**Trees Planted By Artillery.**

The Duke of Athole consulted my father as to the improvements which he desired to make in his woodland scenery near Dunkeld. The duke was desirous that a rocky crag called Craigybarns, should be planted with trees to relieve the grim barrenness of its appearance. But it was impossible for any man to climb the crag in order to set seeds or plants in the clefts of the rocks. A happy idea struck my father. Having observed in front of the castle a pair of small cannon used for firing salutes, it occurred to him to turn them to account. His object was to deposit the seeds of the various trees amongst the soil in the clefts of the crags. A tinsmith in the village was ordered to make a number of caisters with covers. The caisters were filled with all sorts of suitable tree-seeds. A cannon was loaded, and the caisters were fired up against the high face of the rock. They burst and scattered the seed in all directions. Some years after when my father revisited the place, he was delighted to find that his scheme of planting by artillery had proved completely successful, for the trees were flourishing luxuriantly in all the recesses of the cliff.—James Nasmyth's Autobiography.

**What She Knew.**

A Hawick farmer, who married a bonnie buxom lassie, who was considered very clever, and who had long been the standing toast to all the young lads in the country-side, was lately boasting of her qualifications to a few cronies and said:—“Weel, she kens a’ about the Fifeshire laird ca’d Macbeth, and the Englishman wha wrote a play-act about him an’ his wife. She can tell ye about Wallace and Bruce, John Knox an’ a’ thae kind o’ folk. She is a bonnie painter, and can paint a Dandy Dinmont sae weel that ye wad think it was a lion, an’ a Cheviot ram that looks as grand as an elephant. She kens a’ about what college folks ca’ chemistry, an’ says that water is made o’ twa kinds o’ gin, an’ that the air is made o’ ox-gin an’ nitre-gin, (or salt-petre gin), an’ that a diamond is naething but a bit o’ burnt stick, an’ that a railway tunnel an’ a coal pit are bored wi’ a big grimit.”

**Bloodhounds to Locate Dead Bodies.**

There have been so many lives lost by the falling of walls in this country during the past few months that firemen have been exercising their ingenuity in devising a method of discovering the whereabouts of the victim without loss of time. It is stated that in Paris bloodhounds are used for this purpose. The animal's feet are protected from injury by a mixture of soot, vinegar and borax, the latter being the principal ingredient, and thus he is able to pursue his search in safety among hot ashes. The utilization of the services of a dog gives one a new idea of his value, and the fact that a bloodhound, instead of being employed to track living human beings, is used to discover the remains of dead ones, is suggestive of the progress the world has made in humanity.—Commercial Advertiser.

Tipperusaleem is a new Oklahoma post-office. The sheriff wanted it called Tipperusaleem and the mayor stood out for Jerusalem. The result was a compromise to save bloodshed.

Chariton Alexander, the millionaire banker of Paris, Ky., and cattle king of Bourbon County, has just sold 700 fine Durham cattle to T. C. Eastman of New York for \$65,000. The cattle were shipped to New York to-day. It will require 60 cattle cars to transport them. The cattle will average 1800 pounds in weight and are the finest Kentucky ever sent out. They will be shipped to London for Christmas beef, part of them going to Queen Victoria.

THE GREAT SOUTH AMERICAN  
**NERVINE TONIC**  
 AND  
**Stomach and Liver Cure**

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.  
 It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver, and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

**IT IS A GREAT REMEDY FOR THE CURE OF**

Summer Complaint of Infants.  
 All these and many other complaints cured by this wonderful Nervine Tonic.

**NERVOUS DISEASES.**

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDSVILLE, IND., Aug. 20, '86.  
 To the Great South American Medicine Co.:  
 DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.  
 J. A. HARDEE, Ex-Treas. Montgomery Co.

REBECCA WILKINSON, of Brownsvalley, Ind., says:—“I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and Indigestion, until my health was gone. I had been doctoring constantly, with no relief. I bought one bottle of South American Nervine, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy. A few bottles of it has cured me completely. I consider it the grandest medicine in the world.”

**INDIGESTION AND DYSPEPSIA.**

**The Great South American Nervine Tonic**

Which we now offer you, is the only absolutely unerring remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and only one great cure in the world for this universal destroyer. There is no case of unimportant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARSHBET E. HALL, of Waynesboro, Ind., says:—“I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, Indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly.”

Mrs. ELLA A. BRATTON, of New Ross, Indiana, says:—“I cannot express how much I owe to the Nervine Tonic. My system was completely shattered, appetite gone, was coughing and spitting up blood; am sure I was in the first stages of consumption, an inheritance handed down through several generations. I began taking the Nervine Tonic, and continued its use for about six months, and am entirely cured. It is the grandest remedy for nerves, stomach and lungs I have ever seen.”

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nerves. No remedy compares with South American Nervine as a wonderful cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon. If you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.
