

Gillis, Davie Day, Richard Day, Minnie Mark, Melissa Mark, Rosey Day, Wesley Wagar, Eva Gillis, May Minthorn, Mand Perrin, Herbert Ingram.

Sr. Third.—Ackie Parrish, John Worsley, John Wagar, Wilbert Glaspell, Wilfred Parrish, Lloyd Hamilton, Davie Worsley.

Jr. Third.—Nellie Knox, Lottie Wagar, Susie Miller, Jennie Powles, Polly Glaspell, Tommy Moffatt, Lida Minthorn, Lila Rutherford, Johnny Mark, Noble Perrin, Sammy Marshall.

Sr. 2nd.—Walter Day, Bruce Miller, Archie Parrish, Fred Jeffrey, Sammy Swanton, Ada Hill, Mabel Perrin, Violet Herron, D. Levely.

Jr. 2nd.—Clara Powles, Edgar Sims, Jennie Knox, Flossie Moore, Zetta Hamilton, Ada Gillis.

Sr. Part 2nd.—Edna Worsley, Ethel Mark, Robbie Miller, Annie McGee, Violet Worsley, Mabel Herron.

Jr. Part 2nd.—Eli Hill, Annie Palmer, Cora Gillis, Alice Moffat, Ada Jeffrey.

Miss M. A. Gillis and A. E. Smith-cream, Teachers.

DENTAL.—Don't fail to call on Dr. Neelands, the dentist, on Tuesday, July 17th, at the McArthur House. He will have a complete gas apparatus for extracting teeth; also local pain obtunder.

HOWRY'S MILL.—The red mill may now be said to be at work. Two logs were cut into lumber on Wednesday, three or four yesterday, and as many as possible will be sawn to-day; but it will probably take a week or more to get all the machinery into such perfect running order that stoppages will not be of frequent occurrence.

CAPT. SWEENEY, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Sold by W. T. Junkin.

THE TWELFTH.—Yesterday was the "glorious Twelfth," and the Orangemen of the district celebrated it in Lindsay, where there was a big crowd, the weather being delightful, though there was heavy rain very early in the morning, and indications of more when the special and regular trains left here about 9:40.

A BIG 'UN.—On Tuesday last Mr. Wm. O'Brien, one of our professional fishermen, came up to the Falls with a 17-pound 'lunge' that he caught near Day's landing. We "mind the time" when a fish that size wasn't thought anything to brag of, and conferred no more fame upon the sportsman who captured it than one of but little more than half the weight does now.

SHILOH'S CURE is sold on a guarantee. It cures incipient consumption. It is the best cough cure. Only one cent a dose; 25 cents, 50 cents and \$1 per bottle. Sold by W. T. Junkin.

THE CURFEW.—A by-law establishing a curfew bell in this village was passed at the council meeting on Monday evening and is now in force. Councillor Brandon owns a bell suitable for the purpose and has offered to loan it until he has use for it himself; and, as soon as a locality for it has been decided upon, it will be put up and rung every night at nine o'clock, after which boys and girls under 17 years old must go home or they will be liable to arrest.

THE MASONIC EXCURSION.—Bills have been issued announcing the Masonic excursion to Burleigh Falls on the 26th inst. The steamer chartered for the occasion is the *Columbian*, and not the *Grandella*, as was stated, by an error, in last week's *Gazette*. As the trip is a very long, as well as an exceedingly interesting one, the prices of tickets have been fixed at 50 cents for adults and 25 cents for children, as lower rates would not pay.

Daniel Ritz, proprietor and publisher of the *Hamburg, Ont., Independent*, says: "I was suffering from dyspepsia and liver-trouble. I took a few bottles of Shiloh's Vitalizer and it cured me. I can heartily recommend it."

FINED.—On Tuesday last Henry Hopkins of the township of Somerville appeared before James Dickson, J. P., on a charge of having assaulted his uncle, Edward Hopkins, on the 10th of June last. Edward Hopkins and his brother John, who, unfortunately, are not on good terms, own farms that face each other, and on the day mentioned Edward was crossing what John claimed to be his land, though it proved to be his next neighbor's. Edward was ordered off, and, refusing to go, was struck by John's son Henry, who was fined \$5 and costs, \$5.80 more, for his zeal in his father's behalf.

ACCIDENT.—On Tuesday last Mr. Edward Wood, who is working at his trade of blacksmithing and in other capacities at Mr. J. A. Ellis's mill, was punctured in the front of his right arm a few inches below the elbow by a sliver on the end of a stick of hemlock, which stuck against some obstruction as he was pushing it into the fire-hole and forced the end out of his hand. The

wound was about an inch deep and so painful that he had to quit work and go to Dr. Graham, who gave him instructions as to the treatment of the injured limb.

