

California Gold.

The days of rich pockets and nuggets are by no means over in California. For instance, a few weeks ago they got \$10,000 out of a pocket in the Stow mine, Forbestown, Butte County, and the mine since made a clean up of \$20,000. Henry Miller, of Magalia, in the same county, found a little pocket in his claim from which he took out in a few minutes \$580. Ed Gilbert found in his drift mine, near Butcher Ranch, Placer County, a nugget worth \$2,300. It was about ten inches long, from three to seven inches in width, and from an inch to an inch and a half in thickness. The whole surface was very irregular. Its beauty consisted in having the formation of crystallized quartz, with clear-cut corners, the sides of whose cubes shone with dazzling brilliancy at any angle from which a person viewed it. The mine has been worked more or less since 1856. Louis Page and partners at Bald Mountain, Tuolumne County, after working a tunnel for nineteen months, have struck several very rich pockets, where they have found nuggets worth \$40, \$80, and \$140, and more in sight.

There are only a few instances seen in our exchanges in the past week or so, and there are, doubtless, others not chronicled. There are thousands of Chinese working in the mines of the State, but no one ever knows what they get; and in the richer claims run by white men little is said of the product. The gold mining interests of California are becoming better recognized than they have been of late years. The northern counties are only partly prospected, and even in the older mining regions there is room for discovery. There are many mines being worked so easily by private parties which are paying handsomely, but as no stock is for sale, very little is said of them in the public prints.—*Min. and Sci. Press.*

Bags Instead of Barrels for Sugar.

The Philadelphia Record states that the Sugar Trust has contracted with John T. Bailey for 5,000,000 bags to take the place of barrels for the shipment of refined sugars. The bags will be delivered in New York, New Orleans and Boston, as well as in Philadelphia. This is by far the greatest bag contract ever made in the United States. Philadelphia is the centre of this important industry. The trust's reason for change from barrel to bag is that the bag costs and weighs considerably less than its old-time competitor. The weight of the bag is only 1 1/2 pounds, that of the barrel 23 pounds. Thus the difference in freight alone for carrying refined sugar to its destination would pay several times over for the bag. In this view of the innovation the bag really costs the trust nothing, but comes to its hand with a profit ready made. The barrel's successor is a plain burlap bag with a light muslin bag inside. This is the worst blow the local coöperage industry has ever experienced, and almost wipes out that business in Philadelphia. Flour now goes to Europe in bags, and is retailed in the same way. Sugars brought here from the West Indies and Hamburg come exclusively in bags, which, after being cleaned, are used up for paper stock. The Spreckels were the first to introduce the bag business in the East. The trust saw the advantage at once and took immediate steps to have its output shipped in the cheaper way as soon as it gained control of the refineries."

A Novel Wager.

BUFFALO, Nov. 28.—Seifert's show windows at the corners of the corner of Washington and east Mohawk streets has been a centre of attraction all day. The show space is triangular, and is railed off from the interior of the store. Within the railing sits Chas. Keifer, a once-enthusiastic Republican, who keeps a flour and feed store and stable at No. 574 Washington street. Mr. Keifer bet Louis Boier that Harrison would carry this state by 30,000, the loser to stand in Seifert's show windows from sunrise to sunset. Mr. Keifer is paying the penalty, and sits in the window in a full-dress suit, decorated with roses, a silk hat on his head, and an American flag enveloping the chair. Bunting is all around, and a small table for refreshments stands by. It is part of the agreement that he shall be supplied with all he can drink. He must lift off his hat to the ladies and give a salute to the men. This is undoubtedly the most ludicrous of all the bets paid in Buffalo this fall.

William Gehl, of Port Arthur, fell into a vat of boiling beer. He lived three hours.

November so far has been the stormiest month on lake Superior for years. Navigation at Port Arthur will cease in about a week.

Sault Lake, which so suddenly appeared a few months ago in the Colorado desert, has entirely disappeared, and its bed is now covered with luxuriant verdure.

THE GREAT SOUTH AMERICAN NERVINE TONIC AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar. It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

- Nervousness, Nervous Prostration, Nervous Headache, Sick Headache, Female Weakness, Nervous Chills, Paralysis, Nervous Paroxysms and Nervous Choking, Hot Flashes, Palpitation of the Heart, Mental Despondency, Sleeplessness, St. Vitus' Dance, Nervousness of Females, Nervousness of Old Age, Neuralgia, Pains in the Heart, Pains in the Back, Failing Health, Broken Constitution, Debility of Old Age, Indigestion and Dyspepsia, Heartburn and Sour Stomach, Weight and Tenderness in Stomach, Loss of Appetite, Frightful Dreams, Dizziness and Ringing in the Ears, Weakness of Extremities and Fainting, Impure and Impoverished Blood, Boils and Carbuncles, Scrofula, Scrofulous Swellings and Ulcers, Consumption of the Lungs, Catarrh of the Lungs, Bronchitis and Chronic Cough, Liver Complaint, Chronic Diarrhoea, Delicate and Scrofulous Children, Summer Complaint of Infants.

All these and many other complaints cured by this wonderful Nervine Tonic.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDSVILLE, IND., Aug. 20, '86. To the Great South American Medicine Co.:

DEAR GENTLEMEN—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy, I do you would not be able to supply the demand. J. A. HARDEE, Ex-Treas. Montgomery Co.

REBECCA WILKINSON, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and indigestion, until my health was gone. I had been doctoring constantly, with no relief. I bought one bottle of South American Nervine, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy, a few bottles of it has cured me completely. I consider it the grandest medicine in the world."

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the ONE and ONLY ONE great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARNET E. HALL, of Waynetown, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nerves. No remedy compares with South American Nervine as a wonderful cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon; if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.
