

Carpets and Oil-Cloths, No. 9 Keenan's Block, Kent Street, Lindsay.

LOGS.—A small drive of sawlogs owned by Mr. Carew of Lindsay went over the slide this morning. They were the first of the season.

CAPT. SWEENEY, U.S.A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Sold by W. T. Junkin.

THE FIRST BOAT.—Navigation in our local waters has been open for some little time, and the first steamer to visit the Falls this year was Messrs. Parkin's *Marie Louise*, which came up the river as far as Smith's landing on Sunday. The *Zetta Bruce* has been sold to go to Huntsville and was on a truck at the Lindsay station last Saturday afternoon, but no other boat has changed owners as far as we have heard.

JUST LOOK HERE.—Wool Delaines 15c; all wool Whipcord, 42 inches, 30c. I have received my samples; they are the finest I ever had; call and see them. By selling from samples I can give my customers a choice of a larger assortment of styles and grades of goods than any merchant in town could possibly carry in stock. All dresses, mantles and capes ordered from samples sold at cost price, customers paying their own express charges. Millinery, the latest and cheapest in town, straw shapes 15c., 25c. and upward. A first-class dress-maker in charge.

Mrs. R. McDougall.

SHILOH'S CURE is sold on a guarantee. It cures incipient consumption. It is the best cough cure. Only one cent a dose; 25 cents, 50 cents and \$1 per bottle. Sold by W. T. Junkin.

THE SWING BRIDGE.—For some days past two or three men have been working at the approaches of the new swing bridge, which was opened last Monday to make sure that it was in perfect working order. As the telegraph wire across the river interfered with the bridge, it was run through a tube and sunk in the water and the Falls can now boast of a submarine—or, rather, subaqueous—cable on a small scale. The semaphores have been erected and connected with the swing in such a manner that they work when it is opened and shut, and a neat little house for the accommodation of the watchman has been erected at the north end of the bridge.

SPRING BARGAINS.

We have secured a large quantity of Boots and Shoes at a sacrifice. No matter how we got them—you can have them at less than wholesale prices.

JOHNSON & SISSON

The Monster Shoe Men - Lindsay.

THE SIDEWALKS.—We are glad to see that the sidewalks are being attended to, as many of them needed it badly, especially the one along the south side of Francis street west, which, on account of the creek, is very difficult to keep in order and is now getting a thorough overhauling. It is a great mistake to lay sidewalks with the planks running lengthwise, unless the foundation can be made perfectly solid; and even then, though the planks may not spring, they soon begin to rot and break at the ends where they meet the sleepers, forming unsightly and dangerous holes. To lay the planks crosswise costs a little more at first, but it is far cheaper in the end, to say nothing of the lesser likelihood of accidents and lawsuits.

THE STREET LIGHTS.—There are now five electric lights on our public streets, the number decided upon last year and at the points then indicated, viz: one near Brooks's hotel, one between the bridges, one at the Mansion House, one at Dr. Wilson's and one at the Methodist church. So far they have not given as much or as steady light as was generally expected, but will no doubt do better when they have been running for awhile and everything gets into perfect working order. Hitherto the personnel of the company who own the plant and furnish the light has been kept secret; but the question is set at rest by the following, which appeared in last Monday's *Globe* in the list of companies incorporated:—"The Fenelon Falls Electric Light Co., Findley McDougall, J. H. Brandon, John Austin, Henry Austin and G. H. Hopkins."

Daniel Ritz, proprietor and publisher of the *Hamburg, Ont., Independent*, says: "I was suffering from dyspepsia and liver trouble. I took a few bottles of Shiloh's Vitalizer and it cured me. I can heartily recommend it."

A FINE HORSE.—All admirers of a handsome horse should go to the McArthur House stable and see "Physician," a standard bred trotting stallion brought to the Falls a short time ago by Mr. Hugh McDougall, who has a letter from a resident of Prince Edward Island, where the horse was raised, congratulating him upon his purchase. Physician is a rich golden bay, with black legs, main and tail and some white on his feet, and his size, symmetry and style of going make him greatly admired both by those who are no judge of horses and by those who are. He was sired by the famous Edward Everett, is full brother to Eclipse, 224, and has numerous relatives who

have trotted a mile in less than 2.30. He took first prize at Charlottetown, P. E. I., in 1888-'89 and '90, and also took the first prize in his class the year he appeared at the New York National horse show. We are glad to hear that Physician is to remain at the Falls, for this season, at any rate, and bills containing route, full pedigree &c. will soon be issued.

Commandant Booth announces that the Salvation Army will soon attack China.

The Northwestern Cordage Company, of St. Paul, Minn., is making arrangements to start a binder twine and rope factory at Wianipez.

A clause in the Wilson bill will force owners of horses going into the States to race to pay duty, if the bill passes in its present form.

For alleged barn burning, Tom Black, John Willis and Tony Johnson, colored, were lynched at Tusculum, Ala., early on Sunday morning.

Mrs. James Webster, living in Milton, aged 57 years, gave birth last Sunday evening to twin boys. There is no parallel case in medical records.

Rev. Dr. Parkhurst of New York has definitely announced the intention of his organization to enter politics and attempt to overthrow Tammany.

In turning sod near Moweaqua, Ills., farmers have found large numbers of locusts of extraordinary size. Similar reports come from Sedalia, Mo.

The strikers on the Great Northern Railway have begun to sidetrack trains and otherwise disregard the law, and troops have been ordered out.

A race war is on in Madison Parish, La., and so far one white man and one negro have been killed, while thirteen negroes are in gaol charged with murder.

The solarometer, a new instrument, designed to do away with the present means for determining latitude and longitude, is being successfully used on the North German Lloyd steamers.

About 130,000 miners in the United States quit work on Saturday in obedience to the order of the United Mine Worker's Association. The men demand an increase of 20 per cent. in their wages.

Superintendent Arthur Dominy of the life saving service is nearly 7 feet tall. He is known as a giant in Bay Shore, N. Y., where he resides. He recently had a safety bicycle made to order with 34 inch wheels. It is the largest safety wheel ever built.

The Post Office Department has made a notification of a change in the form of post office money orders. This introduces into the order the name of the payee, and makes the order negotiable, like a bank cheque. The new form will be sent to the post offices as rapidly as the old ones which they now have are used.

BIRTHS.

JUNKIN.—In Fenelon Falls, on Thursday, April 26th, the wife of W. T. Junkin, druggist, of a daughter.

DIED.
