Carpets and Oil-Cloths, No. 9 Keenan's Block, Kent Street, Lindsay.

eign Missionary Society will give a lawn social to-night in Mr. W. L. Robson's grounds-as good a place as there is in the village for the purpose. Admission, as usual, 10 cents; refreshments extra.

ON THURSDAY NEXT .- Don't forget that the Masonic excursion to Burleigh Falls-the longest trip of the seasonis to be on Thursday next, the 26th, by the stramer Columbian, which will leave here at 7 a. m. For particulars see posters.

CAPT. SWEENEY, U.S A., San Diego, Cal., says: " Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cents. Sold by W. T. Junkin.

ANOTHER BIG ONE .-- Tuesday appears to be Mr. Wm. O'Brien's day for big fish. Tuesday of last week he caught one that weighed 17 pounds, and Tuesday of this week he got one only a pound lighter. They were both taken at almost the same spot opposite Day's landing, and were near enough alike to pass for twins.

NEW POTATOES .- We hear that in some fields and gardens this year the potatoes are an almost total failure, there being any amount of tops, but scarcely any tubers. If this be true, Mrs. John Wallace, on Bond street east, has unusually good luck with her "spuds," as we know from a sample of fine ones she sent us a few days ago, and for which she will please accept our thanks.

Daniel Ritz, proprietor and publisher of the Hamburg, Ont., Independent, says: "I was suffering from dyspepsia and liver trouble. I took a few bottles of Shiloh's Vitalizer and it cured me. I can heartily recommend it."

FROM ENGLAND .- By Wednesday's mail we received a letter from Devonshire, England, containing a remittance from Mr. R. E. Glanville, who is still a subscriber for the Gazette, and asking us to remember him to all his old friends in Fenelon Falls and its vicinity. He was so busy with his hay that he got his daughter Edith to write for him, but she forgot to tell us whether the crop was good or not.

GOOD FOR "MAC."-We clip the following from the Drayton, Ont., Advocate of the 12th inst. :- " Mr. J. G. Norris has sold his tailoring business and the good will connected therewith, to Mr. Malcolm McCallum, who has been his foreman during the past three or four years. 'Mac.' is considered one of the best hands in this part of the country, and now that he has got full possession, will put all the push and ability he possesses into it. The business will be carried on as heretofore in the Diebel block, over Messrs. Gregory and Johnston's implement store, where customers will r ceive every attention." Mr. McCallum is a native of Fenelon Falls, and his many friends and relatives here will be pleased to learn that he is in business on his own account and will wish him unbounded success.

The suits that R. Taggart makes are the best advertisement he can publish, and it is not necessary for him to tell you that he is cutting prices, as they have been already cut away down below anything that has ever been seen in this district. Furthermore, R. T. wishes to tell his customers and friends that any orders they may please to favor him with shall have his best and prompt attention, and that he employsnothing but the best mechanics.

A Boon .- With the thermometer running up occasionally to 100 in the shade, with horses sweating even in their stables, and with dogs' tongues projecting nearly as far from one end of them as their tails project at the other, Mr. Jackett's supply of cold spring water is a blessed boon to every resident of the area it irrigates, and not only from morn till dewy eve, but far into the stilly night, men, women and children may be seen eagerly quaffing the cooling beverage at the different places at which it can be obtained, or carrying it home, in all sorts of vessels, to be used on the premises. Mr. Jackett, is, of course, working for money, not for love, and after the taps and keys arrive only subscribers will be able to obtain the water; but as it is not only necessary to comfort this hot weather, but to some extent a safeguard against disease, it is a pity it cannot be supplied free of charge (like vaccination) to all who cannot afford to pay for it.

SPRING BARGAINS.

We have secured a large quantity of Boots and Shoes at a sacrifice. No matter how we got them-you can have them at less than wholesale prices.

THE FARMERS' PICNIC .- We are told Island was fixed by the farmers themselves; but, whether this be correct or not, it is certain that when the day, prevent any pecuniary loss, and they the natural size.

LAWN BOCIAL .- The Woman's For- | had a delightful trip, as the weather was all that could be desired, though some thought that 7 o'clock was an hour too early to get home. While at the island three foot-races, each of 75 yards, were run as follows: Society's race, open to members of the Fenelon branch agricultural society only -1st, Thomas Graham, of the Syndicate store, Fenelon Falls. Men's race, open to all-1st, Angus Fountain, Fenelon Falls. Boys' race-1st, Donald Campbell, Fenelon Falls. 'Rah for the Falls!

Dr. Senner, Commissioner of Immigration at New York port, in speaking of immigration said :- "It is surprising the way in which immigration has fallen off of late. In the first six months of 1893 there came into this port 226,624 emigrants. During the six months just past the total number was 92,785. Of this number 16,958 had been in this country before, and 35,900 went to their immediate families. This leaves in what we call actual immigration only 39,929 for the first six months of 1894."