THE "CHILD OF A REGIMENT."—Mr. Wm. Johnston of this village has a regiment of hens that have jointly (but unintentionally) hatched a chicken from an egg that has been left as a nest-egg for about a month. The little stranger, which picked and kicked its way into the world on Wednesday, was alive and hearty yesterday afternoon, and can boast of having more mothers than any other chicken in the village. Though the hens are numerous, the egg could not have been covered more than six or eight hours out of the twenty-four under ordinary circumstances; but we fancy that a "broody" one must have occasionally remained on the nest over night during the three weeks necessary for incubation.

SPRING BARGAINS.

We have secured a large quantity of Boots and Shoes at a sacrifice. No matter how we got them—you can have them at less than wholesale prices.

... JOHNSON & SISSON: ...
The Monster Shoe Men - - Lindsay.

ACCIDENT.—On last Thursday David Day, aged about twelve years, and son of Nathan Day of Fenelon, met with an accident which, although not at all serious, happened in such a manner that the wonder is he was not killed. He and his father were scuffling turnips, the boy being upon the horse's back, and having a rope over the back-band of the harness with a loop at each end for a stirrup for his feet. He was guiding the horse, which was only a colt, the father manipulating the implement. All went well until the father left the boy alone with the horse for a few minutes, while he himself went to the house, when from some cause the horse took sudden fright and ran away through the field, throw the boy off and dragged him some distance by one foot, which remained fast in the loop until the boot was torn off. The lad escaped with a scalp wound of about two and a half inches long, made by the blade of the scuffer. He was immediately driven to Dr. Wilson's office, where the wound was dressed.

TOOK A SWIM.—Last Tuesday afternoon two of the drove of horses that Howry & Sons turned loose, a few weeks ago, on Grand Island in Balsam Lake, apparently took it into their heads to seek "fresh fields and pastures new" and accordingly swam across, a distance of considerably over a mile, to the main land; but happening to head for a spot where they could not get ashore, they turned around and were making for the island again, when they were fortunately observed by some persons at Rosedale, amongst whom was Mr. Green, who has charge of the horses, and who goes over twice a day from the village to the island to see how they are getting along. Jumping into a canoe, he paddled with all his might to the animals, threw a rope around the neck of one of them and towed him to a spot where they could land, the other following in the wake of his mate. They were greatly exhausted, one so much so that he was bleeding at the nose, and they would soon have been drowned if they had not been seen and rescued.

The Crops.

The first of the great harvest of the season has been commenced and the farmers are busy in the hay fields. The importance of this crop is perhaps not sufficiently realized, but when it is stated that in 1893 2,766,894 acres were under hay and clover in this Province, and that the product was nearly 5,000,000 tons, with a profitable value of \$50,000,000, some idea may be gained of what a large item it forms in the farmer's calculations.

When the June reports of the Ontario Bureau of Industries were collected about the middle of the month, the prospects for timothy and clover were not good. Fortunately the weather since has been favorable, and the general testimony seems to be that the hay will be a good crop. Some of the reports state that the yield will be below last year, but it is well to keep in mind that the hay crop, both last year and the year before, was of unusual abundance, and the general tenor of the despatches is that this year will be little if anything behind its two predecessors.

With regard to the other crops a careful reading of the reports would indicate that the forecast made in the June bulletin of the bureau still in the main stands good. As the bulletin was optimistic almost throughout, and the weather up to date has remained favorable, the prospects for good crops in the Province this year are bright. Of course harvest day is yet some distance off and crops can scarcely be considered safe until the reaper is amongst them, but at the time of writing there is good ground for expecting a bountiful harvest.

The reports of the wheat crop in Manitoba and the Territories, according to special despatches from Winnipeg, are also very satisfactory. The hot June weather has advanced the grain rapidly and given the promise of an early harvest, which is a hopeful outlook in a grain country where premature frosts are apt to spoil all the anticipations of the husbandman.

At Ladd, Ill., Monday night, starving miners looted two stores.

At Peterboro' on Tuesday Thomas Tebb, head clerk in the postoffice there, was sentenced to three years in penitentiary for stealing money from letters.

The strike has increased the price of provisions at Buffalo. Butter has gone up 2 to 2½ cents a pound, and now sells at 20 cents; eggs are 15 cents a dozen, and new potatoes \$2.75 a barrel, an advance of 75 cents.

FENELON FALLS MARKETS.
