flash of lightning, and they were both knocked down, as was also the dog they had with them. Mr. Alex'r. McGee, from whom we had the particulars, says they neither saw the lightning nor heard the thunder, and the first he knew was that he was on his side on the ground, while his brother was lying at a short distance on his back, from which it is to be inferred that they were both senseless, though perhaps only for a few seconds. The dog, after silently turning "end over end" a few times, put his tail between his legs, set up an awful howling and started for the swamp as hard as he could go; but returned when he found that he was not hurt and that the lightning wasn't chasing him. It was not raining at the time, though it commenced almost immediately afterwards; but the flash was seen and the thunder heard at Mr. John Parrish's, about a quarter of a mile off, where a boy was

knocked down. Mr. McGee says that he was all right in less than half an hour, though for a time he felt as if a thousand little needles were slightly pricking his breast; but his brother's head was sore until next day, possibly because it struck a stone or the ground when he fell.

### A Bad Cut.

An accident by which Wm. Brandon, son of Mr. Robert Brandon, of Verulam, came near losing his right hand, occurred on Friday last. He and others, amongst whom was Johnston Fell, who is said to be constitutionally careless, had been putting up a log house for Mr. Samuel Keown; and when the top log was in its place young Brandon, who was standing on something that brought his head about level with the top of the wall, put his right hand over the log and stooped down to pick up a saw with his left. At that instant Fell, who was standing on the wall, swung his axe over his shoulder and, turning half around, struck it into the log. Those who were present say that if it had gone two inches further forward Brandon's hand would have been cut clean off; as it was, the heel of the axe went into the log, but the fore part cut a terrible gash right across the wrist joint, taking a slice from the end of one of the bones. The victim of his companion's carelessness had his wrist bound up and came as soon as possible to the Falls, where he was attended to by Dr. Wilson, who says that the wound is a very bad one, though he hopes the young man will not lose the use of his hand.

Moynes, Captain.

Fenelon Falls, R. Taggart, J. Clark, F. Washburn, R. DeLury, T. Graham, W. Cameron, E. McCallum, J. Wilson, T. Edwards, D. Twomey and W. T. Junkin, Captain. J. Bowman, Referee.

### Powles's Corners.

Correspondence of the Gazette.

Mr. Samuel McGee has purchased two young cows of the Holstein breed from Smith Bros., Credit Valley stock farm, County of Peel.

We extend our hearty congratulations to Mr. S. Gillis upon his having taken to himself a wife in the person of Miss H. Harris of the Township of Smith, County of Peterborough.

Miss Minnie Brown has returned home after a lengthy visit to her sister, Mrs. Hill.

Boys under 18 years of age will have to be careful about smoking and chewing tobacco after the 1st of July.

### Personals.

Mr. George Ward, of Oshawa, is visiting at Mr. Wm. Jordan's.

Mr. C. G. Cody, of Lindsay, spent a couple of days of this week at the Falls.

Mr. E. D. Orde and Mr. F. D. Moore, of Lindsay, were at the Falls on Wednesday and Thursday.

Mr. Gilchrist, of Woodville, is conducting the entrance examination here this week. There are about forty candidates.

Dr. and Mrs. Bonnell, of Bobcaygeon, drove to the Falls on Tuesday evening to see their daughter, who was visiting at Mr. Dickson's. Miss Bonnell went home on Wednesday.

THE S. S. PICNIC.—Don't forget the Methodist union Sunday school picnic to Bobcaygeon on Monday next.

When you need Paris Green, don't forget that W. T. Junkin keeps the very best at the right price.

LOGS.—During the past two weeks about 125,000 logs have gone over the Fenelon Falls slide, a very unusual number for so short a time.

A. Clark & Son have received several orders lately from British Columbia for fine clothing, which shows that their work is good and cheap.

"PATRON'S" PICNIC.—A large number of farmers attended the "Patron's" picnic at Sturgeon Point on Tuesday last, but the unfavorable appearance of the weather in the morning no doubt kept a good many away.

DOMINION DAY.—The 1st of July, Dominion Day, which is a statutory holiday, falling this year on Friday, we have issued the Gazette on Thursday. Confederation is now 25 years old, and its few remaining "fathers" must be grieved at the recklessness with which its assets have been dissipated and its liabilities piled up by the unfaithful stewards who have had the management of its affairs.

ORANGE SERMONS.—On Sunday, July 10th, sermons to Orangemen will be preached in two of our village churches, which they will attend in full regalia. The intention was that the morning sermon should be preached in the Presbyterian church; but as Rev. Mr. McKinnon, the pastor, will be away from the Falls that day, it will probably be preached by Rev. Mr. McCann in the Methodist church, and the evening sermon in St. James's church by Rev. Mr. Farncomb. If any different arrangement is made, it will be announced in next week's Gazette.

SHOULD BE INVESTIGATED.—The Peterborough Examiner says: "A valuable Jersey cow and a two year old heifer belonging to Mrs. Wm. Hamilton, Bethune street, which have been pasturing in a field on Park street near the railroad, have both died after being sick
