The Great Buggy Case.

The litigation over Mrs. H. McDougall's buggy has at length come to an end, and has been definitely decided in her favour. The now famous vehicle was seized and sold by the collector, a year ago last summer, for taxes on a store occupied by Mr. McDougall and owned by Mr. Wm. McArthur, who was then reeve of the village. Mrs. McDougall brought an action in the county court—nominally against the corporation, but in reality against Mr. McArthur, who had indemnified the council and the collector—and a verdict was given in her favor with \$70 damages. The council then appealed to the county judge, who decided against them; and the Court of Appeals, to which the case was next carried, has sustained the judge's decision and dismissed the appeal with costs.

Harvest Thanksgiving.

The Church of England Harvest Thanksgiving Services this week were very numerous attended, and pecuniarily as well as otherwise, were a great success. On Sunday sermons were preached morning and evening to large congregations by the reverend C. H. Marsh of Lindsay, and on Tuesday evening there was a tea, which the Rev. Mr. Creighton of Bobaygeon justly pronounced *recherche*, in Ingram's hall, followed by addresses and a lecture in Dickson's hall. The speakers were Revs. Farncomb, Creighton, McKinnon and Fraser, after whom came the Rev. J. C. Allen of Millbrook, who delivered a most interesting and instructive lecture on his tour through Palestine. The proceeds, over expenses, amounted to about \$45, which will be devoted to the erecting of a driving shed, and country members of the congregation have promised \$25 more.

Personals.

Miss Lizzie Shiells of Peterborough is visiting her cousin, Miss Dora Smith, at Rosedale.

Miss Lottie Heaslip returned home last week, after a visit of a month to her sister, Mrs. Gladstone, at Brampton.

Mr. & Mrs. Daniel Gladstone, now residents of Brampton, have been at the Falls visiting relatives since Wednesday. Dr. W. G. Bryson of Chicago, and his second daughter, Frances, have been here since Tuesday. As the doctor was for several years a resident of the village and the young lady was born here it "goes without saying" that they were both warmly welcomed.

Mr. W. J. Ingram, eldest son of Mr. Noble Ingram, was at Fenelon Falls and Bobaygeon this week. Willie is in the employ of the Johnston & Johnston Co., wholesale druggists, of Toronto, and was on his first round as commercial traveller, at which we venture to predict he will prove a success.

MORE BOOKS.—At a special meeting of the Directors of the Mechanic's Institute on Wednesday evening it was decided to at once order new books to the value of \$80, and in a short time another \$70's worth will be purchased, the two sums being equivalent to the Government grant, which is \$150.

MINKS.—We have always understood that minks are very shy animals, yet nevertheless two, if not more, of them have been seen in this village in the vicinity of the locks, and a few days ago several persons watched them dodging in and out of some stonework near Sandford's mill. From their size, or want of size, they appear to be too young to know the danger of taking up their residence within a corporation, and we advise them to skip as soon as possible, as their lives are in danger.
